EXPLANATION

S.F. 285

1           The inclusion of this explanation does not constitute agreement with  
2           the explanation's substance by the members of the general assembly.

3       In 2022, the general assembly passed legislation repealing  
4 Code section 232.191, relating to early intervention and  
5 follow-up programs for juveniles by the department of health  
6 and human services, and enacted Code section 232.192, relating  
7 to early intervention and follow-up programs for juveniles  
8 by juvenile court services of the judicial branch. The  
9 legislation will take effect July 1, 2023. This bill replaces  
10 the enactment of Code section 232.192.

11       The bill instead requires the judicial branch to, subject  
12 to available moneys, develop programs and services related  
13 to juvenile justice delinquency prevention, as set forth in  
14 the bill. The programs and services shall focus on community  
15 safety and match youth risk level and individual needs.

16       The bill repeals the provision requiring juvenile court  
17 services to develop early intervention and follow-up programs  
18 that was passed by the general assembly in 2022 and would have  
19 taken effect July 1, 2023. These provisions of the bill take  
20 effect upon enactment.
