EXPLANATION

Under current law, any time after a petition is filed alleging a child has committed a delinquent act and prior to the entry of an order adjudicating the matter, a court may suspend the proceedings on motion of the county attorney or the child's counsel, enter a consent decree, and continue the case under terms and conditions established by the court in the consent decree. A court may select any combination of the following terms of a consent decree: prohibit the child from a motor vehicle for a specified period of time or under specific circumstances; require supervision of the child by a juvenile court officer or other agency or person designated by the court; require the child to perform a work assignment of

1 value to the state or to the public; require the child to make 2 restitution consisting of a monetary payment to a victim or a 3 work assignment directly of value to the victim; or place the 4 child in a group or family foster care setting funded by the 5 department of health and human services (HHS), if the court 6 determines that is the least restrictive option.

7 The bill allows a court to place a child in a supervised 8 apartment living arrangement as a condition of a consent decree 9 if the court makes a determination that such a placement is the 10 least restrictive option.

11 The bill makes HHS responsible for the payment of foster care 12 services if a child is placed in a supervised apartment living 13 arrangement as a condition of a consent decree, provided that 14 such supervised apartment living arrangement meets requirements 15 as established by HHS by rule.
