**INFRASTRUCTURE APPROPRIATIONS BILL
EXECUTIVE SUMMARY NOBA**

SENATE FILE 541

Funding Summary: Senate File 541 appropriates a net total of \$103.0 million for FY 2012. See the attached spreadsheets and balance sheets for funding totals and difference comparisons for individual budget unit items. This summary provides highlights of the funding in S.F. 541 and a comparison to H.F. 697.

Funding Comparison (numbers may not equal due to rounding):

| Senate Appropriations Committee – S.F. 541 | House Floor Action – H.F. 697 Omnibus Appropriations Bill |
|---|---|
| <p>FY 2012: Appropriates a net total of \$103.0 million for FY 2012 from the following sources:</p> <ul style="list-style-type: none"> • \$88.8 million from the Rebuild Iowa Infrastructure Fund (RIIF). • \$10.0 million from the Technology Reinvestment Fund (TRF). • \$4.1 million from the Revenue Bonds Capitals Fund (RBC). | <p>FY 2012: Appropriates a net total of \$114.2 million for FY 2012 from the following sources:</p> <ul style="list-style-type: none"> • \$89.2 million from the RIIF. • \$16.0 million from the TRF. • \$4.9 million from the RBC Fund. • \$4.0 million from the Revenue Bonds Capitals II Fund (RBC2). |
| <p>FY 2013: Appropriates a net total of \$66.8 million for FY 2013 from the RIIF.</p> | <p>FY 2013: Appropriates a net total of \$118.9 million for FY 2013 from the following sources:</p> <ul style="list-style-type: none"> • \$99.4 million from the RIIF. • \$17.5 million from the TRF. • \$2.0 million from the General Fund. |
| <p>FY 2014: Appropriates a net total of \$72.5 million for FY 2014 from the RIIF.</p> | <p>FY 2014: Appropriates a net total of \$74.3 million; \$67.5 million from the RIIF and \$6.8 million from the TRF.</p> |
| <p>FY 2015: Appropriates a net total of \$28.6 million for FY 2015 from the RIIF.</p> | <p>FY 2015: Appropriates a net total of \$30.5 million; \$28.6 million from the RIIF and \$1.9 million from the TRF.</p> |

EXECUTIVE SUMMARY NOBA**

SENATE FILE 541

FY 2012 and FY 2013 Current Law Appropriations Adjustments (these are appropriations previously enacted in Session Law or Code):

| Senate Appropriations Committee – S.F. 541 | House Floor Action – H.F. 697 Omnibus Appropriations Bill |
|--|---|
| <p>FY 2012 - Adjusts \$32.7 million of \$99.9 million in current law appropriations that were previously enacted or standing appropriations from the RIIF for FY 2012, by reducing, eliminating, or moving them to another fiscal year. This total does not reflect the \$300,000 added to the previously enacted \$5.0 million CAT Grant appropriation.</p> <p>The \$32.7 million reflects:</p> <ul style="list-style-type: none"> • Reducing the Environment First Fund (EFF) by \$9.0 million. • Eliminating the \$10.0 million SAVE Fund appropriation. • Shifting the \$6.5 million for Passenger Rail from FY 2012 to FY 2013. • Reducing the RECAT appropriation by \$7.0 million. • Eliminating the \$200,000 from the IFA for administration of IJOBS. | <p>FY 2012 - Adjusts \$36.7 million of \$99.9 million in current law appropriations that were previously enacted or standing appropriations from the RIIF for FY 2012, by reducing or eliminating them. This total does not reflect the \$100,000 added to the previously enacted \$5.0 million CAT Grant appropriation.</p> <p>The \$36.7 million reflects:</p> <ul style="list-style-type: none"> • Reducing the EFF by \$9.0 million. • Eliminating the \$10.0 million SAVE Fund appropriation. • Eliminating the \$6.5 million for Passenger Rail. • Eliminating the \$10.0 million for RECAT. • Eliminating the \$200,000 from the IFA for administration of IJOBS. • Reducing the Housing Trust Fund by \$1.0 million. |
| <p>Current law appropriations from the RIIF that are <i>not</i> affected by the proposed legislation and remain fully funded for FY 2012 are listed below. These appropriations are not in the versions of the legislation, but are reflected on the RIIF Balance Sheet that is attached. These appropriations are already enacted in Session Law or Code:</p> <ul style="list-style-type: none"> • \$11.7 million to the DOC for the Mitchellville prison. • \$5.0 million for the CAT Grant Program. • \$5.0 million to the DNR for State Park Infrastructure. • \$4.5 million to the DOC for prison construction management • \$3.0 million to the IFA for the Housing Trust Fund • \$2.0 million to the Department of Transportation (DOT) for the Railroad Revolving Loan and Grant Program (freight rail). | <p>Mostly the same, except the Housing Trust Fund is reduced to \$2.0 million for FY 2012.</p> |
| <p>FY 2013 - Adjusts \$10.2 million of \$85.0 million in current law appropriations that were previously enacted or standing appropriations from the RIIF for FY 2013, by eliminating them.</p> | <p>FY 2013 - Adjusts \$27.2 million of \$85.0 million in current law appropriations that were previously enacted or standing appropriations from the RIIF for FY 2013 by reducing or eliminating them.</p> |

**INFRASTRUCTURE APPROPRIATIONS BILL
EXECUTIVE SUMMARY NOBA**

SENATE FILE 541

Code and Session Law Changes Highlights:

| Senate Appropriations Committee – S.F. 541 | House Floor Action – H.F. 697 Omnibus Appropriations Bill |
|--|---|
| Reduces the standing appropriation to the EFF to \$33.0 million for FY 2012. The standing appropriation to the EFF is slated to resume at the statutory amount of \$42.0 million in FY 2013. | Reduces the standing appropriation to the EFF to \$33.0 million for FY 2012. Beginning in FY 2013, the statutory amount for the EFF is reduced to \$35.0 million. |
| Shifts the funding for the TRF from the General Fund to the RIIF for FY 2012 and reduces the amount from \$17.5 million to \$10.0 million. Funding resumes from the General Fund at the statutory amount of \$17.5 million in FY 2013. | Shifts the funding for the TRF from the General Fund to the RIIF for FY 2012 and reduces the amount from \$17.5 million to \$16.0 million. Funding resumes from the General Fund at the statutory amount of \$17.5 million in FY 2013. |
| Eliminates the \$10.0 million RIIF appropriation to the SAVE Fund for FY 2012 through FY 2014. The appropriation was slated to sunset in FY 2014. The SAVE Fund appropriation was eliminated for FY 2011 during the 2010 Session as well. | Same. |
| Reduces the \$10.0 million multiyear appropriation to the RECAT Program for FY 2012 to \$3.0 million. Funding is maintained at \$10.0 million for FY 2013. The appropriation is scheduled to sunset at the end of FY 2013. | Eliminates the \$10.0 million multiyear appropriation to the RECAT Program for FY 2012 and FY 2013. |
| Eliminates the remaining two years of funding for the CAT Program from the General Fund. The Program was slated to receive \$7.0 million from the General Fund for FY 2012 and FY 2013. | Same. |
| Maintains the remaining two years for the CAT Program from the RIIF. The CAT Grant Program is slated to receive \$5.0 million from the RIIF for FY 2012 and FY 2013. Adds an additional \$300,000 to the CAT program in to the current law appropriation for FY 2012. | The same, but the additional amount added to CAT for FY 2012 is \$100,000. |
| Shifts the funding for the Grow Iowa Values Fund from the \$50.0 million standing appropriation from the General Fund to the RIIF for FY 2012 and reduces the amount to \$11.1 million. Repeals the Grow Iowa Values Fund and Program effective June 30, 2012. The Grow Iowa Values Fund allocations are specified as follows: <ul style="list-style-type: none"> • DED Business Assistance programs - \$4.6 million. • Regents commercialization of research under Code Section 262B - \$2.5 million. • Community Colleges Workforce Development - \$4.0 million. | The House does not have any Grow Iowa Values Fund allocations and repeals provisions related to the Grow Iowa Values Fund and Program in Division LXII effective on enactment. The House, however, has a new appropriation of \$15.0 million for Business Development Assistance that has similar aspects to the Grow Iowa Values Fund, with the focus on providing financial assistance to businesses and economic development in the State. |

**INFRASTRUCTURE APPROPRIATIONS BILL
EXECUTIVE SUMMARY NOBA**

SENATE FILE 541

| Senate Appropriations Committee – S.F. 541 | House Floor Action – H.F. 697 Omnibus Appropriations Bill |
|--|---|
| Does not alter the Housing Trust Fund standing appropriation, so the current law appropriation remains at the statutory amount of \$3.0 million. | Reduces the standing appropriation to the Housing Trust Fund for FY 2012 to \$2.0 million. Funding resumes at the statutory amount of \$3.0 million in FY 2013. |

Additional Comparison Highlights between the House Omnibus Bill and Senate Floor Action (list is not comprehensive):

Items that are the same or similar between both versions for at least one fiscal year:

- **FY 2011 Adjustment - Wagering Tax Allocation School Infrastructure Fund Transfer Back:** Both the Senate and House provide additional revenues to the RIIF by adding the transfer back of the unneeded amount of wagering tax allocation per Code Section 8.57 for the debt service on the school infrastructure bonds. The annual allocation is \$5.0 million, but the debt service is \$3.5 million. Anything that is unneeded for debt service will transfer annually to the RIIF beginning in FY 2011. This is similar to how the wagering tax allocation for payment on the 2009 and 2010 revenue bonds is structured, anything unneeded for debt service transfers to the RIIF.
- **DOC - Prison Construction:** Both the House and Senate provide \$26.4 million from the RIIF over three fiscal years to Fort Madison and a total of \$39.6 million for Mitchellville over three fiscal years from the RIIF and the RBC.
- **DCA - Great Places Infrastructure Grants:** The House provides \$1.0 million for FY 2012 and \$2.0 million for FY 2013 for Great Places Infrastructure Grants. The Senate provides \$1.0 million for the grants in FY 2012. The House includes language that authorizes the DCA to use up to \$45,000 per year for administration of the grants.
- **DED – CAT Grant Program:** Both the House and Senate eliminate the last two years of the \$7.0 million General Fund appropriation to the CAT Grant Program. The appropriation was scheduled to sunset at the end of FY 2013. Both the House and Senate maintain the \$5.0 million from the RIIF for the CAT Grant Program for FY 2012 and FY 2013. The Senate adds an additional \$300,000 for FY 2012 to the CAT funding, while the House adds an additional \$100,000.
- **DED - ACE Vertical Infrastructure Community Colleges:** Both the House and Senate provide \$5.0 million for FY 2012 for vertical infrastructure in the ACE Program for Community Colleges. The House provides \$5.5 million for ACE Vertical Infrastructure for FY 2013 as well.
- **DED - Grow Iowa Values Fund Allocations and Business Development Assistance:** Both the Senate and the House have provisions to repeal the Grow Iowa Values Fund and Program and for the DED to develop a new business assistance program. The Senate repeals the Grow Iowa Values Program effective June 30, 2012, rather than June 30, 2015. The House repeals the Fund and Program effective on enactment of H.F. 697. For FY 2012, the Senate provides \$11.1 million of allocations that go through the Grow Iowa Values Fund. The specified amounts for the allocations are \$4.6 million to the DED for business assistance with authorization to use \$400,000 for administration, \$2.5 million to Regents, and \$4 million to Community Colleges for Workforce Training and Economic Development Fund. The House action version does not provide anything for the Grow Iowa Values Fund, but the House makes a \$15.0 million appropriation to the DED for business development assistance. This is a new appropriation and is similar to the financial assistance to businesses provided from the Grow Iowa Values Fund, as well as having a similar goal of economic development in the State. The purpose of the House appropriation includes similar language to the Grow Iowa Values Program in Code Section 15G.111, such as for “marketing and promotional activities,” “labor shed studies,” and “IT development.” The Senate does not have this appropriation, but the Senate requires the DED to propose a new Business Development Financial Assistance Program to the General Assembly and the Governor by November 30, 2011, and propose any changes in law necessary to implement the repeal of the Subchapter related to the Grow Iowa Values Program.

INFRASTRUCTURE APPROPRIATIONS BILL

EXECUTIVE SUMMARY NOBA

SENATE FILE 541

- **Education:** Both the House and Senate provide \$1.3 million for Iowa Public Television (IPTV) to purchase the building it is leasing. Both the House and Senate provide \$1.0 million for Community Colleges Infrastructure (major maintenance) for FY 2012. The House also provides \$1.0 million for community college infrastructure in FY 2013.
- **DHS:** Both the House and Senate provide \$285,000 for nursing home facility improvements for FY 2012.
- **DNR Floodplain Management:** Both the House and Senate provide \$2.0 million for floodplain management for FY 2012.
- **Department of Public Defense (DPD) Construction Projects:** Both the House and Senate provide for DPD projects for facility major maintenance, Muscatine Readiness Center, Statewide modernization improvements for readiness centers, Camp Dodge infrastructure improvements, and renovation at the Joint Forces Headquarters Building in FY 2012. The funding is primarily the same except for facility maintenance. The House provides \$2.0 million, while the Senate provides \$1.5 million. The House provides funding for FY 2013 for several DPD projects as well.
- **DPS - Radios for Narrowbanding Mandate:** The House provides \$7.5 million over three fiscal years from the Technology Reinvestment Fund. The Senate provides \$7.5 million over three fiscal years from the RIIF. The language in both versions is the same. The funds are for the provision of a Statewide public safety radio network and purchase of radio equipment for the goals of meeting compliance with the federal narrowbanding mandate and achieving interoperability as defined in Code Section 80.28 (defined as the ability of public safety and public services personnel to communicate and to share data on an immediate basis, on demand, when needed, and when authorized). The DPS is authorized to enter into a public-private partnership through a competitive bidding process. The DPS must submit a report to the Legislative Services Agency and the Department of Management by January 13, 2012, and include the estimated needs of the DPS, DOC, and DNR to meet the narrowband mandate and to achieve interoperability, estimated costs to meet those needs, and any efforts to develop a public-private partnership.
- **Regents – Capitals/Buildings:** Both the House and Senate provide \$60.4 million for the ISU Ag/Biosystems Engineering Complex, \$29.0 million for the SUI Dental Science Building, and \$21.0 million for UNI Bartlett Hall over four fiscal years. Cash flow amounts differ slightly.
- **Regents – Tuition Replacement and Iowa Flood Center:** Both the House and Senate provide \$24.3 million for tuition replacement and \$1.3 million for the Iowa Flood Center for FY 2012.
- **DOT - Multimodal Funding:** Both the House and Senate provide the same level appropriations to the DOT for multimodal funding for public transit infrastructure, commercial service airport infrastructure, and general aviation infrastructure. In addition, the House provides the same level of funding for multimodals in FY 2013.
- **Criminal Justice Information System (CJIS):** Both the Senate and House provide \$1.7 for continued development and implementation of the CJIS for FY 2012. The House also provides \$1.8 million in FY 2013 for CJIS.
- **SAVE Fund Appropriation:** Both the House and Senate eliminate the \$10.0 million appropriation to the SAVE Fund for all the remaining years of the appropriation. The appropriation was scheduled to sunset at the end of FY 2014.
- **Housing Trust Fund:** The Senate does not alter the standing appropriation, so funding for the Housing Trust Fund is maintained in FY 2012 and out years at the statutory amount of \$3.0 million. The appropriation is current law in Code Section 16.181A. The House reduces the appropriation to \$2.0 million for FY 2012, but then funding resumes at statutory amount of \$3.0 million in FY 2013.
- **Environment First Fund:** Both the House and Senate reduce the FY 2012 standing appropriation to the EFF from \$42.0 million to \$33.0 million. The Senate does not change the statutory amount for FY 2013. The House permanently reduces the statutory amount to \$35.0 million beginning in FY 2013.

Items that have varying differences between the versions:

- **DAS - Major Maintenance and Other Funding:** The House provides \$4.5 million in major maintenance for FY 2012 and \$6.0 million in FY

2013 from the RBC2, RBC, and the RIIF. The Senate provides \$3.0 million for FY 2012, and includes an allocation for the Historical Building exterior repairs (\$1.2 million). In addition, the Senate includes language that the DAS may use funds from the major maintenance appropriation for routine maintenance as necessary. The House has a separate appropriation of \$1.2 million for the Historical Building repairs in addition to the major maintenance funding and \$45,000 for security improvements at the Secretary of State Office in the Lucas Building for FY 2012. The House provides funding for Capitol Complex building improvements and fire safety improvements at the Facilities Management Center and Central Energy Plant, \$2.0 million each, for FY 2013. The Senate does not have these appropriations.

- **DED - RECAT Grant Program Deappropriations:** The House eliminates the two remaining years of the appropriation for RECAT. The Senate reduces the FY 2012 RECAT appropriation to \$3.0 million, but maintains the FY 2013 appropriation at \$10.0 million. In addition, the House deappropriates the unobligated \$4.8 million from prior RECAT appropriations that will revert effect on enactment. The Senate does not have these deappropriations.
- **DED - Other Appropriations/Pass-Throughs:** The Senate provides \$500,000 for regional sports authority districts, \$500,000 for Blank Park Zoo capitals, \$250,000 for cabin renovation at Camp Sunnyside, and \$100,000 for support of the World Food Prize/Ruan Scholar Program. The House does not have these appropriations.
- **Education/IPTV Authorization Use of Funds:** The Senate provides authorization for IPTV to use up to \$1.0 million for operations for FY 2012 and FY 2013 from prior RIIF appropriations (FY 2005 and FY 2006) that were for digital television conversion. Those appropriations received extensions on their reversions in the 2008 Legislative Session and again in the 2010 Legislative Session, so they are available through the end of FY 2013. The House does not provide this authorization.
- **Medicaid Technology:** The House provides a total of \$14.4 million for Medicaid Technology from the Technology Reinvestment Fund over four fiscal years. The Senate does not address this, but the Senate provides for the technology in the Health and Human Services Appropriations Bill.
- **DNR and Lake Delhi:** For FY 2012, the House provides \$8.6 million for the lake restoration and water quality program, while the Senate provides \$5.0 million. Both the House and Senate have an allocation of \$350,000 for Lake Delhi for the engineering and hydrological study needed for preconstruction on the dam. The Senate provides \$100,000 for a Honey Creek Asset Manager; the House does not make this appropriation. The Senate provides \$2.5 million in both FY 2013 and FY 2014 for dam repair at Lake Delhi, and specifies the funds will be on a dollar-for dollar matching basis with match moneys from other sources. The House does not make these appropriations.
- **Regents – Fire Safety Deferred Maintenance:** The House provides \$2.0 million in FY 2012 and \$4.0 million in FY 2013 for fire safety and deferred maintenance at Regents institutions. The Senate does not have these appropriations.
- **DOT - Recreational Trails:** The Senate appropriates \$2.5 million for recreational trails for FY 2012, and has two allocations from the recreational trails appropriation. One allocation is \$500,000 for the Gray's Lake Neighborhood Connecting Trail and S.W. 14th Street Safety Bicycle Boulevard in Des Moines, and the other is \$112,000 for the Mississippi River Trail in Muscatine and Scott Counties. The House provides \$2.0 million for both FY 2012 and FY 2013 for recreational trails, but without any specified allocations.
- **DOT - Passenger Rail:** The House deappropriates the remaining funds (\$4.0 million) from the FY 2010 RIIF appropriation and FY 2011 Underground Storage Tank appropriation for passenger rail and also eliminates the previously enacted FY 2012 RIIF appropriation of \$6.5 million for passenger rail. The House eliminates the intent language from the 2010 Legislative Session that said the General Assembly intends to fully fund the \$20.0 million State match for federal funding received for passenger rail. The Senate does not make the deappropriations to the prior appropriations, but shifts the FY 2012 passenger rail funding to FY 2013. The Senate does not eliminate the intent language, and maintains it in Session Law. In addition to the \$6.5 million slated for FY 2013 in the Senate, an additional \$10.0 million would be needed between FY 2014 and FY 2015 for the match funds. The Senate provides a contingent appropriation for passenger rail if the wagering tax revenues exceed the amount estimated for FY 2011 by the latest Revenue Estimating Conference. Any additional revenues will go toward an appropriation for passenger rail in FY 2012. The House does not provide this contingent

appropriation.

- **DOT - Dubuque Depot Deappropriation:** The House deappropriates the unexpended funds from the FY 2009 appropriation for the train platform in Dubuque, while the Senate does not. The City of Dubuque is using the funds for a feasibility and environmental study and preliminary engineering for the platform that will be part of a larger intermodal facility.
- **General Fund Appropriation:** The House provides a General Fund appropriation to the DOT for the Railroad Revolving Loan and Grant Fund in FY 2013. The Senate does not have this appropriation.
- **Public Contracts and Bidding Language:** The House Omnibus Bill includes language related to public contracts and bidding. In effect, the language prohibits the use of project labor agreements (PLAs) on public projects. Note: The Governor signed Executive Order 69 in January 2011 that prohibits PLAs for public projects involving State funds. Also, the language expands the State's reciprocal bidder preferences in Code Section 73A.21 to include a resident labor force preference. The resident labor force preference is a requirement that all or a portion of a labor force working on the project is a resident of a particular state or country. The provisions require that all nonresident bidders specify on all bids and specifications whether any preference is in effect in the nonresident bidder's state or country. Also, a nonresident bidder must apply the same resident labor force preference in the State as would be required in the nonresident bidder's domicile. Nonresident bidders located in a state or country that have a resident labor force preference must keep accurate records for three years of residency for all workers employed by the contractor for public improvements projects. The provisions include civil penalties for violations and for enforcement by the Labor Commissioner. The language strikes the requirement in Code Section 331.341 that a county board of supervisors give preference to Iowa labor, in accordance with Code Chapter 73, when contracting for public improvement projects, and repeals Code Sections 73.3 and 73.4 that require public bodies to give preferences to Iowa labor in public improvement or public work projects. The Senate does not have any of these provisions.
- **Change to the Definition of Vertical Infrastructure:** The House adds "debt service payments on academic revenue bonds" as part of the definition of vertical infrastructure in Code Section 8.57(6)(c). The academic revenue bonds are issued by the Board of Regents for capital projects at the Board of Regents universities that would meet the definition of vertical infrastructure. The Senate does not address this change.

For additional comparisons, see **Attachments D** and **E** showing both House and Senate numbers.

Differences in the Bill compared to H.F. 648, as amended by the Senate Amendment H-1702:

Senate File 541 is the same as the Infrastructure budget passed by the Senate on May 2, 2011, (H.F. 648, as amended by H-1702), with the following exceptions:

- **IVH Appropriation:** The appropriation for the Iowa Veterans Home generator emission control upgrades is changed from \$750,000 to \$250,000. This is due to the IVH providing an updated estimate on the costs of the project. The appropriation matches what the House provides in H.F. 697.
- **Grow Iowa Values Fund and Program:** The Bill provides \$11.1 million for the Grow Iowa Values Fund allocations. This is an increase of \$500,000, compared to H-1702. The allocations are changed and are solely as follows: \$4.6 million to the DED for business assistance with \$400,000 of this for administration, \$2.5 million to Regents, and \$4 million to Community Colleges for Workforce Training and Economic Development Fund. In addition, the Bill amends the Code Section and repeals the Grow Iowa Values Fund effective June 30, 2012, instead of June 30, 2015. Finally, the Bill requires the DED to propose a new Business Development Financial Assistance Program to the

INFRASTRUCTURE APPROPRIATIONS BILL

EXECUTIVE SUMMARY NOBA

SENATE FILE 541

General Assembly and the Governor by November 30, 2011, and provide any changes in law necessary to implement the repeal of the subchapter related to the Grow Iowa Values Program.

- **Passenger Rail Contingent Appropriation:** The Bill provides a contingent appropriation for passenger rail. The appropriation provides that if wagering tax revenues exceed what was estimated for FY 2011 at the March 2011 Revenue Estimating Conference, the additional revenue will be appropriated to the DOT for passenger rail for FY 2012.
- **DPS Radio Narrowband Appropriation:** The language of the appropriation in the Bill now matches the language in H.F. 697. Instead of requiring a public private partnership to be developed, the Senate provides the authorization for the public-private partnership, but it is optional.

Spreadsheets attached to this summary:

Notes:

*The Bill deappropriates a total of \$32.7 million from the \$99.9 million current law appropriations in FY 2012 RIF by either by reducing, eliminating, or moving them to different fiscal year. These changes to the RIF are **not** reflected on this spreadsheet, but are reflected on the RIF Balance Sheet.

*The Bill moves the standing appropriation for the Technology Reinvestment Fund from the General Fund to the RIF for FY 2012 and reduces it from \$17.5 million to \$10.0 million. This appropriation is not reflected here in order to avoid double counting the technology appropriations.

Notes:

* Wagering tax estimates account for all allocations in Code Section 8.57 that occur before the remainder deposits in RIIF as well as tax credits for land-based and riverboat casinos that began in FY 2009 and FY 2011, respectively.

* The Tobacco Settlement Payment estimate for Senate Adjusted FY 2011 includes \$572,000 that will transfer from the Endowment to the RIIF in accordance with Code Section 12E.12(1)(b)(3). The Governor's Recommendations adjustment for FY 2011 does not reflect that anticipated transfer.

* Beginning in FY 2011, Senate Adjusted includes additional revenue from the transfer back of the unneeded amount of wagering tax allocation per Code Section 8.57 for the debt service on the school infrastructure bonds. The debt service for those bonds is \$3.5 million, but the allocation is \$5.0 million.

* The Governor's Recommendations includes somewhat higher interest earnings than what the Legislative Services Agency estimated in December 2010. The Legislative Services Agency will continue to monitor the FY 2011 interest earned and adjust if necessary.

* Senate File 541 deappropriates a total of \$32.7 million from the \$99.9 million current law appropriations for FY 2012 by reducing, eliminating, or moving them to different fiscal years. The changes are reflected above and include the following: reducing Environment First Fund by \$9.0 million, reducing RECAT by \$7.0 million, eliminating SAVE Fund appropriation of \$10.0 million, eliminating IFA administration of IJOBS Board of \$200,000, and moving the \$6.5 million for passenger rail service to FY 2013.

Notes:

*House Action adjusts a total of \$36.7 million from the \$99.9 million current law appropriations in FY 2012 RIIF and \$27.2 million from the \$85.0 million current law appropriations in FY 2013 RIIF either by reducing or eliminating them. The Senate Proposed Bill adjusts \$32.7 million from FY 2012 current law appropriations and \$10.2 million from FY 2013 current law appropriations. These changes to the RIIF are not reflected on this spreadsheet, but are reflected on the RIIF Balance Sheet.

*House Action moves the standing appropriation for the Technology Reinvestment Fund (TRF) from the General Fund to the RIIF for FY 2012 and reduces it from \$17.5 million to \$16.0 million. The Senate Proposed Bill also moves the TRF from the General Fund to the RIIF for FY 2012, but reduces the amount to \$10.0 million. These appropriations from the RIIF to the TRF are not reflected here in order to avoid double counting the technology appropriations.

*House Action deappropriates \$4.0 million from the RBC2 and \$800,000 from the RBC for FY 2011 through the RECAT deappropriations. These changes are not reflected on this spreadsheet, but are reflected on the RBC and RBC2 balance sheets. Senate File 541 does not have these deappropriations.

Rebuild Iowa Infrastructure Fund (RIIF)

Senate File 541 - Senate Appropriations Committee Action - June 20, 2011

Comparison reflects Senate Appropriations Committee Action on S.F. 541 and House Floor Action on H.F. 697

Rebuild Iowa Infrastructure Fund (RIIF)

Senate File 541 - Senate Appropriations Committee Action - June 20, 2011

Comparison reflects Senate Appropriations Committee Action on S.F. 541 and House Floor Action on H.F. 697

Numbers reflect the Bill as well as current law appropriations that were previously enacted in Session Law or standing appropriations in Code

| | Senate Adjusted FY 2011 | Senate Action FY 2012 | Senate Action FY 2013 | Senate Action FY 2014 | House Adjusted FY 2011 | House Action FY 2012 | House Action FY 2013 | House Action FY 2014 |

| Ending Balance | \$ 8,827,838 | \$ 550,937 | \$ 10,233,110 | \$ 45,239,973 | \$ 11,567,838 | \$ 1,090,937 | \$ 1,663,110 | \$ 48,669,973 |

Notes:

- * The wagering tax estimates account for all allocations in Code Section 8.57 that occur before the remainder deposits in RIIF as well as tax credits for land-based and riverboat casinos that began in FY 2009 and FY 2011, respectively.
- * The Tobacco Settlement Payment estimate for Adjusted FY 2011 includes \$572,000 that will transfer from the Endowment to the RIIF per Code Section 12E.12(1)(b)(3).
- * Beginning in FY 2011, all three scenarios includes additional revenue from the transfer back of the unneeded amount of wagering tax allocation per Code Section 8.57 for the debt service on the school infrastructure bonds. The debt service for those bonds is \$3.5 million, but the allocation is \$5.0 million.
- * All scenarios adjust current law FY 2012 appropriations by eliminating, reducing, or moving them to other fiscal years. The Governor's Recommendations (not shown on this spreadsheet) adjusted current law appropriations by \$43.7 million, the House Omnibus adjusts current law appropriations by \$36.7 million, and Senate Action adjusts by \$32.7 million.
- * Differences between the balance forward for FY 2012 are due to the items related to FY 2011 that are mentioned above and some other changes. In the House Adjusted FY 2011, there are deappropriations for passenger rail and Dubuque Depot. In addition, in both House and Senate there is an FY 2011 adjustment of \$322,500 from moving the prison construction management to the RIIF from the Prison Bonding Fund.
- * The Governor's Recommendations (not shown on this spreadsheet), Senate File 541 and HF 697 eliminate the \$10.0 million appropriation to the SAVE Fund for remaining fiscal years. The appropriation was slated to sunset in FY 2014. The line item is not shown on the spreadsheet because it is not funded under any scenario. Same for the IFA administration of IJOBS Program. The appropriation is eliminated under all proposals.

NOTES:

1) FY 2012 and FY 2013 columns include appropriations that were previously enacted in prior Sessions and are not in the Bill. These appropriations are also reflected on the RIF Balance Sheet.

2) The appropriations from RIF to the Environment First Fund and Technology Reinvestment are not reflected to avoid double counting. Those appropriations are shown on the RIF Balance Sheet attached to this summary.
