13 accurate application of federal and state inspection protocols
14 and defined regulatory standards.

15 EXPLANATION

16 The inclusion of this explanation does not constitute agreement with
17 the explanation's substance by the members of the general assembly.

18 This bill relates to the review by the department of
19 inspections, appeals, and licensing (DIAL) of certain deficient
20 practices by nursing facilities (facilities).

21 Under current law, if the director of DIAL determines, based
22 on the findings of an inspection or investigation of a facility,
23 that the facility is in violation of Code chapter 135C (health
24 care facilities) or rules adopted under that chapter, the
25 director may issue a written citation to the facility within
26 five days of the determination. After receiving a citation, the
27 facility may send representatives to provide context and evidence
28 for DIAL to consider when determining a final finding on the
29 matter. A citation issued for noncompliance that has caused, or
30 is likely to cause, serious injury, harm, impairment, or death to
31 a resident is a citation for immediate jeopardy.

32 Under the bill, DIAL must establish and maintain a process to
33 review each deficient practice for which a citation may be issued
34 to a facility so that representatives of the facility may provide
35 context or evidence to DIAL prior to DIAL issuing a citation.
