#### 29 EXPLANATION

30 The inclusion of this explanation does not constitute agreement with  
 31 the explanation's substance by the members of the general assembly.

32 This bill relates to alcoholic beverage control by making  
 33 changes to distiller's, vintner's, and brewer's certificates of  
 34 compliance (certificates) and by allowing for the issuance of  
 35 class "A" wine permits to nonnative wine manufacturers.

1 The bill strikes a provision requiring persons participating  
2 in the distribution of an alcoholic liquor brand, other than  
3 manufacturers, distillers, and importers, to obtain a distiller's  
4 certificate prior to the resale of that brand in this state.  
5 The bill also strikes a provision specifying the certificate is  
6 not required to be accompanied by a list of persons employed on  
7 the premises where alcoholic liquors are manufactured, processed,  
8 bottled, or packaged or who are employed in transporting such  
9 liquors.

10 Currently, an application for a distiller's, brewer's, or  
11 vintner's certificate requires the application to be submitted to  
12 the department of revenue (department) electronically, or in a  
13 manner prescribed by the director of revenue (director). For a  
14 brewer's certificate, the bill specifies that the required list  
15 of all class "A" beer permittees with whom the applicant intends  
16 to do business and the designated distribution area must also  
17 be submitted to the department electronically or in a manner  
18 prescribed by the director. The bill also specifies the holder  
19 of a brewer's certificate of compliance may also hold a class "A"  
20 beer permit.

21 The bill strikes a provision exempting a vintner or wine  
22 bottler with a plant in Iowa and holding a class "A" wine  
23 permit from paying the \$200 fee accompanying an application  
24 for a vintner's certificate. The bill requires (1) each  
25 applicant for a vintner's certificate to file with the department  
26 electronically, or in a manner prescribed by the director, a  
27 list of all class "A" wine permittees the applicant intends  
28 to do business with in the state, and (2) each employee or  
29 agent working for or representing the certificate holder to  
30 similarly submit electronically with the department the person's  
31 name and address. The bill also strikes a provision specifying  
32 a certificate is not required to be accompanied by a list of  
33 persons employed on the premises of a bottling plant or winery  
34 or persons who are employed in transporting the wine.

35 New Code section 123.176A allows a nonnative wine manufacturer

1 (manufacturer) to apply for a class "A" wine permit and to sell  
2 or sell at wholesale wine the manufacturer has manufactured on  
3 its permitted or licensed premises that are located in another  
4 state, provided the wine is properly registered with the federal  
5 alcohol and tobacco tax and trade bureau. Class "A" wine  
6 permits are governed by Code sections 123.173, 123.175, and  
7 123.177, which generally allow a resident holder of the permit  
8 to manufacture and sell or sell at wholesale wine for consumption  
9 off premises in this state.

10 A sale by the manufacturer within this state is restricted to  
11 sales made to a person holding a class "A" wine permit or to a  
12 person holding a retail alcohol license, pursuant to current law.  
13 The bill prohibits a manufacturer from selling in this state wine  
14 fermented by any other manufacturer. The bill also specifies the  
15 manufacturer may ship wine in closed containers to purchasers in  
16 this state by obtaining a wine direct shipper permit.

17 By holding a class "A" wine permit, the manufacturer is deemed  
18 to have consented to the jurisdiction of the department and the  
19 courts for enforcement, and must allow audits of manufacturing  
20 and sales records upon request. Violations of the bill subject  
21 the manufacturer to general penalties provided in Code chapter  
22 123 and constitute grounds for imposition of a civil penalty  
23 or suspension or revocation of the permit as provided in Code  
24 section 123.39.

25 The bill establishes the annual fee for a class "A" wine  
26 permit issued to a manufacturer at \$100, which is equal to the  
27 annual class "A" wine permit fee issued to a native manufacturer.
