5 campground.

6 Sec. 4. NEW SECTION. **466D.4 Delegation of authority.**

7 The department shall have the power and authority reasonably
8 necessary to effectuate this chapter.

9 EXPLANATION

10 The inclusion of this explanation does not constitute agreement with
11 the explanation's substance by the members of the general assembly.

12 This bill relates to campgrounds, including camper and cabin
13 limits at youth camps and emergency safety requirements at
14 campgrounds.

15 The bill creates definitions for terms used in the bill. The
16 bill requires the department of natural resources (department)
17 to adopt rules establishing limits, based on flood risk, on
18 the number of campers allowed at a youth camp located in a
19 floodplain at any one time and the number of cabins permitted on
20 the premises of a youth camp.

21 The bill requires all campgrounds to have an emergency alarm
22 system installed and operating that can function without an
23 internet connection and to post emergency evacuation directions
24 in all structures within the campground.

25 The bill grants the department the power and authority
26 reasonably necessary to effectuate the bill.
