18 EXPLANATION

19 The inclusion of this explanation does not constitute agreement with
20 the explanation's substance by the members of the general assembly.

21 This bill establishes a dairy innovation fund (fund) and
22 dairy innovation program (program) to be administered by the
23 department of agriculture and land stewardship (DALs).

24 The bill creates the fund in the state treasury under the
25 control of DALs, which consists of any moneys appropriated to
26 the fund by the general assembly and any other moneys available
27 to DALs for placement in the fund. Moneys in the fund are
28 appropriated to provide financial assistance (assistance) as
29 provided under the program. "Financial assistance" is defined
30 to include assistance in the form of grants, low-interest
31 loans, and forgivable loans.

32 DALs must use any moneys specifically appropriated to the
33 program only for purposes of supporting the program. The
34 appropriated moneys that remain unencumbered or unobligated
35 at the close of the fiscal year do not revert but remain

1 available for expenditure for the program until the close of
2 the succeeding fiscal year.

3 DALS must establish and administer the program for the
4 purpose of awarding assistance to eligible businesses for
5 projects that expand or refurbish an existing, or establish
6 a new, milk plant; expand or refurbish an existing, or
7 establish a new, mobile dairy processing unit; rent buildings,
8 refrigeration facilities, freezer facilities, or equipment
9 necessary to expand processing capacity, including mobile dairy
10 or refrigeration units; or incorporate methods and technologies
11 that reduce farm labor associated with milk production and
12 storage.

13 DALS must establish eligibility criteria for the program
14 by rule, and the criteria must include the requirements
15 detailed in the bill. A business seeking assistance under the
16 program must make application to DALS in the manner prescribed
17 by DALS by rule. Applications must be accepted during one
18 or more annual application periods determined by DALS by
19 rule. After reviewing and scoring all applications received
20 during an application period, and subject to funding, DALS
21 may award assistance to eligible businesses. A financial
22 assistance award cannot exceed the amount of eligible project
23 costs included in an eligible business's application. The
24 bill requires that priority be given to eligible businesses
25 whose proposed project will create new jobs; create or
26 expand opportunities for local small-scale milk producers
27 to market pasteurized milk and milk products under private
28 labels; provide greater flexibility or convenience for local
29 small-scale farmers to have milk processed; and reduce labor
30 associated with the on-farm production and storage of milk.

31 DALS is required to adopt rules to administer the fund and
32 program.
