AUTOMATIC TRAFFIC ENFORCEMENT PROHIBITED

12

13 Sec. 16. NEW SECTION. 321.492C Use of automated or remote  
14 systems for traffic law enforcement prohibited — sharing related  
15 information prohibited.

16 1. The state or a local authority shall not place or cause  
17 to be placed on or adjacent to a highway, or maintain or employ  
18 the use of, any automated or remote system for traffic law  
19 enforcement.

20 2. The department of transportation and the department of  
21 public safety shall not share or provide information used to  
22 impose or collect a civil penalty that results from a violation  
23 captured by an automated or remote system for traffic law  
24 enforcement through any existing interstate compact that does  
25 not specifically allow or require information to be shared or  
26 provided for that explicit purpose.

27 3. For purposes of this section, "automated or remote system  
28 for traffic law enforcement" means a camera or other optical  
29 device designed to work in conjunction with an official traffic  
30 control signal or speed measuring device to identify motor  
31 vehicles operating in violation of traffic laws, the use of  
32 which results in the issuance of citations sent through the  
33 mail or by electronic means.

34 Sec. 17. REMOVAL OF AUTOMATED OR REMOTE SYSTEMS FOR TRAFFIC  
35 LAW ENFORCEMENT — VALIDITY OF PRIOR CITATIONS. Prior to July  
1, 2025, a local authority using an automated or remote system

1 for traffic law enforcement shall discontinue using the system  
2 and remove the system equipment. On and after July 1, 2025,  
3 all local ordinances authorizing the use of automated or remote  
4 systems for traffic law enforcement are void. However, any  
5 citation issued or mailed pursuant to such an ordinance prior  
6 to July 1, 2025, shall not be invalidated by the enactment of  
7 this division of this Act and shall be processed according to  
8 the provisions of law under which the citation was authorized.  
9 Sec. 18. EFFECTIVE DATE. The section of this division of  
10 this Act enacting section 321.492C takes effect July 1, 2025.

11 EXPLANATION

12 The inclusion of this explanation does not constitute agreement with  
13 the explanation's substance by the members of the general assembly.

14 USE OF ELECTRONIC DEVICES WHILE DRIVING. Under current law,  
15 Code section 321.276 prohibits the use of hand-held electronic  
16 communication devices to write, send, or view electronic  
17 messages while driving a motor vehicle. This bill expands Code  
18 section 321.276 to prohibit any use of an electronic device  
19 while driving. The bill defines the terms "electronic device",  
20 "use", and "voice-activated or hands-free mode". The bill  
21 allows the use of an electronic device if the vehicle is at a  
22 complete stop off the traveled portion of the roadway, or as  
23 far away from the center of the roadway as is practicable if  
24 the vehicle cannot be entirely removed.

25 The bill provides exceptions for the use of an electronic  
26 device in a voice-activated or hands-free mode, for members of  
27 a public safety agency performing official duties, for health  
28 care professionals in the course of emergency situations,  
29 for the purpose of receiving safety-related information,  
30 for the purpose of reporting an emergency situation, for  
31 persons operating an implement of husbandry, for certain radio  
32 operators, for members of a public transit system performing  
33 official duties while in a vehicle that is not in motion, for  
34 utility maintenance employees or contractors for the purpose of  
35 providing utility services, for transportation network company

1 drivers engaged in a prearranged ride while the vehicle is  
2 not in motion, and for persons using an electronic device for  
3 the purpose of accessing or using a fleet management system.  
4 Under current law, to be considered an implement of husbandry,  
5 a vehicle must be manufactured, designed, or reconstructed  
6 for agricultural purposes, exclusively used in the conduct  
7 of agricultural operations except for incidental uses, and  
8 operated at speeds of 35 miles per hour or less.

9 The bill makes a violation of Code section 321.276 a moving  
10 violation. Under current law, a moving violation can be  
11 considered for purposes of administrative suspension of a  
12 driver's license (Code section 321.210; 761 IAC 615.12) or to  
13 establish habitual offender status (Code section 321.555).  
14 However, a peace officer is required to issue a warning  
15 memorandum in lieu of a citation for violations that occur  
16 during the period between the effective date of the bill and  
17 January 1, 2025.

18 The bill increases the scheduled fine for a violation of Code  
19 section 321.276 from \$45 to \$100. Under Code section 321.482A,  
20 if a person is convicted for a violation and the violation  
21 causes a serious injury, a court could impose an additional  
22 fine of \$500 or suspend the person's driver's license for not  
23 more than 90 days, or both. If a person is convicted for a  
24 violation and the violation causes a death, a court could  
25 impose an additional fine of \$1,000 or suspend the person's  
26 driver's license for not more than 180 days, or both. By  
27 operation of law, a person issued a warning memorandum under  
28 the bill is not subject to the enhanced penalties under Code  
29 section 321.482A.

30 The bill makes corresponding changes to Code sections  
31 321.238 (preemption of local legislation) and 707.6A (homicide  
32 or serious injury by vehicle) to align those provisions to the  
33 provisions of Code section 321.276 as amended by the bill.  
34 The bill also makes corresponding changes to Code sections  
35 321.178, 321.180B, and 321.194, by striking provisions relating

1 to the use of electronic communication devices while driving  
2 by persons under the age of 18 who are issued certain types  
3 of driver's licenses, thereby making Code section 321.276 as  
4 amended by the bill applicable to such persons.

5     AUTOMATED TRAFFIC ENFORCEMENT PROHIBITED. On and after July  
6 1, 2025, the bill prohibits the state or a local authority from  
7 placing or causing to be placed on or adjacent to a highway, or  
8 maintaining or employing the use of, any automated or remote  
9 system for traffic law enforcement (ATE system). The bill also  
10 prohibits the department of transportation and the department  
11 of public safety from providing information used to impose or  
12 collect a civil penalty that results from a violation captured  
13 by an ATE system through an existing interstate compact  
14 agreement unless the agreement specifically allows or requires  
15 that information to be shared or provided for that specific  
16 purpose.

17     The bill defines "automated or remote system for traffic law  
18 enforcement" to mean a camera or other optical device designed  
19 to work in conjunction with an official traffic control signal  
20 or speed measuring device to identify motor vehicles operating  
21 in violation of traffic laws, the use of which results in the  
22 issuance of citations sent through the mail or by electronic  
23 means.

24     The bill requires that prior to July 1, 2025, a local  
25 authority using an ATE system must discontinue using the system  
26 and remove the system equipment. On and after July 1, 2025,  
27 all local ordinances authorizing the use of ATE systems are  
28 void. However, the bill provides that any citation issued or  
29 mailed pursuant to such an ordinance prior to July 1, 2025, is  
30 not invalidated by the bill and must be processed according to  
31 the provisions of law under which the citation was authorized.
