Any state obligation to provide services pursuant to this section is limited to the extent of the funds appropriated in this section.

The moneys shall be distributed for funding of community-based early childhood programs targeted to children from birth through five years of age developed by early childhood Iowa areas in accordance with approved community
1 plans as provided in section 256I.8.
2 5. The department may use any of the funds appropriated
3 in this section as a match to obtain federal funds for use in
4 expanding child care assistance and related programs. For
5 the purpose of expenditures of state and federal child care
6 funding, funds shall be considered obligated at the time
7 expenditures are projected or are allocated to the department’s
8 service areas. Projections shall be based on current and
9 projected caseload growth, current and projected provider
10 rates, staffing requirements for eligibility determination
11 and management of program requirements including data systems
12 management, staffing requirements for administration of the

1 including quality set asides, shall be used for state child
care assistance payments. If the appropriations made for
purposes of the state child care assistance program for the
fiscal year are determined to be insufficient, it is the intent
of the general assembly to appropriate sufficient funding for
the fiscal year in order to avoid establishment of waiting list
requirements.
8 8. Notwithstanding section 8.33, moneys advanced for

16 purpose designated:
17 For child and family services:
18 ................................................................. $ 93,571,677
19 2. The department may transfer funds appropriated in this
20 section as necessary to pay the nonfederal costs of services

24 paid under the appropriation in this section. The department

12 reallocate the excess to provide additional funding for family 
13 foster care, supervised apartment living, family-centered 
14 services, shelter care, or the child welfare emergency services 
15 addresses with the allocation for shelter care. 
16 b. Unless 2022 Iowa Acts, House File 2507, is enacted, 
17 if at any time after September 30, 2022, annualization of a 
18 service area’s current expenditures indicates a service area 
19 is at risk of exceeding its group foster care expenditure 
20 target under section 232.143 by more than 5 percent, the 
21 department and juvenile court services shall examine all 
22 group foster care placements in that service area in order to 
23 identify those which might be appropriate for termination. 
24 In addition, any aftercare services believed to be needed 
25 for the children whose placements may be terminated shall be 
26 identified. The department and juvenile court services shall 
27 initiate action to set dispositional review hearings for the 
28 placements identified. In such a dispositional review hearing,

10 preservation or reunification project or successor project to
11 stay together or to be reunified.
12 6. Of the funds appropriated in this section, a sufficient
13 amount is allocated for shelter care and the child welfare
14 emergency services contracting implemented to provide for or
15 prevent the need for shelter care.
16 7. Federal funds received by the state during the fiscal
17 year beginning July 1, 2022, as the result of the expenditure
18 of state funds appropriated during a previous state fiscal
19 year for a service or activity funded under this section are
20 appropriated to the department to be used as additional funding
21 for services and purposes provided for under this section.
