35 This bill modifies provisions related to the national guard

1 service scholarship program.

2 The national guard service scholarship program, administered
3 by the college student aid commission, provides annual awards
4 to Iowa national guard members who attend eligible Iowa colleges
5 and universities. Current law provides that scholarship awards
6 under the program shall not exceed the resident tuition rate
7 established for institutions of higher learning under the control
8 of the state board of regents. The bill provides that the amount
9 of the scholarship awards also shall not exceed the difference
10 between the tuition rate at the institution attended by the
11 national guard member less any financial aid the national guard
12 member receives under certain specified federal programs.

13 Current law provides that, for purposes of the national guard
14 service scholarship program, neither eligibility nor scholarship
15 award determinations shall be based upon a national guard
16 member's unit, the location at which drills are attended, or
17 whether the eligible individual is a member of the Iowa army or
18 air national guard. The bill strikes this provision.
