**EXECUTIVE SUMMARY  
NOTES ON BILLS AND AMENDMENTS**

**SENATE FILE 579 AS AMENDED BY H-1826  
PHARMACEUTICAL DISPOSAL PROGRAM BILL**

***HOUSE APPROPRIATIONS  
COMMITTEE AMENDMENT H-1826  
BILL AS PASSED BY THE SENATE***

**PHARMACEUTICAL DISPOSAL  
PROGRAM**

**FISCAL IMPACT**

- Technical change to the title page. Adds the words “and including an effective date provision” after the word project.
- Allocates \$225,000 from the Solid Waste Alternatives Program (SWAP) Account in the Groundwater Protection Fund to a designated agency to complete a one-year pilot project. The project will demonstrate the proper way to manage and dispose of unused, excessive, old, or seized pharmaceuticals.
- Specifies the agency will be selected by the Department of Natural Resources (DNR) and will meet the following criteria:
  - Is currently a household hazardous waste regional collection center.
  - Serves a minimum of fifteen counties.
  - Is licensed as a reverse distributor by the Board of Pharmacy Examiners.
  - Is endorsed by the Governor's Office of Drug Control Policy.
- The balance of the SWAP Account as of April 4, 2007, was \$1.2 million. However, the DNR reported there are signed SWAP contracts totaling \$1.4 million and unsigned SWAP contracts totaling \$558,000. The SWAP Account receives revenue of approximately \$2.0 million per year.
