18      school contract or this chapter.

13. If a charter school has been evaluated and graded to be in the exceptional category, or the highest rated category under a succeeding evaluation system, under the evaluation and grading required under section 256E.9, subsection 5, for the immediately preceding two school years, and the charter school is in compliance with the current charter school contract and all provisions of this chapter, the charter school’s application renewal under subsection 8 shall be renewed for an additional period of time equal to the length of the original charter school contract or the most recent renewal of the contract, whichever is longer, unless the state board provides written notice to the charter school of the state board’s rejection of the expedited renewal within sixty days of the filing of the application. The state board shall not reject an expedited renewal application unless the state board finds exceptional circumstances for the rejection or seeks material changes to the charter school contract.

In the event of a charter school closure, the assets of the charter school shall be used first to satisfy outstanding payroll obligations for employees of the school, then to creditors of the school, then to the public school district in which the charter school operated, if applicable, and then to the state general fund. If the assets of the charter school are insufficient to pay all obligations of the charter school, the prioritization of the distribution of assets shall be consistent with this subsection and otherwise determined by the district court.

The reports are public records and the examination, publication, and dissemination of the reports are governed by the provisions of chapter 22.

2. The state board shall prepare and file with the general assembly by December 1, annually, a comprehensive report with findings and recommendations relating to the charter school program in the state and whether the charter school program under this chapter is meeting the goals and purposes of the program.
