5 Under current law, the 911 program manager may request  
6 reimbursement from each joint 911 service board for certain  
7 reasonable costs related to the delivery of 911 call traffic to  
8 public safety answering points. Each joint 911 service board  
9 is required to reimburse the department of homeland security and  
10 emergency management within 30 days of the request. This bill  
11 repeals the authority for the 911 program manager to request  
12 reimbursement and the requirement of each joint 911 service board  
13 to pay such reimbursement.
