15 28 fiscal year beginning July 1, 2021, and ending June 30, 2022,
15 29 the state board of regents shall not increase the tuition rates

CODE: Specifies the Board of Regents must not increase tuition rates and mandatory fees beyond the tuition rates and mandatory fee amounts established by the Board of Regents for FY 2021.

DETAIL: The Board of Regents requested an FY 2022 funding increase of \$26,385,220 and indicated that an increase in that amount would limit tuition increases to 3.00%. The Board of Regents made no change to tuition rates for the 2020-2021 academic year compared to the 2019-2020 rates. The Board considered this a pause to the Five-Year Tuition Plan. The Plan calls for tuition to increase by 3.00% each academic year at both the University of Iowa (UI) and Iowa State University (ISU), plus the projected Higher Education Price Index (or HEPI). If the State partially funds the appropriations request, the base undergraduate tuition rate would be somewhere within the defined range under the Plan. The Board receives the HEPI economic forecast from the UI Department of Economics. The current forecast is in the range of 1.40% to 2.80%, with a mean of 2.10%. For the University of Northern Iowa (UNI), the Board has indicated that the Board will take steps to make the UNI tuition more competitively priced with other Midwest comprehensive universities. Tuition will be determined by the amount appropriated. Historical information about Iowa Regents undergraduate tuition growth can be found [here](#).
