3 Sec. 3. NEW SECTION. 715D.3 Consumer data rights.

4 1. A consumer may invoke the consumer rights authorized
5 pursuant to this section at any time by submitting a request to
6 the controller, through the means specified by the controller
7 pursuant to section 715D.4, subsection 6, specifying the
8 consumer rights the consumer wishes to invoke. A known child's
9 parent or legal guardian may invoke such consumer rights
10 on behalf of the known child regarding processing personal
11 data belonging to the child. A controller shall comply with
12 an authenticated consumer request to exercise all of the
13 following:

14 a. To confirm whether a controller is processing the
15 consumer's personal data and to access such personal data.

16 b. To delete personal data provided by the consumer.

17 c. To obtain a copy of the consumer's personal data, except
18 as to personal data that is defined as "*personal information*"
19 pursuant to section 715C.1 that is subject to security breach
20 protection, that the consumer previously provided to the
21 controller in a portable and, to the extent technically
22 practicable, readily usable format that allows the consumer
23 to transmit the data to another controller without hindrance,
24 where the processing is carried out by automated means.

25 d. To opt out of targeted advertising or the sale of
26 personal data.

27 2. Except as otherwise provided in this chapter, a
28 controller shall comply with a request by a consumer to
29 exercise the consumer rights authorized pursuant to this
30 section as follows:

31 a. A controller shall respond to the consumer without undue
32 delay, but in all cases within forty-five days of receipt
33 of a request submitted pursuant to the methods described in
34 this section. The response period may be extended once by
35 forty-five additional days when reasonably necessary upon

1 considering the complexity and number of the consumer's
2 requests by informing the consumer of any such extension within
3 the initial forty-five-day response period, together with the
4 reason for the extension.

5 *b.* If a controller declines to take action regarding the
6 consumer's request, the controller shall inform the consumer
7 without undue delay of the justification for declining to take
8 action, except in the case of a suspected fraudulent request,
9 in which case the controller may state that the controller was
10 unable to authenticate the request. The controller shall also
11 provide instructions for appealing the decision pursuant to
12 subsection 3.

13 *c.* Information provided in response to a consumer request
14 shall be provided by a controller free of charge, up to
15 twice annually per consumer. If a request from a consumer
16 is manifestly unfounded, excessive, repetitive, technically
17 unfeasible, or the controller reasonably believes that the
18 primary purpose of the request is not to exercise a consumer
19 right, the controller may charge the consumer a reasonable fee
20 to cover the administrative costs of complying with the request
21 or decline to act on the request. The controller bears the
22 burden of demonstrating the manifestly unfounded, excessive,
23 repetitive, or technically unfeasible nature of the request.

24 *d.* If a controller is unable to authenticate a request
25 using commercially reasonable efforts, the controller shall
26 not be required to comply with a request to initiate an action
27 under this section and may request that the consumer provide
28 additional information reasonably necessary to authenticate the
29 consumer and the consumer's request.

30 3. A controller shall establish a process for a consumer
31 to appeal the controller's refusal to take action on a request
32 within a reasonable period of time after the consumer's
33 receipt of the decision pursuant to this section. The appeal
34 process shall be conspicuously available and similar to the
35 process for submitting requests to initiate action pursuant

1 to this section. Within sixty days of receipt of an appeal,
2 a controller shall inform the consumer in writing of any
3 action taken or not taken in response to the appeal, including
4 a written explanation of the reasons for the decision. If
5 the appeal is denied, the controller shall also provide the
6 consumer with an online mechanism through which the consumer
7 may contact the attorney general to submit a complaint.

8 Sec. 4. NEW SECTION. 715D.4 **Data controller duties.**

9 1. A controller shall adopt and implement reasonable
10 administrative, technical, and physical data security practices
11 to protect the confidentiality, integrity, and accessibility
12 of personal data. Such data security practices shall be
13 appropriate to the volume and nature of the personal data
14 at issue. A controller shall not process sensitive data
15 concerning a consumer or a nonexempt purpose without the
16 consumer having been presented with clear notice and an
17 opportunity to opt out of such processing, or, in the case of
18 the processing of sensitive data concerning a known child,
19 without processing such data in accordance with the federal
20 Children's Online Privacy Protection Act, 15 U.S.C. §6501 et
21 seq.

22 2. A controller shall not process personal data in
23 violation of state and federal laws that prohibit unlawful
24 discrimination against a consumer. A controller shall not
25 discriminate against a consumer for exercising any of the
26 consumer rights contained in this chapter, including denying
27 goods or services, charging different prices or rates for
28 goods or services, or providing a different level of quality
29 of goods and services to the consumer. However, nothing in
30 this chapter shall be construed to require a controller to
31 provide a product or service that requires the personal data
32 of a consumer that the controller does not collect or maintain
33 or to prohibit a controller from offering a different price,
34 rate, level, quality, or selection of goods or services to a
35 consumer, including offering goods or services for no fee,

1 if the consumer has exercised the consumer's right to opt
2 out pursuant to section 715D.3 or the offer is related to a
3 consumer's voluntary participation in a bona fide loyalty,
4 rewards, premium features, discounts, or club card program.

5 3. Any provision of a contract or agreement that purports to
6 waive or limit in any way consumer rights pursuant to section
7 715D.3 shall be deemed contrary to public policy and shall be
8 void and unenforceable.

9 4. A controller shall provide consumers with a reasonably
10 accessible, clear, and meaningful privacy notice that includes
11 the following:

12 a. The categories of personal data processed by the
13 controller.

14 b. The purpose for processing personal data.

15 c. How consumers may exercise their consumer rights pursuant
16 to section 715D.3, including how a consumer may appeal a
17 controller's decision with regard to the consumer's request.

18 d. The categories of personal data that the controller
19 shares with third parties, if any.

20 e. The categories of third parties, if any, with whom the
21 controller shares personal data.

22 5. If a controller sells a consumer's personal data to third
23 parties or engages in targeted advertising, the controller
24 shall clearly and conspicuously disclose such activity, as well
25 as the manner in which a consumer may exercise the right to opt
26 out of such activity.

27 6. A controller shall establish, and shall describe in
28 a privacy notice, secure and reliable means for consumers to
29 submit a request to exercise their consumer rights under this
30 chapter. Such means shall consider the ways in which consumers
31 normally interact with the controller, the need for secure and
32 reliable communication of such requests, and the ability of
33 the controller to authenticate the identity of the consumer
34 making the request. A controller shall not require a consumer
35 to create a new account in order to exercise consumer rights

1 pursuant to section 715D.3, but may require a consumer to use
2 an existing account.

3 Sec. 5. NEW SECTION. 715D.5 Processor duties.

4 1. A processor shall assist a controller in duties
5 required under this chapter, taking into account the nature of
6 processing and the information available to the processor by
7 appropriate technical and organizational measures, insofar as
8 is reasonably practicable, as follows:

9 a. To fulfill the controller's obligation to respond to
10 consumer rights requests pursuant to section 715D.3.

11 b. To meet the controller's obligations in relation to the
12 security of processing the personal data and in relation to the
13 notification of a security breach of the processor pursuant to
14 section 715C.2.

15 2. A contract between a controller and a processor shall
16 govern the processor's data processing procedures with respect
17 to processing performed on behalf of the controller. The
18 contract shall clearly set forth instructions for processing
19 personal data, the nature and purpose of processing, the type
20 of data subject to processing, the duration of processing, and
21 the rights and duties of both parties. The contract shall also
22 include requirements that the processor shall do all of the
23 following:

24 a. Ensure that each person processing personal data is
25 subject to a duty of confidentiality with respect to the data.

26 b. At the controller's direction, delete or return all
27 personal data to the controller as requested at the end of the
28 provision of services, unless retention of the personal data
29 is required by law.

30 c. Upon the reasonable request of the controller, make
31 available to the controller all information in the processor's
32 possession necessary to demonstrate the processor's compliance
33 with the obligations in this chapter.

34 d. Engage any subcontractor or agent pursuant to a written
35 contract in accordance with this section that requires the

1 subcontractor to meet the duties of the processor with respect
2 to the personal data.

3 3. Nothing in this section shall be construed to relieve a
4 controller or a processor from imposed liabilities by virtue
5 of the controller or processor's role in the processing
6 relationship as defined by this chapter.

7 4. Determining whether a person is acting as a controller or
8 processor with respect to a specific processing of data is a
9 fact-based determination that depends upon the context in which
10 personal data is to be processed. A processor that continues
11 to adhere to a controller's instructions with respect to a
12 specific processing of personal data remains a processor.

13 Sec. 6. NEW SECTION. 715D.6 Processing data — exemptions.

14 1. Nothing in this chapter shall be construed to require the
15 following:

16 a. A controller or processor to re-identify de-identified
17 data or pseudonymous data.

18 b. Maintaining data in identifiable form.

19 c. Collecting, obtaining, retaining, or accessing any
20 data or technology, in order to be capable of associating an
21 authenticated consumer request with personal data.

22 2. Nothing in this chapter shall be construed to require
23 a controller or processor to comply with an authenticated
24 consumer rights request, pursuant to section 715D.3, if all of
25 the following apply:

26 a. The controller is not reasonably capable of associating
27 the request with the personal data or it would be unreasonably
28 burdensome for the controller to associate the request with the
29 personal data.

30 b. The controller does not use the personal data to
31 recognize or respond to the specific consumer who is the
32 subject of the personal data, or associate the personal data
33 with other personal data about the same specific consumer.

34 c. The controller does not sell the personal data to any
35 third party or otherwise voluntarily disclose the personal data

1 to any third party other than a processor, except as otherwise
2 permitted in this chapter.

3 3. Consumer rights contained in sections 715D.3 and 715D.4
4 shall not apply to pseudonymous data in cases where the
5 controller is able to demonstrate any information necessary
6 to identify the consumer is kept separately and is subject to
7 appropriate technical and organizational measures to ensure
8 that the personal data is not attributed to an identified or
9 identifiable natural person.

10 4. Controllers that disclose pseudonymous data or de-
11 identified data shall exercise reasonable oversight to monitor
12 compliance with any contractual commitments to which the
13 pseudonymous data or de-identified data is subject and shall
14 take appropriate steps to address any breaches of those
15 contractual commitments.

16 Sec. 7. NEW SECTION. 715D.7 Limitations.

17 1. Nothing in this chapter shall be construed to restrict a
18 controller's or processor's ability to do the following:

19 a. Comply with federal, state, or local laws, rules, or
20 regulations.

21 b. Comply with a civil, criminal, or regulatory inquiry,
22 investigation, subpoena, or summons by federal, state, local,
23 or other governmental authorities.

25 conduct or activity that the controller or processor reasonably
26 and in good faith believes may violate federal, state, or local
27 laws, rules, or regulations.

28 d. Investigate, establish, exercise, prepare for, or defend
29 legal claims.

30 e. Provide a product or service specifically requested by a
31 consumer or parent or guardian of a child, perform a contract
32 to which the consumer or parent or guardian of a child is a
33 party, including fulfilling the terms of a written warranty, or
34 take steps at the request of the consumer or parent or guardian
35 of a child prior to entering into a contract.

1 *f.* Take immediate steps to protect an interest that is
2 essential for the life or physical safety of the consumer or
3 of another natural person, and where the processing cannot be
4 manifestly based on another legal basis.

5 *g.* Prevent, detect, protect against, or respond to security
6 incidents, identity theft, fraud, harassment, malicious or
7 deceptive activities, or any illegal activity.

8 *h.* Preserve the integrity or security of systems.

9 *i.* Investigate, report, or prosecute those responsible for
10 any such action.

11 *j.* Engage in public or peer-reviewed scientific or
12 statistical research in the public interest that adheres to
13 all other applicable ethics and privacy laws and is approved,
14 monitored, and governed by an institutional review board, or
15 similar independent oversight entities that determine the
16 following:

17 (1) If the deletion of the information is likely to provide
18 substantial benefits that do not exclusively accrue to the
19 controller.

20 (2) The expected benefits of the research outweigh the
21 privacy risks.

22 (3) If the controller has implemented reasonable safeguards
23 to mitigate privacy risks associated with research, including
24 any risks associated with re-identification.

25 *k.* Assist another controller, processor, or third party with
26 any of the obligations under this subsection.

27 2. The obligations imposed on a controller or processor
28 under this chapter shall not restrict a controller's or
29 processor's ability to collect, use, or retain data as follows:

30 *a.* To conduct internal research to develop, improve, or
31 repair products, services, or technology.

32 *b.* To effectuate a product recall.

33 *c.* To identify and repair technical errors that impair
34 existing or intended functionality.

35 *d.* To perform internal operations that are reasonably

1 aligned with the expectations of the consumer or reasonably
2 anticipated based on the consumer's existing relationship with
3 the controller or are otherwise compatible with processing
4 data in furtherance of the provision of a product or service
5 specifically requested by a consumer or parent or guardian of a
6 child or the performance of a contract to which the consumer or
7 parent or guardian of a child is a party.

8 3. The obligations imposed on controllers or processors
9 under this chapter shall not apply where compliance by the
10 controller or processor with this chapter would violate an
11 evidentiary privilege under the laws of the state. Nothing
12 in this chapter shall be construed to prevent a controller or
13 processor from providing personal data concerning a consumer to
14 a person covered by an evidentiary privilege under the laws of
15 the state as part of a privileged communication.

16 4. A controller or processor that discloses personal data
17 to a third-party controller or processor, in compliance with
18 the requirements of this chapter, is not in violation of
19 this chapter if the third-party controller or processor that
20 receives and processes such personal data is in violation of
21 this chapter, provided that, at the time of disclosing the
22 personal data, the disclosing controller or processor did not
23 have actual knowledge that the recipient intended to commit a
24 violation. A third-party controller or processor receiving
25 personal data from a controller or processor in compliance with
26 the requirements of this chapter is likewise not in violation
27 of this chapter for the offenses of the controller or processor
28 from which it receives such personal data.

29 5. Nothing in this chapter shall be construed as an
30 obligation imposed on a controller or a processor that
31 adversely affects the privacy or other rights or freedoms
32 of any persons, such as exercising the right of free speech
33 pursuant to the first amendment to the United States
34 Constitution, or applies to personal data by a person in the
35 course of a purely personal or household activity.

1 6. Personal data processed by a controller pursuant to
2 this section shall not be processed for any purpose other than
3 those expressly listed in this section unless otherwise allowed
4 by this chapter. Personal data processed by a controller
5 pursuant to this section may be processed to the extent that
6 such processing is as follows:

7 a. Reasonably necessary and proportionate to the purposes
8 listed in this section.

9 b. Adequate, relevant, and limited to what is necessary
10 in relation to the specific purposes listed in this section.
11 Personal data collected, used, or retained pursuant to
12 this section shall, where applicable, take into account
13 the nature and purpose or purposes of such collection, use,
14 or retention. Such data shall be subject to reasonable
15 administrative, technical, and physical measures to protect the
16 confidentiality, integrity, and accessibility of the personal
17 data.

18 7. If a controller processes personal data pursuant to an
19 exemption in this section, the controller bears the burden of
20 demonstrating that such processing qualifies for the exemption
21 and complies with the requirements in subsection 6.

22 8. Processing personal data for the purposes expressly
23 identified in subsection 1 shall not in and of itself make an
24 entity a controller with respect to such processing.

25 9. This chapter shall not require a controller, processor,
26 third party, or consumer to disclose trade secrets.

27 **Sec. 8. NEW SECTION. 715D.8 Enforcement — penalties.**

28 1. The attorney general shall have exclusive authority to
29 enforce the provisions of this chapter. Whenever the attorney
30 general has reasonable cause to believe that any person has
31 engaged in, is engaging in, or is about to engage in any
32 violation of this chapter, the attorney general is empowered to
33 issue a civil investigative demand. The provisions of section
34 685.6 shall apply to civil investigative demands issued under
35 this chapter.

1 2. Prior to initiating any action under this chapter,
2 the attorney general shall provide a controller or processor
3 thirty days' written notice identifying the specific provisions
4 of this chapter the attorney general alleges have been or
5 are being violated. If within the thirty-day period, the
6 controller or processor cures the noticed violation and
7 provides the attorney general an express written statement that
8 the alleged violations have been cured and that no further such
9 violations shall occur, no action shall be initiated against
10 the controller or processor.

11 3. If a controller or processor continues to violate this
12 chapter following the cure period in subsection 2 or breaches
13 an express written statement provided to the attorney general
14 under that subsection, the attorney general may initiate an
15 action in the name of the state and may seek an injunction to
16 restrain any violations of this chapter and civil penalties of
17 up to seven thousand five hundred dollars for each violation
18 under this chapter. Any moneys collected under this section
19 including civil penalties, costs, attorney fees, or amounts
20 which are specifically directed shall be paid into the consumer
21 education and litigation fund established under section
22 714.16C.

23 4. The attorney general may recover reasonable expenses
24 incurred in investigating and preparing the case, including
25 attorney fees, in any action initiated under this chapter.

26 5. Nothing in this chapter shall be construed as providing
27 the basis for, or be subject to, a private right of action for
28 violations of this chapter or under any other law.

29 Sec. 9. NEW SECTION. 715D.9 Preemption.

30 1. This chapter supersedes and preempts all rules,
31 regulations, codes, ordinances, and other laws adopted by a
32 city, county, municipality, or local agency regarding the
33 processing of personal data by controllers or processors.

34 2. Any reference to federal, state, or local law or statute
35 in this chapter shall be deemed to include any accompanying

1 rules or regulations or exemptions thereto, or in the case of a
2 federal agency, guidance issued by such agency thereto.

3 Sec. 10. EFFECTIVE DATE. This Act takes effect January 1,
4 2025.

The inclusion of this explanation does not constitute agreement with

8 This bill relates to consumer data protection.

9 The bill contains several definitions. The bill defines
10 "controller" to mean a person that, alone or jointly with
11 others, determines the purpose and means of processing personal
12 data. The bill defines "identified or identifiable natural
13 person" to mean a person who can be readily identified,
14 directly or indirectly. The bill defines "personal data" to
15 mean any information that is linked or reasonably linkable to
16 an identified or identifiable natural person, but does not
17 include de-identified data or publicly available information.
18 The bill defines "process" or "processing" to mean any
19 operation or set of operations performed, whether by manual or
20 automated means, on personal data or on sets of personal data,
21 such as the collection, use, storage, disclosure, analysis,
22 deletion, or modification of personal data. The bill defines
23 "processor" to mean a person that processes personal data
24 on behalf of a controller. The bill defines "pseudonymous
25 data" to mean personal data that cannot be attributed to
26 a specific natural person without the use of additional
27 information. The bill defines "publicly available information"
28 to mean information that is lawfully made available to the
29 general public through certain records or information that
30 a business has reasonable basis to believe is lawfully made
31 available under certain conditions. The bill defines "targeted
32 advertising" to mean displaying advertisements to a consumer
33 where the advertisement is selected based on personal data
34 obtained from that consumer's activities over time and across
35 nonaffiliated websites or online applications to predict such

1 consumer's preferences or interests, with exceptions. The bill
2 defines "third party" to mean a natural or legal person, public
3 authority, agency, or body other than the consumer, controller,
4 processor, or an affiliate of the processor or the controller.
5 The bill contains other defined terms.

6 The bill provides that persons conducting business in
7 the state or producing products or services targeted to
8 Iowans that annually control or process personal data of
9 over 99,999 consumers or control or process personal data of
10 25,000 consumers with 50 percent of gross revenue derived
11 from the sale of the personal data shall be subject to the
12 provisions of the bill. The state and political subdivisions
13 of the state, financial institutions or data subject to the
14 federal Gramm-Leach-Bliley Act of 1999, certain organizations
15 governed by rules by the department of health and human
16 services, certain federal governance laws and the federal
17 Health Insurance Portability and Accountability Act, nonprofit
18 organizations, higher learning institutions, and certain
19 protected information and personal data collected under state
20 or federal laws are exempt from provisions in the bill.

21 The bill provides consumers have personal data rights
22 that may be invoked at any time. Consumers or the parent of
23 a child may submit a request to a controller for a copy of
24 the controller's information relating to personal data. The
25 controller shall comply with such requests to confirm or deny
26 whether the controller is processing the personal data, to
27 provide the consumer with a copy of their personal data, and to
28 remove the consumer or child from personal data processing.

29 The bill requires that controllers provide responses to
30 defined personal data requests within 45 days of a consumer
31 initiating a request. Responses to personal data requests
32 shall be provided to a consumer free of charge up to twice per
33 year except where requests are overly burdensome or manifestly
34 unfounded. A business may extend the deadline for good cause,
35 including complexity, once by up to 45 days after informing the

1 consumer of the reason for the extension. The bill provides
2 that controllers are not required to comply with requests where
3 a controller is unable through commercially reasonable efforts
4 to verify the identity of the consumer submitting the request.
5 The bill requires that controllers permit consumers to access
6 an appeals process except in cases that are unable to be
7 authenticated and provide consumers with information regarding
8 the appeals process in situations where a consumer's request
9 is denied.

10 The bill provides that controllers must disclose to the
11 consumer the types of data being collected and obtain consent
12 from the consumers regarding the collection of personal
13 data and sensitive personal data processing. Controllers
14 must securely store personal data of consumers through
15 administrative, technical, and physical security practices.
16 Controllers shall not discriminate against consumers that
17 exercise consumer data rights as provided in the bill by
18 denying a consumer goods or services, charging different
19 prices, or providing lower quality goods with exceptions.
20 Contract provisions that require consumers to waive rights
21 defined by the bill will be considered void and unenforceable.

22 The bill provides that controllers give consumers reasonably
23 accessible and clear privacy notices that inform consumers of
24 the information regarding personal data transfer and purposes
25 and the methods for consumers to exercise rights. The bill
26 provides that controllers selling personal data to third
27 parties or using targeted advertising must clearly disclose
28 such activity and the right for the consumer to opt out of
29 such sales or use. The bill requires a controller to create a
30 method for private and secure processing of consumer requests.

31 The bill requires processors and the assigns or
32 subcontractors of processors to assist controllers in complying
33 with duties created by the bill.

34 The bill includes personal data processing exemptions,
35 including pseudonymous data and de-identified data as defined

1 by the bill. The bill identifies exceptions where controllers
2 or processors are not required to comply with a consumer rights
3 request pursuant to the bill. The bill requires controllers
4 disclosing pseudonymous or de-identified data to exercise
5 reasonable oversight of contractual commitments regarding such
6 data.

7 The bill provides that the bill shall not restrict
8 controller or processor abilities to improve business or
9 function. Controllers or processors sharing personal data with
10 third parties are not liable for the noncompliance of third
11 parties if the controller or processor did not have personal
12 knowledge of the violation or intent to commit a violation,
13 nor is a third party liable for violations of a controller
14 or processor. The bill provides that if a controller seeks
15 certain exemptions, the controller bears the burden of
16 demonstrating that the controller qualifies for the exemption
17 and the exemption complies with the requirements in the bill.

18 The bill shall not require a business, consumer, or other
19 party to disclose trade secrets.

20 The bill provides that the attorney general shall
21 investigate controllers and processors upon reasonable cause
22 for violations of provisions of the bill. The attorney general
23 shall provide 30 days' notice to a controller or processor
24 including the reason for which the entity is subject to an
25 investigation and permit the entity to cure the defect prior
26 to filing a civil action. A controller or processor found
27 to be in violation of provisions of the bill is subject to a
28 civil penalty of up to \$7,500 per violation. Moneys collected
29 by the attorney general under the bill shall be paid into the
30 consumer education and litigation fund established under Code
31 section 714.16C. The attorney general shall recover reasonable
32 expenses for expenses related to the investigation.

33 The bill provides that a rule, regulation, code, ordinance,
34 or other law adopted regarding processing of personal data is
35 preempted by the bill.
