EXPLANATION

35 The inclusion of this explanation does not constitute agreement with

1 the explanation's substance by the members of the general assembly.

2 This bill relates to bonds and insurance policies for public
3 officers. The bill allows a public officer that is required to
4 obtain a bond pursuant to Code chapter 64 (official and private
5 bonds) to instead obtain an insurance policy in an amount not
6 less than the amount required of a bond for that officer.
7 The bill requires that the terms of the insurance policy
8 substantially comply with the terms required of an official
9 bond. If the reasonable expenses of a bond would be paid for by
10 a county or township, the bill requires the reasonable expenses
11 of the insurance policy obtained in lieu of a bond to also be
12 paid by that county or township. The state of Iowa shall be the
13 beneficiary of an insurance policy obtained in lieu of a bond,
14 and the bill requires the insurance policy to be approved,
15 filed, and recorded in the same manner as a bond for a public
16 officer.

17 The bill changes the circumstances under which an officer
18 can be removed from office for failure to give a bond. The bill
19 allows an officer to be suspended from office after acting in
20 an official capacity without giving a required bond until the
21 officer gives an appropriate bond. If an officer who has been
22 suspended from office for failure to give a bond does not give
23 a bond after a reasonable time, the bill allows the officer to
24 be removed from office.
