4 SHARED OPERATIONAL FUNCTIONS

5 Sec. 24. Section 257.11, subsection 5, Code 2023, is amended
6 to read as follows:

7 5. *Shared operational functions — increased student*
8 *opportunities — budget years beginning in 2014 through 2024*
9 *2034.*

10 a. (1) In order to provide additional funding to increase
11 student opportunities and redirect more resources to student
12 programming for school districts that share operational
13 functions, a district that shares with a political subdivision
14 one or more operational functions of a curriculum director,
15 master social worker, independent social worker, work-based
16 learning coordinator, special education director, mental health
17 professional who holds a statement of recognition issued by the
18 board of educational examiners, college and career transition
19 counselor or coordinator, school resource officer, or school
20 counselor, or one or more operational functions in the areas
21 of superintendent management, business management, human
22 resources, transportation, or operation and maintenance for at
23 least twenty percent of the school year shall be assigned a
24 supplementary weighting for each shared operational function.
25 A school district that shares an operational function in
26 the area of superintendent management shall be assigned a
27 supplementary weighting of nine pupils for the function. A
28 school district that shares an operational function in the area
29 of business management, human resources, transportation, or
30 operation and maintenance shall be assigned a supplementary
31 weighting of five pupils for the function. A school district
32 that shares the operational functions of a curriculum director;

1 who holds a statement of recognition issued by the board
 2 of educational examiners; a college and career transition
 3 counselor or coordinator; a school resource officer; or a
 4 school counselor shall be assigned a supplementary weighting of
 5 three pupils for the function. The additional weighting shall
 6 be assigned for each discrete operational function shared.
 7 However, a school district may receive the additional weighting
 8 under [this subsection](#) for sharing the services of an individual
 9 with a political subdivision or another school district even if
 10 the type of operational function performed by the individual
 11 for the school district and the type of operational function
 12 performed by the individual for the political subdivision or
 13 another school district are not the same operational function,
 14 so long as either both operational functions are eligible for
 15 weighting under [this subsection](#) or the operational function
 16 the individual performs for the school district is special
 17 education director. In either case, the school district
 18 shall be assigned the additional weighting for the type of
 19 operational function that the individual performs for the
 20 school district, and the school district shall not receive
 21 additional weighting for any other function performed by the
 22 individual. The operational function sharing arrangement does
 23 not need to be a newly implemented sharing arrangement to
 24 receive supplementary weighting under [this subsection](#).

25 (2) For the purposes of this paragraph "a":

26 (a) *"College and career transition counselor or coordinator"*
 27 means a licensed school counselor or an appropriately trained

33 (b) *"Political subdivision"* means a city, township, county,
 34 school corporation, merged area, area education agency,
 35 institution governed by the state board of regents, or any

5 trained individual responsible for facilitating authentic,
6 engaging work-based learning experiences for learners and
7 educators in partnership with employers and others to enhance
8 learning by connecting the content and skills that are
9 necessary for future careers.

10 b. (1) Notwithstanding paragraph *"a"*, subparagraph (1),
11 each operational function assigned a supplementary weighting
12 of five pupils under paragraph *"a"*, subparagraph (1), shall
13 instead be assigned a supplementary weighting of four pupils
14 for the school budget years beginning July 1, 2022, ~~July 1,~~
15 ~~2023, and July 1, 2024~~ through July 1, 2034.

16 (2) Notwithstanding paragraph *"a"*, subparagraph (1), each
17 operational function assigned a supplementary weighting of
18 three pupils under paragraph *"a"*, subparagraph (1), shall
19 instead be assigned a supplementary weighting of two pupils for
20 the school budget years beginning July 1, 2022, ~~July 1, 2023,~~
21 ~~and July 1, 2024~~ through July 1, 2034.

22 c. School districts that share operational functions with
23 other school districts are not required to be contiguous school
24 districts. If two or more districts sharing operational
25 functions are not contiguous to each other, the districts
26 separating those districts are not required to be a party to
27 the operational functions sharing arrangement.

28 d. Supplementary weighting pursuant to [this subsection](#) shall
29 be available to a school district during the period commencing
30 with the budget year beginning July 1, 2014, through the
31 budget year beginning July 1, ~~2024~~ 2034. The maximum amount
32 of additional weighting for which a school district shall be
33 eligible in a budget year is twenty-one additional pupils.
34 Criteria for determining the qualification of operational
35 functions for supplementary weighting shall be determined by

1 the department by rule, through consideration of increased
2 student opportunities.

3 e. Supplementary weighting pursuant to **this subsection** shall
4 be available to an area education agency during the period
5 commencing with the budget year beginning July 1, 2014, through
6 the budget year beginning July 1, ~~2024~~ 2034. The minimum
7 amount of additional funding for which an area education
8 agency shall be eligible in a budget year is thirty thousand
9 dollars, and the maximum amount of additional funding for which
10 an area education agency shall be eligible is two hundred
11 thousand dollars. The department of management shall annually
12 set a weighting for each area education agency to generate
13 the approved operational sharing expense using the area
14 education agency's special education cost per pupil amount and
15 foundation level. Criteria for determining the qualification
16 of operational functions for supplementary weighting shall be
17 determined by the department by rule, through consideration of
18 increased student opportunities.

19 f. **This subsection** is repealed effective July 1, ~~2025~~ 2035.

EXPLANATION

21 The inclusion of this explanation does not constitute agreement with
22 the explanation's substance by the members of the general assembly.

23 This bill relates to education, including modifying
24 provisions related to comprehensive school improvement plans,
25 teacher librarians and guidance counselors, required days or
26 hours of instruction in elementary and secondary schools,
27 agreements between school districts and community colleges to
28 teach certain courses, required courses in school districts and
29 accredited nonpublic schools, and shared operational functions,
30 and authorizing school districts to offer sequential units in
31 one classroom.

32 DIVISION I — ELIMINATION OF COMPREHENSIVE SCHOOL
33 IMPROVEMENT PLAN. Current law requires all school districts
34 and accredited nonpublic schools to file with the department
35 of education (DE) a comprehensive school improvement plan

1 that includes demonstrated school, parental, and community
2 involvement in assessing educational needs, establishing local
3 education standards and student achievement levels, and, as
4 applicable, the consolidation of federal and state planning,
5 goal-setting, and reporting requirements. The division strikes
6 this requirement. The division requires all school districts
7 and accredited nonpublic schools to file with DE a report that
8 includes the information necessary for DE to meet its federal
9 reporting requirements. The division makes conforming changes.

10 DIVISION II — TEACHER LIBRARIANS AND GUIDANCE COUNSELORS.

11 Current law requires each school district to employ a qualified
12 teacher librarian who shall be licensed by the board of
13 educational examiners (BOEE). The division authorizes a school
14 district to instead hire a person previously employed as a
15 librarian by a public library.

16 The division prohibits the BOEE from requiring an applicant
17 for a teacher librarian license to have a master's degree.

18 The division requires the state board of education to
19 establish standards for school district library programs, which
20 shall be designed to provide for methods to improve library

26 into a contract with an individual for employment as a media
27 specialist or librarian who holds at least a master's degree
28 in library and information studies shall be considered to be
29 in compliance with state standards until the individual leaves
30 the employ of the school district. The division strikes this
31 provision.

32 The division requires that the kindergarten through grade
33 12 guidance and counseling program be designed to ensure that
34 the guidance counselor can work collaboratively with students,
35 teachers, support staff, and administrators to support the

1 curricular goals of the school by offering responsive services
2 that address the growth and development needs of students and
3 the attainment of student competencies in academic, career, and
4 social areas.

5 DIVISION III — REQUIRED ATTENDANCE — SCHOOL DISTRICTS,
6 ACCREDITED NONPUBLIC SCHOOLS, CHARTER SCHOOLS, AND INNOVATION
7 ZONE SCHOOLS. Current law requires the school calendar
8 for school districts, accredited nonpublic schools, charter
9 schools, and innovation zone schools to include not less than
10 180 days or 1,080 hours of instruction during the calendar
11 year. The division provides that not more than five days or
12 30 hours of this instruction may be delivered primarily over
13 the internet.

14 DIVISION IV — EDUCATIONAL STANDARDS - AGREEMENTS WITH
15 COMMUNITY COLLEGES. Current Code section 279.50A authorizes
16 a school district to enter into an agreement with a community
17 college pursuant to which the community college may offer, or
18 provide an instructor to teach, science or mathematics courses
19 in grades 9 through 12 if certain conditions are satisfied,
20 including that the school district's total enrollment must
21 exceed 600 pupils, the school district must have made every
22 reasonable and good-faith effort to employ a teacher to teach
23 the courses, and enrollment for the unit must exceed five
24 pupils. The division strikes these three conditions. The
25 division also authorizes the community college to offer, or
26 provide an instructor to teach, any unit required in grades 9
27 through 12.

28 DIVISION V — AUTHORIZATION TO OFFER SEQUENTIAL UNITS
29 IN ONE CLASSROOM. The division provides that the board of
30 directors of a school district or the authorities in charge
31 of an accredited nonpublic school may authorize a teacher who
32 is appropriately licensed by the BOEE to teach two or more
33 sequential units of one subject area in the same classroom at
34 the same time in grades 9 through 12. The division requires
35 the board of directors of a school district or the authorities

1 in charge of an accredited nonpublic school to award high
 2 school credit to a student upon the student's successful
 3 completion of the course. The division provides that if one
 4 of the units being offered pursuant to this provision is an
 5 advanced placement course, the teacher must meet the minimum
 6 certification requirements of the national organization that
 7 administers the advanced placement program.

8 The division provides that the board of directors of a
 9 school district or the authorities in charge of an accredited
 10 nonpublic school may authorize a community college-employed
 11 instructor who is providing instruction in the school pursuant
 12 to Code section 261E.8 (district-to-community college sharing
 13 or concurrent enrollment program) to teach two or more
 14 sequential units of one subject area in the same classroom
 15 at the same time in grades 9 through 12. The division
 16 requires the board of directors of a school district or the
 17 authorities in charge of an accredited nonpublic school to
 18 award high school credit to a student upon the student's
 19 successful completion of the course if the board of directors
 20 of the school district or the authorities in charge of the
 21 accredited nonpublic school approved the course pursuant to
 22 Code section 261E.8. The division provides that the community
 23 college-employed instructor must meet the minimum certification
 24 requirements of the national organization that administers the
 25 advanced placement program if one of the units being offered
 26 pursuant to this provision is an advanced placement course.

 28 that the core curriculum established by the state board
 29 of education shall include, among other things, technology
 30 literacy. The division strikes this requirement.

31 Current law requires that the prekindergarten program shall
 32 relate the role of the family to the child's developing sense
 33 of self and perception of others. The division strikes this
 34 requirement. The division provides that the prekindergarten
 35 program shall encourage cooperative efforts between home and

1 school and shall focus on community resources.

2 The division strikes the requirement that the health
3 curriculum provided in school districts and accredited
4 nonpublic schools in grades 1 through 12 include instruction
5 related to the characteristics of acquired immune deficiency
6 syndrome. The division makes conforming changes to Code
7 section 279.50 (human growth and development instruction).

8 The division provides that the career exploration and
9 development curriculum provided in school districts and
10 accredited nonpublic schools in grades seven and eight shall
11 incorporate relevant skills to facilitate career readiness, and

13 community and across this state.

14 Current law provides that the world language instruction
15 provided in school districts and accredited nonpublic schools
16 in grades 9 through 12 shall include four sequential units of
17 one world language. The division reduces this requirement to
18 two sequential units of one world language.

19 Current law provides that the fine arts instruction provided
20 in school districts and accredited nonpublic schools in grades
21 9 through 12 shall include three units of the fine arts. The

25 Current law requires that all students in grades 9 through
26 12 in school districts and accredited nonpublic schools who
27 are physically able shall participate in physical education
28 activities during each semester, unless certain exceptions
29 apply. Current law establishes that a student in grade 12 may
30 be excused from this requirement if the parent or guardian of
31 the student requests in writing that the student be excused
32 from the physical education requirement in order to enroll in
33 academic courses not otherwise available to the student or be
34 enrolled or participating in certain specified activities,
35 including an organized athletic program that requires at least

1 as much participation per week as physical education. The
2 division provides that any student in grades 9 through 12 may
3 be excused from this requirement. The division adds to the
4 list of specified activities for which a student may be excused
5 from the physical education requirement any activity that
6 is sponsored by the school in which the student is enrolled
7 which requires at least as much physical activity per week as
8 one-eighth unit of physical education. The division removes
9 from the list of specified activities for which a student may
10 be excused from the physical education requirement an organized
