12 EXPLANATION

13 The inclusion of this explanation does not constitute agreement with
14 the explanation's substance by the members of the general assembly.

15 This bill relates to the practice of natural reduction by
16 funeral directors. The bill defines "natural reduction" as the
17 contained, accelerated conversion of human remains to soil.
18 The bill prohibits a person other than a funeral director
19 from providing natural reduction services and requires that
20 natural reduction services be provided in a natural reduction
21 establishment, defined in the bill. The bill requires the
22 board of mortuary sciences to adopt rules for the provision
23 of natural reduction services and the licensure of natural
24 reduction establishments. To qualify for a natural reduction
25 establishment license, the bill requires a person to submit an
26 application and license fee as determined by the board. By
27 operation of law, a person who violates a provision of the bill
28 may be subject to a civil penalty as determined by the board
29 and a person who makes a false statement in an application
30 for natural reduction establishment license is subject to all
31 penalties prescribed for making a false affidavit. The bill
32 takes effect July 1, 2024, except that the board of mortuary
33 science may adopt rules for the implementation of the bill
34 prior to that date.
