17 for a violation of [section 321J.2](#), and if the defendant's  
18 driver's license or nonresident operating privilege has not  
19 been revoked under [section 321J.9](#) or [321J.12](#), or has not

22 license or nonresident operating privilege for a period of  
23 not less than thirty days nor more than ninety days. The  
24 department shall require the defendant to install an ignition  
25 interlock device of a type approved by the commissioner of

27 defendant seeks a temporary restricted license as provided in  
28 section 321J.20 or as a condition of reinstatement as provided  
29 in section 321J.17.

19 as determined by the department based on an approved ignition  
20 interlock device provider's compliance report submitted in  
21 accordance with this section. Nothing in this section shall  
22 limit the number of subsequent extensions a person may receive  
23 following a violation detected by an ignition interlock device.

24 2. a. An approved ignition interlock device provider shall  
25 generate and submit a compliance report to the department for  
26 each person who maintains an ignition interlock device of the  
27 provider for purposes of meeting the requirements of section

15 device with a level of alcohol concentration beyond which an  
16 ignition interlock device will not allow operation of the motor  
17 vehicle in which it is installed, pursuant to rules established  
18 by the department of public safety under section 321J.4,  
19 subsection 8.

25 sample and successfully passes a test immediately following the  
26 first failed test or in response to a bypass or circumvention  
27 attempt as described in paragraph "a", and a violation shall not  
28 be reported.

1 shall not be issued until the applicant installs an approved  
2 ignition interlock device on all motor vehicles owned or  
3 operated by the applicant. However, if the applicant has  
4 had no previous conviction or revocation under [this chapter](#),  
5 a temporary restricted license issued under [this section](#)

9 under [this section](#) shall be required for the period of time  
10 for which the temporary restricted license is issued, and for  
11 such additional period of time following reinstatement as  
12 is required under [section 321J.17, subsection 3](#). However,  
13 ~~a person whose driver's license or nonresident operating~~  
14 ~~privilege has been revoked under [section 321J.21](#) may apply to~~

5 c. For a third or subsequent offense, an aggravated  
6 misdemeanor with a minimum period of imprisonment in the county  
7 jail of forty-eight hours.

8 Sec. 10. EFFECTIVE DATE. This Act takes effect January 1,  
9 2024.

10 Sec. 11. APPLICABILITY. This Act applies to driver's  
11 license revocations under chapter 321J, as amended in this  
12 Act, for which the underlying offense occurred on or after the  
13 effective date of this Act.

14 EXPLANATION

15 The inclusion of this explanation does not constitute agreement with  
16 the explanation's substance by the members of the general assembly.

17 Under current law, a person whose driver's license is  
18 revoked for operating while intoxicated (OWI) is required to  
19 install an ignition interlock device (IID) prior to being  
20 issued a temporary restricted license (TRL) by the department  
21 of transportation (DOT). The IID must be installed on every  
22 vehicle owned or operated by the person, or every vehicle  
23 operated by the person if the person has had no previous  
24 conviction or revocation under Code chapter 321J.

25 Current law also requires a person with a second or  
26 subsequent driver's license revocation for OWI to install an  
27 IID for a minimum of one year after reinstatement of a driver's  
28 license other than a TRL. The one-year period may be offset by  
29 any time a person had an IID installed on the person's vehicle  
30 while operating with a TRL.

31 This bill expands that provision. After reinstatement of a  
32 driver's license other than a TRL, a person with no previous  
33 revocation under Code chapter 321J must maintain an IID for 180  
34 days if the violation did not involve personal injury or death.  
35 If it did, the person with no previous revocation under Code

1 chapter 321J is subject to the one-year IID requirement under  
2 current law. The bill allows an exemption for persons who do  
3 not own or have access to a motor vehicle.

4 These IID periods may be extended based on compliance-based  
5 removal (CBR) provisions. If an IID detects a violation by a  
6 person during the 90-day period immediately preceding the date  
7 on which the period of time a person is required to maintain  
8 an IID for driver's license reinstatement ends, the period of  
9 time is extended until the person completes 90 consecutive days  
10 without a violation, as determined by the DOT based on an IID  
11 provider's compliance report submitted in accordance with the  
12 bill. The IID provider must generate and submit the report to  
13 the DOT no earlier than the date on which the period of time  
14 a person is required to maintain an IID for driver's license  
15 reinstatement ends, and no later than seven business days  
16 following that date. The IID provider is required to generate  
17 and submit a subsequent report to the DOT in this manner based  
18 on any subsequent extensions, if any.

19 The bill does not limit the number of times an IID  
20 requirement for driver's license reinstatement for a person may  
21 be extended.

22 Under the bill, a violation includes failing to provide a  
23 detectable breath sample when prompted by the IID, providing  
24 a breath sample with a level of alcohol concentration beyond  
25 which an IID will not allow operation of the motor vehicle, and  
26 removing without authorization, bypassing, circumventing, or  
27 tampering with the IID, including any such attempt, detected  
28 by the device. However, it is not a violation under CBR if a  
29 person provides a detectable breath sample and successfully  
30 passes a test immediately following the first failed test or in  
31 response to a bypass or circumvention attempt.

32 The bill strikes a provision allowing a person whose  
33 driver's license has been revoked under Code section 321J.21 to  
34 apply to the DOT for a TRL without the requirement of an IID if  
35 at least 12 years have elapsed since the end of the underlying

1 revocation period for a violation of Code section 321J.2.

2 Under the bill, a person who removes an IID without  
3 authorization commits a serious misdemeanor. A serious  
4 misdemeanor is punishable by confinement for no more than one  
5 year and a fine of at least \$430 but not more than \$2,560.

6 The bill creates a new criminal offense for a person who  
7 has a TRL and who operates a motor vehicle without an IID  
8 installed. The penalties range from a serious misdemeanor  
9 (first offense) to an aggravated misdemeanor with a 48-hour  
10 minimum term of imprisonment in a county jail (third or  
11 subsequent offense). An aggravated misdemeanor is punishable  
12 by confinement for no more than two years and a fine of at least  
13 \$855 but not more than \$8,540.

14 The bill takes effect January 1, 2024, and applies to  
15 driver's license revocations for Code chapter 321J offenses  
16 occurring on or after that date.
