2 EXPLANATION

3 The inclusion of this explanation does not constitute agreement with
4 the explanation's substance by the members of the general assembly.

5 Under current law, a student driver can complete an approved
6 driver education course which consists of both classroom
7 instruction and street or highway driving instruction. Prior
8 to completion of the course, a final field test must be
9 administered by a person qualified as a classroom driver
10 education instructor and certified to provide street and
11 highway driving instruction.

12 To be qualified as a classroom driver education instructor,
13 Code section 321.178 requires a person to have satisfied
14 the educational requirements for a teaching license at the
15 elementary or secondary level and hold a valid license to teach
16 driver education in Iowa public schools. To be qualified to
17 provide street or highway driving instruction, a person must be
18 certified by the department of transportation and authorized
19 by the board of educational examiners. However, if the person
20 is a peace officer with five or more years of experience,
21 or a retired peace officer who holds a driver's license that
22 is valid for more than two years from the date of issuance,
23 the person is not required to be authorized by the board of
24 educational examiners.

25 This bill strikes the provisions relating to who may
26 administer a final field test and authorizes a person who is
27 qualified to provide street or highway driving instruction
28 under current law to administer a final field test.
