24 child who is receiving competent private instruction under this  
25 chapter submits a request, the child shall also be registered  
26 in a public school for dual enrollment purposes. If the child  
27 is enrolled in a public school district for dual enrollment  
28 purposes, the child shall be permitted to participate in any

30 to participate on the same basis as public school children  
31 in any extracurricular activities available to children in the  
32 child's grade or group. Dual enrollment of a child solely for  
33 purposes of accessing the annual achievement evaluation shall not

10 Sec. 8. Section 256.11, subsection 5, paragraph f, Code 2025,  
11 is amended to read as follows:

12 *f.* Two sequential units of one world language, which may  
13 include American sign language. The world language instruction  
14 shall not alter the world language to incorporate gender-neutral  
15 language if the world language being offered and taught utilizes

30 being taught utilizes a grammatical gender system in the same  
31 manner as a school district.

32 EXPLANATION

33 The inclusion of this explanation does not constitute agreement with  
34 the explanation's substance by the members of the general assembly.

35 This bill relates to education, including by modifying

1 provisions related to private instruction, world language  
2 instruction, and dual enrollment.

3 DIVISION I — PRIVATE INSTRUCTION. Current law authorizes the  
4 parent, guardian, or legal custodian of a child of compulsory  
5 attendance age to place the child under competent private  
6 instruction or independent private instruction. Current law  
7 requires a child's parent, guardian, or legal custodian who is  
8 placing the child under competent private instruction for the  
9 first time to provide the child's school district of residence  
10 with evidence that the child has had the immunizations required  
11 under Code section 139A.8 (immunization of children), and, if the  
12 child is elementary school age, a blood lead test. The bill  
13 strikes this requirement.

14 Current law requires a child's parent, guardian, or  
15 legal custodian who places the child under competent private  
16 instruction to furnish a report to the school district of  
17 residence by September 1 of the school year in which the child  
18 will be under competent private instruction that includes an  
19 outline of course of study, among other requirements. An outline  
20 of course of study must include subjects covered, lesson plans,  
21 and time spent on the areas of study. The bill requires this  
22 report to state the name and age of the child, the period of  
23 time during which the child will be under competent private  
24 instruction for the year, an outline of the course of study  
25 or texts that will be used, and the name and address of the  
26 instructor. The bill strikes the definition of "outline of  
27 course of study".

28 Current law provides that independent private instruction is  
29 private instruction that, among other criteria, enrolls not more  
30 than four unrelated students and does not charge tuition or fees  
31 for instruction. The bill strikes these provisions.

32 The bill provides that independent private instruction is  
33 required to provide students in all grade levels with instruction  
34 in mathematics, reading, and language arts, and is required to  
35 provide students in grades 6 through 12 with instruction in

1 science and social studies. The bill also provides that the  
2 students receiving independent private instruction need not be  
3 related to the primary instructor.

4 Pursuant to administrative rule adopted by the department  
5 of education, a child under dual enrollment must receive at  
6 least one-quarter of the child's instruction by way of competent  
7 private instruction and no more than three-quarters by way of  
8 a school district's academic programs. The bill renders the  
9 department's administrative rule void by providing that a child  
10 who is enrolled in a school district for dual enrollment purposes  
11 may receive any amount of instruction by way of the school  
12 district's academic programs, including offerings pursuant to  
13 Code chapter 261E (senior year plus program).

14 The bill provides that a diploma or credential issued by a  
15 person who administers a program of secondary education under  
16 competent private instruction or independent private instruction  
17 pursuant to Code chapter 299A (private instruction) shall  
18 be deemed sufficient to demonstrate that the recipient has  
19 completed the program of secondary education and has attained the  
20 equivalent of a high school diploma. This provision takes effect  
21 upon enactment and applies to any diplomas or credentials issued  
22 before, on, or after the new Code section's effective date.

23 The bill prohibits the state, a political subdivision of the  
24 state, a community college, institutions of higher education  
25 under the control of the state board of regents, or an accredited  
26 private institution from discriminating against any individual  
27 based on the source of the individual's diploma or credential  
28 and shall treat a diploma or credential awarded for completion  
29 of a program of secondary education under competent private  
30 instruction or independent private instruction the same as a  
31 high school diploma awarded by a school district or accredited  
32 nonpublic school. This provision takes effect upon enactment  
33 and applies to any diplomas or credentials issued before, on, or  
34 after the new Code section's effective date.

35 The bill provides that the parent, guardian, or legal

1 custodian of a child of compulsory attendance age shall have  
2 the authority to execute any document required by law to verify  
3 the placement of a child under competent private instruction  
4 or independent private instruction, the child's full-time or  
5 part-time status in competent private instruction or independent  
6 private instruction, the grades the child has obtained in  
7 competent private instruction or independent private instruction,  
8 or any other required educational information.

9       DIVISION II — WORLD LANGUAGE INSTRUCTION.     The bill modifies  
10 provisions related to world language instruction in grades 9  
11 through 12 in school districts, accredited nonpublic schools,  
12 charter schools, and innovation zone schools by prohibiting the  
13 incorporation of gender-neutral language when the world language  
14 being taught utilizes a grammatical gender system.
