18 EXPLANATION

19 The inclusion of this explanation does not constitute agreement with
 20 the explanation's substance by the members of the general assembly.

21 This bill relates to the Iowa lottery.

22 The bill removes the word "on-line" from the term "on-line
 23 lotto", strikes reporting requirements duplicative of those under
 24 Code section 99G.40, and moves duties of the administrator of
 25 the Iowa lottery regarding conducting hearings and administering
 26 oaths to assure the security or integrity of the lottery to the
 27 director of revenue (director). The bill specifies that the
 28 Iowa lottery commission is prohibited from adopting policies,
 29 procedures, or rules that relate to the department of revenue
 30 (IDR) in general, and removes from the suggested policies,
 31 procedures, and rules that lottery drawings be witnessed by an
 32 independent certified public accountant.

33 Under current law, IDR is prohibited from hiring
 34 persons convicted of a felony, bookmaking, other form of
 35 illegal gambling, or a crime involving moral turpitude for

1 lottery-related employment. The bill removes crimes involving
2 moral turpitude from the prohibition and gives the director
3 discretion to determine the relevance of other crimes on
4 employment decisions.

5 The bill updates and expands the list of persons prohibited
6 from purchasing a lottery ticket or being awarded a prize,
7 including by adding a state officer or employee providing
8 services to IDR to administer lottery provisions if such person
9 has access to confidential information which may compromise the
10 integrity of the lottery.

11 The bill adds ticket order history, ticket inventory, or
12 any other records that could affect the security, integrity, or
13 fairness of a lottery game or the security of lottery retailers
14 to the list of exceptions to an open records request governed by
15 Code chapter 22.

16 The bill changes lottery security staff requirements to
17 include investigators that support the division and updates the
18 activities performed by investigators supporting the lottery
19 division.

20 Under current law, the director of the department of
21 management is prohibited from including lottery revenues in
22 fiscal year revenue estimates. The bill specifies that this is
23 for general fund revenue estimates, and that the prohibition does
24 not apply for purposes of Code section 8.22A (revenue estimating
25 conference).

26 Under current law, the director is required to certify
27 quarterly that portion of the lottery fund that has been
28 transferred to the general fund and to transfer that portion
29 to the general fund. The administrator of the Iowa lottery
30 is required to transfer proceeds from the lottery fund to the
31 general fund within 30 days following the end of the quarter.
32 The bill eliminates the duplicative transfer requirement by
33 removing the duty from the administrator of the Iowa lottery, and
34 increases the transfer deadline to 45 days for the director.
