EXPLANATION

34 The inclusion of this explanation does not constitute agreement with
35 the explanation's substance by the members of the general assembly.

1 This bill relates to private land available for public use
2 for recreational purposes. For purposes of Code chapter 461C,
3 the bill defines "bicycle" to mean a device having at least one
4 saddle or seat for the use of a rider that is propelled by human
5 power or a low-speed electric bicycle, regardless of the number
6 of wheels. The bill amends the definition of "land" to include
7 the portions of a privately owned railroad right-of-way or
8 crossing incorporated into or used as part of a path or trail
9 used for recreational purposes. The bill amends the definition
10 of "recreational purpose" to include jogging, walking, and
11 bicycle riding.

12 Code chapter 461C generally provides that a holder of land
13 who makes the land available for a public recreational purpose
14 without charge does not owe a duty of care to keep the premises
15 safe for entry or use by others for a recreational purpose
16 or urban deer control, or to give any warning of a dangerous
17 condition, use, structure, or activity on such premises to
18 persons entering for such purposes.
