EXECUTIVE SUMMARY NOBA

SENATE FILE 142 INNOVATION AND COMMERCIALIZATION DEVELOPMENT

INNOVATION AND COMMERCIALIZATION DEVELOPMENT FUND

- Division I of the Bill creates an Innovation and Commercialization Development Fund (Fund) in the State Treasury under the control of the Department of Economic Development (DED).
- Specifies that additional moneys that become available to the DED from sources such as loan repayments
 or recaptures of awards from federal economic stimulus funds are to be transferred to the Fund, rather
 then expended.
- The Fund will consist of moneys appropriated to the DED and of any other moneys the DED is authorized to place in the Fund.
- The Fund is to retain all interest, repayments, and recaptures.
- The Fund is exempt from reversion requirements.
- The DED is authorized, with the approval of the Economic Development Board, to use the moneys in the Fund for facilitating agreements and enhancing commercialization in the targeted industries, for increasing the availability of skilled workers within those targeted industries, and other purposes specified in the Bill.

TARGETED INDUSTRIES DEFINED

• Expands targeted industries beyond the industries of advanced manufacturing, biosciences, and information technology, to include, agriculture, forestry, fishing, hunting, mining, quarrying, oil and gas extraction, utilities, construction, wholesale trade, retail trade, transportation and warehousing, information, finance and insurance, real estate rental and leasing, professional services, scientific services, technical services, business and enterprise management, administration and support services, waste management, remediation services, education services, health care, social assistance, arts and entertainment, recreation services, public accommodation, food services, and public administration.

GROW IOWA VALUES FUND APPROPRIATON

Changes the current \$3.0 million appropriation from the Grow Iowa Values Fund (GIVF) to the DED for the purpose of providing commercialization services for FY 2010 through FY 2014. The Bill instead appropriates the funds to the DED for transfer to the Fund.

TAX CREDITS

• Makes the Department of Revenue, rather than the DED, responsible for issuing certain corporate tax credits for sales and use taxes paid by third-party developers

NONREVERSION OF FUNDS

• Requires nonreversion of the FY 2009 General Fund appropriation of \$2.2 million to the Administration Division of the DED through FY 2010. This appropriation was made in HF 2699 (FY 2009 Economic Development Appropriations Act). The DED does not anticipate any funds will remain.
