

Infrastructure Appropriations Bill Senate File 2349

*As amended by S-5153 (House amendment)
(Strike everything after the enacting clause)*

Last Action:

House Floor

April 15, 2014

An Act relating to state finances by making appropriations to state departments and agencies from the rebuild Iowa infrastructure fund, the technology reinvestment fund, and the revenue bonds capitals II fund, providing for certain statute of repose periods, and providing for related matters, and including effective date and applicability provisions.

**Fiscal Services Division
Legislative Services Agency**

FUNDING SUMMARY

Appropriations funding summary for new appropriations in 2014 session law (numbers may not total due to rounding):

FY 2014: Makes a supplemental appropriation of \$150,000 from the Rebuild Iowa Infrastructure Fund (RIIF).

FY 2015: Appropriates a net total of \$75.7 million. Net increases and decreases in funding from the following sources are made in the Bill:

- An increase of \$83.7 million from the Rebuild Iowa Infrastructure Fund (RIIF).
- An increase of \$9.5 million from the Technology Reinvestment Fund (TRF).
- A decrease of \$17.5 million from the General Fund standing appropriation.

FY 2016: Appropriates \$2.3 million from the RIIF.

NOTE: The above funding levels reflect the new appropriations and changes to previously enacted and standing appropriations contained in this Bill. Previously enacted and unchanged appropriations contained in prior session law are **not** reflected in these funding levels. For a summary of current law appropriation see the attached RIIF and TRF balance sheets.

Appropriation Adjustment Highlights**Prior Fiscal Year Appropriation Adjustments:**

Appropriations from the TRF for FY 2013 and FY 2014 to the Department of Public Safety (DPS) radio communications upgrade are adjusted by reducing the appropriations a total of \$2.5 million.

FY 2015 Current Law Appropriation Adjustments:

Of the \$104.6 million in current law appropriations that were previously enacted or standing appropriations from the RIIF and TRF, an estimated \$42.5 million is adjusted by reducing and moving the funding to another funding source, or increasing them. The net change in appropriations is a decrease of \$5.2 million to the RIIF and an increase of \$0.4 million to the TRF as follows:

EXECUTIVE SUMMARY

S5153

INFRASTRUCTURE APPROPRIATIONS BILL - AS AMENDED

From the RIIF:

- Increases the \$14.0 million previously enacted appropriation to the Department of Administrative Services (DAS) for major maintenance for FY 2015 by \$23.3 million to a total of \$37.3 million.
- Eliminates the \$18.6 million previously enacted appropriation to the Board of Regents for the Dental Science Building at the University of Iowa (UI).
- Eliminates the \$8.0 million previously enacted appropriation to the Board of Regents for the Agricultural and Biosystems Engineering Complex at Iowa State University (ISU).
- Eliminates the \$1.9 million previously enacted appropriation to the Board of Regents for the Bartlett Hall renovation at the University of Northern Iowa (UNI).

From the TRF:

- Increases the previously enacted FY 2015 TRF appropriation for information technology consolidation projects and technology improvements by \$1.1 million.
- Deappropriates \$700,000 from the previously enacted FY 2015 appropriation for DPS radios.

From the General Fund: Delays the \$17.5 million standing appropriation to the TRF until FY 2016.

Note: Beyond the adjustments listed above, the FY 2015 current law appropriations, in either session law or Iowa Code, from the RIIF and the TRF that are not affected by the Bill, and remain funded as enacted for FY 2015. These appropriations are reflected on the RIIF and TRF balance sheets that are attached.

Spreadsheets attached to this NOBA

- **Attachment A - Infrastructure by Fund** - Reflects only appropriations being made or adjusted in the Bill.
- **Attachment B - RIIF House Appropriations Committee Action Balance Sheet** - Reflects all activity happening in the RIIF, including revenue adjustments, current law appropriations and changes to them, and new appropriations in the 2014 session law.
- **Attachment C - Technology Reinvestment Fund House Appropriations Committee Action Balance Sheet** - reflects all activity in the TRF, including revenue adjustments, current law appropriations and changes to them, and new appropriations in the 2014 session law.

CHANGES TO PRIOR APPROPRIATIONS

2010 RIIF Appropriations for the Iowa Economic Development Authority (IEDA), Iowa Finance Authority (IFA), and Department of Transportation (DOT) - Reversion Extensions - Extends the reversion dates on several RIIF appropriations. The reversion extensions include:

- The Community Attraction and Tourism Grant Program appropriation to IEDA through FY 2015.
- The Accelerated Career Education Program appropriation to IEDA through FY 2015.
- The Mainstreet Iowa appropriation to IEDA through FY 2015.
- The allocation of \$600,000 for a flood mitigation project funded through the IFA through FY 2015.
- The appropriation for the Rail Grants program at DOT through FY 2016.

2011 RIIF Appropriations for the Board of Regents - Eliminates the FY 2015 RIIF appropriations to the Board of Regents for three capital projects. The changes are:

- \$18.6 million for the Dental Science Building at the UI.
- \$8.0 million for the Agricultural and Biosystems Engineering Complex at ISU.
- \$1.9 million for the renovation of Bartlett Hall at the UNI.

2011 TRF Appropriations for the Department of Public Safety (DPS) - Reduces the FY 2013 and FY 2014 TRF appropriations to the DPS for the Radio Communications Network. The changes are:

- Reduces the FY 2013 appropriation from \$2.5 million to \$0.7 million.
- Reduces the FY 2014 appropriation from \$2.5 million to \$1.8 million.

2011 Economic Emergency Fund Appropriation (EFF) to the Department of Natural Resources (DNR) - Extends the FY 2012 EFF appropriation to the DNR for repair of damages to State parks in western Iowa caused by the Missouri River flooding of 2011 through FY 2015

2013 RIIF Appropriation to the DAS for Major Maintenance - Increases the previously enacted RIIF appropriation of \$14.0 million to the DAS for Major Maintenance by \$23.3 million to a total of \$37.3 million.

2013 TRF Appropriation to the DAS for Technology Consolidation - Repeals the previously enacted FY 2015 TRF appropriation of \$6.6 million to the DAS for technology consolidation projects. Appropriates \$7.7 million to the Office of the Chief Information Officer (CIO) for technology consolidation and improvement projects and to establish critical early-stage operational capabilities within the Office of the CIO.

SIGNIFICANT CODE CHANGES

Vertical Infrastructure Definition Change - Amends Iowa Code section 8.57 to include routine, recurring maintenance under the definition of vertical infrastructure.

School Infrastructure Debt Service Standing - Repeals the standing appropriation of \$5.0 million from gaming revenues for debt service on school infrastructure bonds.

General Fund Standing - Delays until July 1, 2015 the \$17.5 million standing appropriations from the General Fund appropriation to the TRF.

TRF Appropriation From RIIF - Creates a new paragraph under Iowa Code section 8.57C(3) to appropriate \$17.4 million from the RIIF to the TRF.

Statute of Repose Periods - Amends Iowa Code section 614.1 to distinguish between residential and nonresidential properties and establishes differing limitations on the period of time an action may be filed.

S5153 provides for the following changes to the Code of Iowa.

Page #	Line #	Bill Section	Action	Code Section
10	50	15	Amend	8.57.5.c
11	18	16	Amend	8.57.5.f
12	41	17	Amend	8.57C.3.a
12	48	18	Add	8.57C.3.f
13	10	19	Amend	614.1.11
13	41	20	Amend	614.13A

S5153 House Amendment to

1 1 Amend Senate File 2349, as amended, passed, and
1 2 reprinted by the Senate, as follows:

1 3 ~~#1.~~ By striking everything after the enacting clause
1 4 and inserting:

1 5 ~~#L.~~
1 6 REBUILD IOWA INFRASTRUCTURE FUND

1 7 ~~#1.~~ There is appropriated from the rebuild
1 8 Iowa infrastructure fund to the following departments
1 9 and agencies for the following fiscal years, the
1 10 following amounts, or so much thereof as is necessary,
1 11 to be used for the purposes designated:

1 12 1. DEPARTMENT OF ADMINISTRATIVE SERVICES
1 13 For projects related to routine maintenance of state
1 14 buildings and facilities:
1 15 FY 2014-2015:
1 16 \$ 2,000,000

Division I appropriates a total of \$72,220,423 from the Rebuild Iowa Infrastructure Fund (RIIF) for FY 2015 and \$2,325,000 for FY 2016.

Rebuild Iowa Infrastructure Fund appropriation for FY 2015 to the DAS for routine maintenance needs.

DETAIL: Appropriates \$2,000,000 for fiscal year 2015. Routine maintenance funding was funded by the RIIF in all years but FY 2003. With the exception of FY 2003, funding levels during the decade 2001 through 2010 have ranged from \$1,700,000 in FY 2004 to \$5,000,000 in FY 2008. During the period FY 2011 through FY 2014 funding for routine maintenance was not provided. Distribution of funds will be coordinated by the DAS and had previously taken into consideration specific legislative requirements accompanying the funding and the proportional gross square footage of the 12 participating agencies. The DAS is developing a new procedure to allocate funding on a needs priority basis as a result of the absence of funding over the last four years. Routine maintenance does not meet the current definition of vertical infrastructure contained in Iowa Code Section 8.57. (See section 13 for amending language to the definition of vertical infrastructure)

Routine maintenance is defined as: " Expenditures made for the regular upkeep of physical properties (i.e. Land, Buildings, and Equipment) including recurring, preventive and ongoing maintenance necessary to delay or prevent the failure of building systems and equipment. This includes systems and equipment that may not be critical or essential to the operation of a building as well as those systems and equipment that are critical or essential." Maintenance of tangible property and facility operational costs are not eligible for routine maintenance funding. Examples of routine maintenance include, but are not limited to: painting, reroofing, caulking and sealing, minor component repair, parking lot upkeep, cracked sidewalk repairs and the repair or replacement of exterior windows and doors.

1 17 2. DEPARTMENT OF CULTURAL AFFAIRS
 1 18 For deposit in the Iowa great places program fund
 1 19 created in section 303.3D for Iowa great places
 1 20 program projects that meet the definition of "vertical
 1 21 infrastructure" in section 8.57, subsection 5:
 1 22 FY 2014-2015:
 1 23 \$ 1,000,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Cultural Affairs (DCA) for the Great Places Infrastructure Grant Program.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. The funding continues the Iowa Great Places initiative to enhance the cultural development of Iowa communities. The Program was established during the 2005 Legislative Session. During the 2006 Legislative Session, HF 2782 (FY 2007 Infrastructure Appropriations Act) created the Iowa Great Places Program Fund and provided \$3,000,000 from the Restricted Capitals Fund (RCF) for FY 2007 and \$3,000,000 from the RIIF for FY 2008. The Program received \$2,000,000 in FY 2009 and \$1,900,000 in FY 2010 from the RIIF; \$2,000,000 in FY 2011 from the Revenue Bonds Capitals Fund (RBC); and \$1,000,000 in FY 2012 through FY 2014 from the RIIF.

The projects in the Great Places Program are capital projects that must meet the definition of vertical infrastructure. Approved grants include infrastructure projects such as park creation and development, acquisition and renovation of historical buildings, renovation and expansion of museums, and recreational trails design and construction. Recent projects approved include the Stone Building renovation in the Villages of Van Buren County, city recreational trails in Clermont, Elgin, and Elkader in the Turkey River Corridor, Lowe Park Amphitheater and Sculpture Trails Phase II in Marion, and Jens Jensen Prairie Landscape Park in the Danish Villages.

There are 28 designated Great Places across the State, including Clinton, Coon Rapids, Sioux City, Adams County, Dubuque, Fairfield, Guttenberg, Jackson County, Mason City, Appanoose County, Charles City, Council Bluffs, Davenport, Decorah, Perry, Valley Junction, Marquette-McGregor, Spencer, Warren County, West Union, Greater Cedar Valley Alliance, Iowa City-Coralville-North Liberty, Marion, Tama County, Turkey River Corridor (Clermont, Elgin and Elkader), the Villages of Van Buren County, the Danish Villages (Elk Horn and Kimballton), and Hamilton-Webster Counties.

1 24 3. ECONOMIC DEVELOPMENT AUTHORITY
 1 25 For equal distribution to regional sports authority
 1 26 districts certified by the economic development
 1 27 authority pursuant to section 15E.321, notwithstanding
 1 28 section 8.57, subsection 5, paragraph "c":
 1 29 FY 2014-2015:
 1 30 \$ 500,000

Rebuild Iowa Infrastructure Fund appropriation to the Iowa Economic Development Authority (IEDA) for Regional Sports Authority Districts. This appropriation notwithstanding the definition of vertical infrastructure.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. The Regional Sports Authority District Program authorizes the IEDA to certify up to 10 districts for the promotion of youth sports, high school athletics, the Special Olympics, or other nonprofessional sporting events. Each district receives an equal share of the appropriation. Funding is awarded to the Convention and Visitors

Bureaus (CVB) for the areas. The funds are used for marketing and other promotional efforts to attract youth sports, high school athletics, or other sporting events to the communities. In addition, the funds are used for venue rental, facility conversion, timing systems, field preparation, and other expenses related to hosting the various sporting events. Some recent examples of the events are the Iowa Special Olympic Winter Games, AAU Junior Olympics, NAIA Division II Women's Basketball National Championship, US Hockey League Fall Classic, NCAA Division II Super Regional Wrestling Tournament, the Iowa Summer Games Sports Festival, and the NCAA Division I Wrestling Championships.

1 31 4. DEPARTMENT OF HUMAN SERVICES
 1 32 For the renovation and construction of certain
 1 33 nursing facilities, consistent with the provisions of
 1 34 chapter 249K:
 1 35 FY 2014-2015:
 1 36 \$ 500,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Human Services (DHS) to provide assistance to nursing homes for facility improvements.

DETAIL: This is an increase of \$500,000 over the funding level enacted for FY 2014. The bill does include a FY 2014 supplemental appropriation of \$150,000 for the program. House File 638 (2013 Legislative Session) appropriated \$250,000 for nursing home facility improvements in FY 2014. However, the funding was item vetoed by the Governor stating that reimbursements are already provided for renovations through the Medicaid program cost reporting and reimbursement rates. The Nursing Home Financial Assistance Program in Iowa Code chapter 249K was established in HF 911 (FY 2008 Infrastructure Appropriations Act) to support the appropriate number of nursing facility beds for the State's citizens and financially assist nursing facilities to remain compliant with applicable health and safety regulations. The nursing home facility improvements effort received a \$1,000,000 appropriation in FY 2008 and \$600,000 in FY 2009 from the RIIF. During the 2010 Legislative Session, SF 2366 (FY 2010 Appropriations Adjustment Act) deappropriated \$1,400,000 from those appropriations because the Department of Human Services had received federal funds for the improvements. They received in FY 2012, \$285,000 and \$250,000 in FY 2013 from the RIIF.

Projects include replacing nursing wings, adding skilled nursing facility specialty wings, facility demolition and replacement, and other related improvements. The projects receive federal funding in addition to the State funds. Prior projects include improvements at The New Homestead (Guthrie Center), Valley Manor (Rock Valley), and Westwood Nursing and Rehabilitation Center. Davenport Good Samaritan Center, Great River Medical Center (Burlington), Methodist Manor (Storm Lake), Le Mars Good Samaritan Society, and St. Francis Manor (Grinnell) nursing home facilities received funding from the FY 2013 RIIF appropriation and applied for additional funding from the FY 2015 appropriation. FY 2015 awards were made to Community

1 37 5. DEPARTMENT OF NATURAL RESOURCES
 1 38 a. For implementation of lake projects that
 1 39 have established watershed improvement initiatives
 1 40 and community support in accordance with the
 1 41 department's annual lake restoration plan and report,
 1 42 notwithstanding section 8.57, subsection 5, paragraph
 1 43 "c":
 1 44 FY 2014-2015:
 1 45 \$ 9,600,000

Memorial Health Center (Hartley), Le Mars Good Samaritan Society, Great River Medical Center, Southern Hills (Sioux City), St. Francis Manor, and The New Homestead, among others.

Rebuild Iowa Infrastructure Fund appropriation to the Department of Natural Resources (DNR) for lake restoration, dredging, and water quality projects. This appropriation notwithstanding the definition of vertical infrastructure.

DETAIL: This is an increase of \$1,000,000 compared to estimated FY 2014. Funding levels have varied in recent fiscal years. The DNR received \$8,600,000 from the RIIF in FY 2013 and \$5,459,000 in FY 2012. In FY 2011, the DNR received \$3,000,000 from the Revenue Bonds Capitals Fund II (RBC2) and \$7,000,000 from the RBC for a total of \$10,000,000. For FY 2009 and FY 2010, the DNR received a total of \$12,800,000 comprised of \$2,800,000 from the RIIF and \$10,000,000 from the RBC. In FY 2008, the funding was \$8,600,000 from the RIIF. The funds are used for projects identified in the Lake Restoration Annual Report and Plan focusing on the first 35 projects that make up the priority list of 127 lake candidates. The DNR must implement the projects in accordance with the Lake Restoration Report and Plan and Iowa Code section 456A.33B. The Report and Plan is submitted annually to the Transportation, Infrastructure, and Capitals Appropriations Subcommittee by January 1. Iowa Code section 456A.33B provides overall goals for the projects in the Program and water quality targets including clarity, biota, sustainability, and safety. The Lake Restoration 2013 Report and 2014 Plan proposes using FY 2015 funding for Lake Geode, Iowa Great Lakes, Blue Lake, Five Island Lake, Lake Manawa, Black Hawk Lake, Storm Lake, Kent Park Lake, Central Park Lake, Easter Lake, Lake of the Hills, Hickory Grove Lake, Union Grove Lake, as well as others depending on funding levels.

1 46 b. For the administration of a water trails and
 1 47 low head dam public hazard statewide plan, including
 1 48 salaries, support, maintenance, and miscellaneous
 1 49 purposes, notwithstanding section 8.57, subsection 5,
 1 50 paragraph "c":
 2 1 FY 2014-2015:
 2 2 \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the DNR for the Water Trails and Low Head Dam Safety Program. This appropriation notwithstanding the definition of vertical infrastructure.

DETAIL: This is an increase of \$1,000,000 compared to the FY 2014 level of funding. Funding levels have varied. The Water Trails and Low Head Dam Safety Program received \$1,000,000 from the RIIF in both FY 2014 and FY 2013. The Program received \$800,000 in an FY 2010 appropriation from the RIIF and an FY 2009 appropriation of \$250,000 from federal stimulus funds. In addition, in FY 2010, the Natural Resource Commission approved using \$1,000,000 of an FY 2010 RBC appropriation (that provided \$13,500,000 for watershed rebuilding and water quality improvement projects) on the Water Trails and Low Head Dam Safety Program. In FY 2009, there was an appropriation of

\$1,000,000 from the RIIF, but the entire amount was transferred to the Jumpstart Housing Assistance Program, so the DNR did not have use of the funds. The funds support grant awards to local entities for water trail enhancements and dam mitigation grants to dam owners, including State and local government entities and private owners, to improve low head dam safety.

2 3 c. For the establishment of a new state park in a
2 4 county with a population between 11,500 and 11,600 in
2 5 the latest preceding certified federal census:
2 6 FY 2014-2015:
2 7 \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the DNR for the establishment of a new state park in Lyon County.

DETAIL: This is a new appropriation for FY 2015. Funding will be used for planning and land acquisition to establish the Good Earth State Park at Blood Run. Blood Run has been a national historic landmark covering 844 acres along the Big Sioux River in Iowa and South Dakota since 1970. The Iowa State Historical Society acquired a 230 acre tract in 1987. In a joint venture with South Dakota Total funding requested of the State is \$5,100,000 over two to three years.

2 8 d. For funding projects of the Iowa parks
2 9 foundation that support the centennial celebration of
2 10 state parks, notwithstanding section 8.57, subsection
2 11 5, paragraph "c":
2 12 FY 2014-2015:
2 13 \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the DNR for the Iowa Parks Foundation to promote parks in Iowa. This appropriation notwithstanding the definition of vertical infrastructure.

DETAIL: This is a new appropriation for FY 2015. Funding is provided for a Regional Parks pilot project to leverage the State funding with matching private, foundation, and local government funding between \$5,000,000 and \$10,000,000 in total project investment. Project funding is intended to pay for engineering and construction of park amenities like trails, shelters, silt basins, cabins and other infrastructure intended to improve utilization of parks at the State, county and city levels within each region.

2 14 6. DEPARTMENT OF PUBLIC DEFENSE
2 15 a. For major maintenance projects at national guard
2 16 armories and facilities:
2 17 FY 2014-2015:
2 18 \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Public Defense (DPD) for major maintenance projects at National Guard facilities throughout the State.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. State funds for FY 2015 will be matched one to one with federal funds for the first \$1,500,000. Funding above that level is matched with federal funds at a ratio of four to one. Therefore, the \$2,000,000 in State funds will draw down \$3,500,000. Funds provide major maintenance to the National Guard's readiness centers. Projects include roof repairs, upgrades to HVAC, electrical, and plumbing systems, additional classroom and office space, and other major maintenance and improvement projects at all 41 armories and other buildings maintained by the Iowa National Guard. The Iowa National Guard armories are facing a backlog of deferred maintenance and

equipment upgrade needs. Funding will be used for priority and emergency repairs first and begin to address the backlog per funding available.

2 19 b. For construction improvement projects for Iowa
 2 20 national guard installations and readiness centers to
 2 21 support operations and training requirements:
 2 22 FY 2014-2015:
 2 23 \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the DPD for modernization and improvement projects at National Guard readiness centers around the State.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. The modernization effort received \$1,800,000 each year from FY 2009 through FY 2012 and \$2,050,000 from the RIIF in FY 2013. State funds will be matched one to one with federal funds. The initial federal funds, known as "Murtha funds," were part of a one-time increase of \$94,900,000 made available through the federal FY 2008 Department of Defense Appropriation Act, HR 3222, to accelerate the modernization of critical operational and support facilities to ensure that readiness centers meet the State needs for emergencies as well as for federal U.S. Army missions. Funds from prior years improved readiness centers in Oelwein, Charles City, Perry, Audubon, Knoxville, Iowa City, Washington, Dubuque, Council Bluffs, and the Camp Dodge Joint Forces Miller Armory. The FY 2014 funds will be used for Mason City and Sioux City readiness centers for various improvements, including HVAC and electrical upgrades. The FY 2015 funding will be used for renovations of the facilities in Centerville and Carroll. All facilities will be upgraded with new, more efficient mechanical and electrical equipment, new windows and new finishes. All exteriors will be upgraded, improving parking, landscaping, and drainage where necessary.

2 24 c. For exhibits highlighting Iowans and their
 2 25 service at the gold star museum, notwithstanding
 2 26 section 8.57, subsection 5, paragraph "c":
 2 27 FY 2014-2015:
 2 28 \$ 250,000

Rebuild Iowa Infrastructure Fund appropriation to the DPD for improvements and upgrades at the Iowa Gold Star Museum located at Camp Dodge.

DETAIL: This is a new appropriation for FY 2015. The Iowa Gold Star Museum was established in 1985 and was originally located on the first floor of the Camp Dodge Memorial Building. In 1994 the museum was moved to the old headquarters building and in 2008, with a \$4,000,000 State appropriation, an 18,000 square foot addition was constructed. Opening in 2009, the museum is engaged in an ongoing effort to complete interpretive and interactive exhibits. This appropriation, part of \$2,700,000 project, will be used to further the completion of exhibit space at the museum by constructing new interactive displays and exhibitions within the gallery.

2 29 7. BOARD OF REGENTS
 2 30 a. For allocation by the state board of regents to

Rebuild Iowa Infrastructure Fund appropriation to the Board of Regents for the tuition replacement appropriation that pays debt service on

2 31 the state university of iowa, iowa state university of
 2 32 science and technology, and the university of northern
 2 33 iowa to reimburse the institutions for deficiencies
 2 34 in the operating funds resulting from the pledging of
 2 35 tuition, student fees and charges, and institutional
 2 36 income to finance the cost of providing academic and
 2 37 administrative buildings and facilities and utility
 2 38 services at the institutions:
 2 39 FY 2014-2015:
 2 40 \$ 29,735,423

academic revenue bonds.

DETAIL: This is an increase of \$1,867,648 compared to estimated FY 2014. The appropriation replaces student tuition and fees required to pay the debt service on academic revenue bonds authorized in prior fiscal years. Iowa Code chapter 262A, enacted in the 1969 Legislative Session, authorizes the sale of academic revenue bonds. The first academic revenue bonds were issued in 1970 and provided the primary source of funds for construction of academic facilities at the universities for several decades. The academic revenue bonds issued by the Board of Regents are secured by student tuition and fees and are considered independent and not part of State obligations. The State regularly provides this appropriation to the Board of Regents and pays most of the debt service on the academic revenue bonds through the appropriation process. The appropriation is not mandatory by statute, but the Board of Regents has previously indicated that without a tuition replacement appropriation, an aggregate increase of 5.00% in tuition across the universities would be required to pay the debt service. Therefore, the General Assembly provides the appropriation to keep tuition costs lower for students. The tuition replacement appropriation provides most of the annual debt service on the academic revenue bonds, but a portion of the debt service is paid from reserve fund interest.

Funding for tuition replacement has been provided for many decades. Until FY 2002, the appropriation was made solely from the General Fund. After FY 2002, a portion was funded from the General Fund and from the infrastructure-related funds such as the RIIF and the Restricted Capital Fund. From FY 2006 to FY 2008, funding for this appropriation was divided between the General Fund and the RIIF. Since FY 2009, the entire appropriation has been funded from the RIIF. The increase in FY 2014 and FY 2015, as compared to prior years, is due to the additional academic revenue bonds that are being issued in accordance with the authorization provided by the 2009 Legislative Session in SF 474 (Regents Bonding Act).

2 41 b. For costs associated with the renovation,
 2 42 modernization, and construction of a new addition at
 2 43 the pharmacy building at the state university of iowa:
 2 44 FY 2014-2015:
 2 45 \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the Board of Regents for planning, design, and renovation of the Pharmacy Building on the campus of the University of Iowa (UI).

DETAIL: This is a new appropriation for FY 2015. The present Pharmacy Building at the UI is comprised of two wings. While the 1996 tower remains in good condition, the 1961 wing is functionally and operationally obsolete, using 22% more energy than the energy used next least efficient building using gross square footage of building space. The demolition and replacement of the 1961 wing will eliminate \$18,000,000 in deferred maintenance and a net present value of

energy cost savings of as much as \$46,000,000 over the next 50 years.

The total cost of the new pharmacy building is estimated at \$96,300,000. A total of \$70,300,000 is requested of the State over a four-year period with the remainder raised through private contributions and other sources.

2 46 c. For the construction of a new facility and an
 2 47 addition, renovation, and modernization of current
 2 48 facilities and related improvements for biosciences at
 2 49 Iowa State University of Science and Technology:
 2 50 FY 2014-2015:
 3 1 \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the Board of Regents for planning, design and construction of the Biosciences Building on the Iowa State University (ISU) campus.

DETAIL: This is a new appropriation for FY 2015. Funds are appropriated to begin the construction of a new biosciences addition on to Bessey Hall and a new Advanced Teaching and Research Building on the campus of ISU. The project is a combination of both remodeling and new construction that replaces outdated buildings and increases instructional and research space, addressing needs in six academic departments. When completed a total of 142,000 square feet of additional classroom and laboratory space will have been added, along with 12,000 square feet of greenhouse space.

The project will also involve the demolition of as many as seven outdated buildings including Industrial Education II, the Genetics Building, and Insectary. Combined with renovation of existing space and repurposing of additional space, a total of \$6,000,000 in deferred maintenance can be eliminated.

The cost of the project is estimated at \$80,000,000. A total of \$55,000,000 is requested from the State over a four-year period with the remainder of \$25,000,000 raised through private donations and other sources.

3 2 d. For the renovation, modernization, and
 3 3 associated improvements to an educational center for
 3 4 teacher education and preparation at the University of
 3 5 Northern Iowa:
 3 6 FY 2014-2015:
 3 7 \$ 2,000,000

Rebuild Iowa Infrastructure Fund appropriation to the Board of Regents for planning, design, and renovation of the Schindler Education Center on the campus of the University of Northern Iowa (UNI).

DETAIL: This is a new appropriation for FY 2015. Funds are appropriated to begin the renovation of the 150,000 square foot Schindler Education Center. Schindler Education Center was opened in two sections, unit 1 was opened in 1972, and unit 2 in 1973. The mechanical and electrical systems are original to the building and require replacement. The renovated space will create classroom simulation spaces providing teacher candidates with space that can be modeled to similar to learning environments found in K-12 settings.

The cost of the project is estimated at \$32,900,000 all requested from

the State. This project will eliminate \$10,300,000 in deferred maintenance on the structure.

3 8	8. STATE FAIR AUTHORITY		
3 9	For infrastructure costs associated with renovations		
3 10	and improvements to the youth inn on the Iowa state		
3 11	fairgrounds:		
3 12	FY 2014-2015:		
3 13	\$	825,000
3 14	FY 2015-2016:		
3 15	\$	2,325,000

Rebuild Iowa Infrastructure Fund appropriation to the Iowa State Fair Authority for the renovation of the Youth Inn at the Iowa State Fairgrounds.

DETAIL: This is a new appropriation for FY 2015 and FY 2016. The Youth Inn was built in 1939, where 4-H and Future Farmers of America youths reside every year during the State Fair. Youths show livestock and participate in many other programs during the course of the State Fair. Funding will address improvements including: handicap accessibility to all areas and facilities, removal and replacement of the roofing system, removal and replacement of the mechanical system, dormitory rehabilitation, and the addition of a heating system so that the Youth Inn can be utilized throughout the year.

3 16	9. DEPARTMENT OF TRANSPORTATION		
3 17	a. For acquiring, constructing, and improving		
3 18	recreational trails within the state:		
3 19	FY 2014-2015:		
3 20	\$	3,000,000

Rebuild Iowa Infrastructure Fund appropriation to the Department of Transportation (DOT) for the State Recreational Trails Program.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. Funding has varied over the years. The Program received \$3,000,000 in FY 2014, FY 2013, and FY 2012 from the RIFF, but did not receive funding in FY 2011. In FY 2010, the Program received \$3,500,000, but a total of \$1,250,000 of that amount was earmarked for specific trails. In FY 2009, the Program received \$3,000,000, but a total of \$1,180,000 was designated to specific trails. In FY 2008, the Program received \$2,000,000 with \$415,000 designated to specific trails. When there are allocations for certain trails specified in session law, the grants do not go through the typical application and approval process by the Transportation Commission. For FY 2014, there were no specific allocations. The specific allocations made for the FY 2015 appropriations are identified below.

Funds for the Program are used for grants for statewide recreational trails. The trail system is approximately 1,505 miles, including multiuse trails and off-road paths. A local match of 25.00% is required in accordance with the Department administrative rules. Trails that receive funding must be maintained for public use for a minimum of 20 years. Applications for funding from the trails program are considered twice per year and are approved by the Transportation Commission. The FY 2014 funding provided grants for the Ankeny connector to High Trestle Trail, Bellevue Riverview trail, Decorah's Trout Run Trail to Prairie Farmer Recreational Trail connector, Farragut to Shenandoah Trail connection, Iowa Scenic River Trail, Pioneer Beach Road Trail, the Riverdale section of the Multiuse Mississippi River Trail, and the Raccoon River Valley Trail to High Trestle Trail connector.

3 21 b. For deposit in the public transit infrastructure
 3 22 grant fund created in section 324A.6A, for projects
 3 23 that meet the definition of "vertical infrastructure"
 3 24 in section 8.57, subsection 5, paragraph "c":
 3 25 FY 2014-2015:
 3 26 \$ 1,500,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for public transit infrastructure grants through the Public Transit Infrastructure Grant Fund.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. Funding has varied in recent years. For FY 2014, FY 2013 and FY 2012, funding levels were \$1,500,000 from the RIIF. The Program received \$2,000,000 from the RBC2 in FY 2011, \$1,250,000 in FY 2010 from the RIIF, and \$2,200,000 in FY 2009 from the RBC. The RBC funds were not available until FY 2010. Grants are provided for infrastructure-related projects at the 35 public transit agencies throughout the State. Transit agencies are eligible to apply for the grants that are approved through the Transportation Commission and the projects must meet the definition of vertical infrastructure. The State match requirement is up to 80.00%. Funds are used for capital projects such as new bus storage buildings, administrative buildings, maintenance facilities, storage buildings, reconstruction of steam cleaning areas, vehicle storage and wash bays, as well as replacing roofs or other improvements.

3 27 c. For infrastructure improvements at the
 3 28 commercial service airports within the state:
 3 29 FY 2014-2015:
 3 30 \$ 1,500,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for vertical infrastructure improvements at commercial service airports.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. For FY 2014, FY 2013, and FY 2012, the DOT received \$1,500,000 from the RIIF. The DOT received \$1,500,000 from the RBC2 for FY 2011. In FY 2010, the appropriation of \$1,500,000 came from the General Fund and was subject to the across-the-board reduction, so the amount was reduced to \$1,350,000. There are eight commercial service airports in the State. They are located in Burlington, Cedar Rapids, Des Moines, Dubuque, Fort Dodge, Mason City, Sioux City, and Waterloo.

The funds are distributed by a 50/40/10 formula. For this appropriation, \$750,000 will be allocated equally between each of the commercial service airports, \$600,000 will be allocated based on the percentage of enplaned passengers during the previous fiscal year, and \$150,000 will be allocated based on the proportion of air cargo tonnage at each airport during the previous fiscal year. Airports submit applications to the DOT Office of Aviation for specific projects that are approved by the Transportation Commission. No local match is required.

Projects must meet the definition of vertical infrastructure. Projects approved for commercial service airports with the FY 2014 funding include construction of a new terminal building at Dubuque Regional, construction of an aircraft maintenance building at Des Moines

International, roof replacements at Cedar Rapids Regional, hanger construction and rehabilitation at Sioux City Gateway, hanger rehabilitation at Waterloo Regional, hanger construction at Burlington Regional, and reconfiguration of the flight service station and hanger demolition at Fort Dodge Regional.

3 31 d. For infrastructure improvements at general
3 32 aviation airports within the state:
3 33 FY 2014-2015:
3 34 \$ 750,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for vertical infrastructure improvements at general aviation airports.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. General aviation vertical infrastructure projects receive State matching grants of up to 85.00% of the total project costs, and require a minimum level of \$5,000 in local match to be considered. Projects must meet the definition of vertical infrastructure. Eligible airports apply to the DOT Office of Aviation and projects are approved by the Transportation Commission. These grants are available only to general aviation airports. Of the 109 publicly owned airports in the State, 101 are general aviation airports that are eligible. According to the DOT, approximately 88.00% of all flights in Iowa are general aviation related. Projects approved for general aviation airports with the FY 2014 funding hanger construction at Ankeny Regional, Charles City Regional, and Emmetsburg Municipal. Projects also include hanger rehabilitation and renovation at Davenport, Fort Madison, Marshalltown, Red Oak, Webster City, and Ottumwa Airports.

3 35 e. For deposit in the railroad revolving loan and
3 36 grant fund created in section 327H.20A, notwithstanding
3 37 section 8.57, subsection 5, paragraph "c":
3 38 FY 2014-2015:
3 39 \$ 4,000,000

Rebuild Iowa Infrastructure Fund appropriation to the DOT for the Railroad Revolving Loan and Grant Program.

DETAIL: This is a new appropriation for FY 2015. The funds are used to provide grants and loans for construction and improvements to railroad facilities, such as railroad main lines, branch lines, switching yards, sidings, rail connections, intermodal yards, and highway grade separations. The Railroad Revolving Loan and Grant Program is geared toward job growth and economic development, so many of the grants have gone to construct spur lines that service ethanol and biodiesel plants. The Program has three eligible funding categories that include job creation, rail network improvement, and rail port planning and development. Industries, railroads, local governments, or economic development agencies are eligible to apply for grants and loans from the Program.

Funding has fluctuated over the last several years. The program received an appropriation of \$1,500,000 in FY 2013 from the RIIF and \$2,000,000 in FY 2012. The Program received \$2,000,000 in FY 2011 that was directed to the City of Davenport (Eastern Iowa Industrial Center) for a rail transload facility. In FY 2010, the appropriation was \$1,500,000 from the RIIF, with \$1,000,000 directed to replace the

railroad bridge in Waterloo that collapsed in the June 2008 floods.

In FY 2011, there was also an RBC2 appropriation of \$7,500,000 for rail improvements and rail ports with grants to local entities for the development of freight rail and industrial park facilities to foster economic development and encourage manufacturers to locate into Iowa. The funding was granted through the competitive grant process by the Transportation Commission and followed criteria under the Railroad Revolving Loan and Grant Program in addition to the criteria added to the RBC2 appropriation. Grants were awarded to Iowa City (Wind Energy Supply Chain Industrial Park), Sioux City (Southbridge Rail Yard), City of Clinton (Lincoln Way Rail Port), and Worth County (Manly Terminal Wind Rail Port) for rail port projects.

3 40 10. TREASURER OF STATE

3 41 For distribution in accordance with chapter 174 to

3 42 qualified fairs which belong to the association of Iowa

3 43 fairs for county fair infrastructure improvements:

3 44 FY 2014-2015:

3 45 \$ 1,060,000

Rebuild Iowa Infrastructure Fund appropriation to the Treasurer of State for distribution to county fair societies that belong to the Association of Iowa Fairs.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. Funds are used for vertical infrastructure improvements at the 105 county fairs in the Association. County fairs will receive approximately \$10,095 each. Examples of recent projects with the funding include renovations to sheep barns, grandstand roofs, offices, adding ADA compliant restrooms and showers, new hoop buildings, new cattle barns, repairs due to storm damage, new community centers and exhibit buildings, renovations to main auditoriums, and remodeling of horse barns.

3 46 #2. REVERSION. For purposes of section 8.33,

3 47 unless specifically provided otherwise, unencumbered

3 48 or unobligated moneys made from an appropriation in

3 49 this division of this Act shall not revert but shall

3 50 remain available for expenditure for the purposes

4 1 designated until the close of the fiscal year that ends

4 2 three years after the end of the fiscal year for which

4 3 the appropriation is made. However, if the project

4 4 or projects for which such appropriation was made are

4 5 completed in an earlier fiscal year, unencumbered or

4 6 unobligated moneys shall revert at the close of that

4 7 same fiscal year.

Requires nonreversion of the funds appropriated from the RIIF in Division I remain for four fiscal years.

DETAIL: Funds appropriated for FY 2015 will remain available for expenditure through FY 2018. Funds appropriated for FY 2016 will remain available for expenditure through FY 2019.

4 8 #11.

4 9 TECHNOLOGY REINVESTMENT FUND

4 10 #3. There is appropriated from the technology

4 11 reinvestment fund created in section 8.57C to the

4 12 following departments and agencies for the following

4 13 fiscal years, the following amounts, or so much

Division II appropriates a total of \$16,815,316 from the Technology Reinvestment Fund (TRF).

4 14 thereof as is necessary, to be used for the purposes
4 15 designated:

4 16 1. DEPARTMENT OF CULTURAL AFFAIRS

4 17 For providing a grant to a museum district for
4 18 Sullivan brothers veterans museum for costs associated
4 19 with the oral history exhibit including but not
4 20 limited to exhibit information technology, computer
4 21 connectivity, and interactive display technologies:

4 22 FY 2014-2015:
4 23 \$ 500,000

Technology Reinvestment Fund appropriation for FY 2015 to the Department of Cultural Affairs for distribution to the Grout Museum in Waterloo for the Sullivan Brothers Iowa Veterans Museum oral history collection.

DETAIL: This is a new appropriation for FY 2015. The Sullivan Brothers Iowa Veterans Museum is participating in the United States of America Vietnam War Commemoration scheduled for 2015-2017. Funding will be used to develop a virtual wall honoring lowans that died, or are still listed as POW/MIA. The virtual wall will be hosted on a website, Faces To Go With Names: Iowa's Fallen Vietnam Soldiers. A separate interactive exhibit including images and video will feature the role of the helicopter in Vietnam. During the 2012 Legislative Session, a total of \$279,450 over a two-year period was appropriated to develop an interactive oral history collection for units deployed in Iraq and Afghanistan. The Sullivan Brothers Iowa Veterans Museum received a total of \$986,250 in FY 2009 and FY 2010 from the Technology Reinvestment Fund for development of the Veterans oral history interactive exhibit. The additional funds will expand the oral history project to include the generation of veterans and civilian soldiers that have served since 2002. The Sullivan Brothers Iowa Veterans Museum received \$1,000,000 in FY 2006 from the RIIF for construction and site development of the veteran's oral histories exhibit.

4 24 2. DEPARTMENT OF EDUCATION

4 25 a. For maintenance and lease costs associated with
4 26 connections for part III of the Iowa communications
4 27 network:

4 28 FY 2014-2015:
4 29 \$ 2,727,000

Technology Reinvestment Fund appropriation to the Department of Education to pay the costs of maintenance and leases associated with Part III fiber connections for the ICN.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. The fiber optic cable for Part III sites is leased from the private sector from the vendors that installed the cable. The ICN administers leased digital data circuits to approximately 442 K-12 facilities and districts, libraries, and area education agencies (AEAs). According to the ICN, 82.9% of the total usage of video hours by K-12 facilities, AEAs, and libraries was provided through Part III sites. These leases and maintenance costs are a continuation of the Part III build-out project authorized during the 1995 Legislative Session. The funding is used for the leases and maintenance expenses. State funding draws down federal Universal Service Fund E-rate moneys that pay for the additional cost of leasing the data circuits. Total costs for the leases and maintenance for FY 2015 is estimated at \$3,647,000.

4 30 b. For the continued development and implementation

Technology Reinvestment Fund appropriation to the Department of

4 31 of an education data warehouse that will be utilized by
 4 32 teachers, parents, school district administrators, area
 4 33 education agency staff, department of education staff,
 4 34 and policymakers:
 4 35 FY 2014-2015:
 4 36 \$ 600,000

Education for development and implementation of a statewide education data warehouse.

DETAIL: Maintains the current level of funding compared to estimated FY 2014. The funds will support a statewide education data warehouse that is used in conjunction with system-wide improvements for education resources and accessibility of the resources. The data warehouse, known as EdInsight, is intended to create a combined education information system for teachers, parents, administrators, AEA staff, policymakers, and other staff. The purpose is to facilitate the flow of student transcript data between Iowa high schools and postsecondary institutions nationally, postsecondary institutions across the country, and to facilitate flow of student records among Iowa school districts. EdInsight is designed to provide tools to evaluate individual student and group performance over time. In addition, funds are used for the e-Transcript data system and for the development of a permanent repository for the records. The operation of the system, including ongoing licensing and fees, costs approximately \$1,000,000 annually. The Department pays \$400,000 of the cost with federal funding.

4 37 The department may use a portion of the moneys
 4 38 appropriated in this lettered paragraph for an
 4 39 e-transcript data system capable of tracking students
 4 40 throughout their education via interconnectivity with
 4 41 multiple schools.

Authorizes the Department of Education to use the funds from this appropriation for its e-transcript data system because both e-transcript and the data warehouse are components of a longitudinal data system that provides the ability to track students throughout their education via interconnectivity with multiple schools.

4 42 c. For the development of an automated workflow
 4 43 process for a program and common course numbering
 4 44 management system for community colleges:
 4 45 FY 2014-2015:
 4 46 \$ 150,000

Technology Reinvestment Fund appropriation to the Department of Education for a common course numbering management system.

DETAIL: This is a new appropriation for FY 2015. Funding will be used to maintain a cloud-based program and common course numbering management system. The system will be used for the State's approval process for community college programs, and will streamline an otherwise labor-intensive process and enhances collaboration and state oversight. This will be the first comprehensive curriculum network in the nation including all colleges and the state office and detailed program and course information.

4 47 d. To the public broadcasting division for the
 4 48 replacement of equipment and for tower and facility
 4 49 maintenance:
 4 50 FY 2014-2015:
 5 1 \$ 1,000,000

Technology Reinvestment Fund appropriation to the Iowa Public Television (IPTV) for equipment replacement and tower and facility maintenance.

DETAIL: This is an increase of \$40,000 compared to estimated FY 2014. According to the IPTV, with the conversion to digital broadcasting and digital equipment, stations moved from proprietary

hardware to commoditized hardware that runs specialized software bundled as systems. The useful life for the commoditized hardware is shorter, typically two to three years and serviceable for up to five or six years. Analog equipment typically had a 10-year useful life and is often serviceable up to 20 years. The IPTV evaluated the equipment and a plan for replacement based on the commoditized hardware life expectancy. The IPTV will review and update the plan each year to ensure replacements are made strategically. For FY 2015, the funding will include the following replacements: editing software and hardware; the image storage system; tower lighting at the Ft. Madison and Rock Rapids towers; the system controlling the monitors in Master Control; and the text-based video graphics in the studio and mobile unit. Funding will also be used to update the studio generator and replace the Program and System Information Protocol generator.

5 2 3. DEPARTMENT OF HUMAN RIGHTS
 5 3 a. For the cost of equipment and computer software
 5 4 for the implementation of Iowa's criminal justice
 5 5 information system:
 5 6 FY 2014-2015:
 5 7 \$ 1,300,000

Technology Reinvestment Fund appropriation to the Department of Human Rights (DHR) for continued development and implementation of the Criminal Justice Information System (CJIS).

DETAIL: This is a decrease of \$154,734 compared to estimated FY 2014. Funding levels have varied. In FY 2014 the CJIS project received \$1,454,734 and in FY 2013 CJIS received \$1,714,307 from the TRF. In FY 2012, the project received \$1,689,307. Total funding received between FY 2007 and FY 2009 was \$7,366,384. The CJIS will enable and facilitate the automated exchange of criminal justice information among local, State, and federal criminal justice agencies. This initiative is to develop a seamless, real-time, and electronic information sharing system for members of the criminal justice community in Iowa. Current collaboration with other criminal justice systems includes the County Attorney ProLaw Case Management and Judicial Dialog Case Management systems, Traffic and Criminal Software (TraCs) system, ICON, Iowa Online Warrants and Articles, Iowa Court Information system, and others. Funds are used for operation of the system, further development, information technology and network hosting, and software needed for the system.

The CJIS has a number of exchanges that are 100.00% implemented, meaning that the CJIS centralized computer system is fully programmed to receive and transmit information to be exchanged and that all possible state, local, and in some cases, federal agencies are actively sharing information through the CJIS system for that exchange. These exchanges include: the adult data warehouse; the juvenile data warehouse; protective orders; protective orders served; orders for presentence investigations; presentence investigation reports; National Instant Check System (NICS); OWI dispositions; sex offender address updates; and others.

5 8 b. For costs associated with the justice enterprise
 5 9 data warehouse:
 5 10 FY 2014-2015:
 5 11 \$ 314,474

Technology Reinvestment Fund appropriation to the DHR for the Justice Data Warehouse.

DETAIL: This appropriation will support the maintenance and hosting costs of the Teredata platform shared by the Division of Criminal and Juvenile Justice Planning (CJJP) and the Department of Revenue (DOR). The two entities have shared the platform since 1999 as the Enterprise Data Warehouse (EDW). Through the application the DOR operates the Tax Gap Analysis, a database that has generated millions of dollars in General Fund revenue. The CJJP and Department of Corrections (DOC) rely on the Justice Data Warehouse (JDW) for core data functions and daily processes to generate reports and statistics. The DOR purchased a new server in June 2013 and CJJP will be paying the expense of maintenance and hosting.

5 12 4. IOWA TELECOMMUNICATIONS AND TECHNOLOGY
 5 13 COMMISSION
 5 14 For replacement of equipment for the Iowa
 5 15 communications network:
 5 16 FY 2014-2015:
 5 17 \$ 2,245,653
 5 18 The commission may continue to enter into contracts
 5 19 pursuant to section 8D.13 for the replacement of
 5 20 equipment and for operation and maintenance costs of
 5 21 the network.

Technology Reinvestment Fund appropriation to the Iowa Telecommunication and Technology Commission (ITTC) for the replacement of equipment for the Iowa Communications Network (ICN).

DETAIL: This is a decrease of \$3,000 compared to estimated FY 2014. The FY 2014 appropriation was used to replace aging ICN voice equipment and add features such as caller ID, compliance with eDiscovery laws, and redundancy on the network. The ICN is seeking to provide unified communications features for agencies and will upgrade the equipment for that effort.

In addition, funds are used for upgrading to Internet Protocol (IP) video technology and offering a better quality video via an Internet Protocol option to existing educational users. This appropriation is also used as a required match for the State to continue to receive a Universal Service Fund E-rate video discount that is passed on to school districts and libraries. For FY 2013 and FY 2014, the federal E-rate funds are estimated at approximately \$1,200,000 to support video for schools and libraries. All public and private K-12 schools and libraries are eligible for Universal Service Fund discounts. The Department of Education applies for the E-rate funds on behalf of a statewide consortium in order minimize filing requirements for individual schools.

5 22 In addition to moneys appropriated in this
 5 23 subsection, the commission may use a financing
 5 24 agreement entered into by the treasurer of state in
 5 25 accordance with section 12.28 for the replacement
 5 26 of equipment for the network. For purposes of this
 5 27 subsection, the treasurer of state is not subject to
 5 28 the maximum principal limitation contained in section

Permits the ITTC Commission to continue to enter into contracts for the IP video technology and for operations and maintenance of the ICN. Authorizes the Commission to replace equipment for the backbone of the ICN through financing with the Treasurer of State. Specifies that the Treasurer of State is not subject to the maximum principal limitation of \$1,000,000 in accordance with Iowa Code section 12.28(6) for purposes of these costs. Requires repayment to be made

5 29 12.28, subsection 6. Repayment of any amounts financed
 5 30 shall be made from receipts associated with fees
 5 31 charged for use of the network.

from receipts associated with fees charged to use the ICN.

5 32 5. DEPARTMENT OF MANAGEMENT
 5 33 For completion of a comprehensive electronic
 5 34 management system:
 5 35 FY 2014-2015:
 5 36 \$ 100,000

Technology Reinvestment Fund appropriation to the DOM for Iowa's Electronic Grant Management System.

DETAIL: This is a new appropriation for FY 2015. An appropriation of \$125,000 from the TRF was provided in FY 2013 for the expansion of the IowaGrants.gov portal to additional State agencies for compliance with Iowa Code section 8.9. IowaGrants.gov provides a single portal for potential applicants to search for open solicitations for ongoing grant programs offered by State agencies. The portal tracks all grants applied for and received by State agencies. The IowaGrants.gov project received an FY 2009 grant from pooled technology funds (through the DAS) of \$455,000 and an FY 2011 grant of \$414,000 to implement the System. Full implementation is anticipated by December 2014. In August 2008, a six-year contract was signed with a cap of approximately \$1,400,000 for implementation. According to the DOM, the total cost of implementation is projected to be below the contract cap by an estimated \$300,000.

5 37 6. DEPARTMENT OF PUBLIC HEALTH
 5 38 For costs associated with the establishment of a
 5 39 data registry software system for the collection of
 5 40 data elements related to emergency management system
 5 41 services or hospital emergency care:
 5 42 FY 2014-2015:
 5 43 \$ 150,000

Technology Reinvestment Fund appropriation to the Department of Public Health (DPH) for an Emergency Medical Services Data System.

DETAIL: This is a new appropriation for FY 2015. Existing DPH rules require that a verified trauma care facility submit reportable patient data via electronic transfer or in writing to the Department. Data is to be submitted in a format approved by the Department. Statute requires the Department to prepare compilations for release or dissemination on all reportable patient data entered into the trauma registry during the reporting period. The compilations are to include, but not be limited to, trends and patient care outcomes for local, regional and statewide evaluations. The compilations are to be made available to all providers submitting reportable patient data to the registry.

The Department is required to collect the data and the current outdated and insufficient systems do not meet the needs of the health care community. There are currently two separate systems collecting trauma and EMS data, both more than a decade old. This new data collection system is intended to make the collection of data more efficient, supporting multiple new data submission platforms, improving quality assurance and information sharing by taking advantage of technologies not in place when the current systems were developed.

5 44 7. OFFICE OF THE CHIEF INFORMATION OFFICER
 5 45 For technology consolidation and technology
 5 46 improvement projects approved by the state chief
 5 47 information officer pursuant to chapter 8B:
 5 48 FY 2014-2015:
 5 49 \$ 7,728,189

Technology Reinvestment Fund appropriation to the Office of the Chief Information Officer (CIO) for technology consolidation and technology improvement projects.

DETAIL: Section 11 of this Bill strikes a previously enacted appropriation made to the DAS for the same purpose and instead appropriates that funding, plus an additional \$1,100,000, to the Office of the CIO for the same purpose. This appropriation will be used for projects approved by the CIO for desktop software, network hardware, security software, server software, software development, critical system upgrades, and other improvements to eliminate redundant capabilities, provide centrally located resources, improve IT security and data protection, and provide standardization across agencies.

5 50 #4. REVERSION. For purposes of section 8.33,
 6 1 unless specifically provided otherwise, unencumbered
 6 2 or unobligated moneys made from an appropriation in
 6 3 this division of this Act shall not revert but shall
 6 4 remain available for expenditure for the purposes
 6 5 designated until the close of the fiscal year that ends
 6 6 three years after the end of the fiscal year for which
 6 7 the appropriation was made. However, if the project
 6 8 or projects for which such appropriation was made are
 6 9 completed in an earlier fiscal year, unencumbered or
 6 10 unobligated moneys shall revert at the close of that
 6 11 same fiscal year.

Notwithstanding Iowa Code Section 8.33 allows carry forward of funds appropriated from the TRF in Division II for three fiscal years.

DETAIL: Funds appropriated for FY 2015 will remain available for expenditure through FY 2018.

6 12 #III.
 6 13 IOWA COMMUNICATIONS NETWORK — CONTRACTS
 6 14 #5. IOWA COMMUNICATIONS NETWORK —
 6 15 AUTHORIZATION FOR CONTRACTS. Pursuant to section
 6 16 8D.11, subsection 1, paragraph “a”, the general
 6 17 assembly authorizes the Iowa telecommunications
 6 18 and technology commission to enter into a contract
 6 19 or contracts in excess of the contract limitation
 6 20 amount established in section 8D.11, subsection
 6 21 1, paragraph “c”, for purposes of the commission’s
 6 22 network managed services request for proposals process.
 6 23 This authorization applies for the duration of the
 6 24 commission’s project and to all affected contracts
 6 25 associated with the project, whether or not the award
 6 26 is made to a single vendor or multiple vendors.

Division III provides authorization for the ICN to enter into contracts that are in excess of the limit established by Iowa Code section 8D.11 as adjusted by the director of the ICN. The limit may be adjusted by the director of ICN based on the Consumer Price Index - Urban as published in the federal register. The limit in place from September 1, 2013, through August 31, 2014, is \$2,245,308.

6 27 #IV.
 6 28 CHANGES TO PRIOR APPROPRIATIONS
 6 29 #6. 2007 Iowa Acts, chapter 219, section 2, as
 6 30 amended by 2011 Iowa Acts, chapter 133, section 32,

Division IV amends prior year appropriations by extending reversion dates, and amending previously enacted RIIF and TRF appropriations.

6 31 2012 Iowa Acts, chapter 1138, section 10, and 2013 Iowa
6 32 Acts, chapter 142, section 40, is amended to read as
6 33 follows:

6 34 SEC. 2. REVERSION.

6 35 1. Except as provided in subsection 2 and
6 36 notwithstanding section 8.33, moneys appropriated
6 37 for the fiscal year beginning July 1, 2007, in this
6 38 division of this Act that remain unencumbered or
6 39 unobligated at the close of the fiscal year shall not
6 40 revert but shall remain available for the purposes
6 41 designated until the close of the fiscal year that
6 42 begins July 1, 2010, or until the project for which
6 43 the appropriation was made is completed, whichever is
6 44 earlier.

6 45 2. a. Notwithstanding section 8.33, moneys
6 46 appropriated in section 1, subsection 1, paragraphs
6 47 "a" and "f" of this division of this Act that remain
6 48 unencumbered or unobligated at the close of the fiscal
6 49 year for which they were appropriated shall not revert
6 50 but shall remain available for the purposes designated
7 1 until the close of the fiscal year that begins July
7 2 1, ~~2013~~ 2014, or until the project for which the
7 3 appropriation was made is completed, whichever is
7 4 earlier.

7 5 b. The department of administrative services
7 6 is authorized to provide for the disposition and
7 7 relocation of structures located at 707 east locust
7 8 and 709 east locust, Des Moines, Iowa, in a manner as
7 9 deemed appropriate by the department. The disposition
7 10 of the structures, if possible, shall be completed in
7 11 a manner that reduces or eliminates the costs of the
7 12 state associated with the removal of the structures
7 13 from their current locations. Any amount received from
7 14 the disposition of the structures as permitted under
7 15 this section shall be retained by the department to pay
7 16 for improvement costs associated with the restoration
7 17 of the west capitol terrace. The department, if unable
7 18 to otherwise dispose of the structures, is authorized
7 19 to demolish the structures using other appropriate
7 20 funding available to the department.

7 21 ~~#7.~~ 2010 Iowa Acts, chapter 1184, section 12,
7 22 is amended to read as follows:

7 23 SEC. 12. REVERSION.

7 24 ~~1.—For~~ Except as otherwise provided in subsections
7 25 2 and 3, for purposes of section 8.33, unless
7 26 specifically provided otherwise, unencumbered or

CODE: Extends the reversion date for two appropriations to the DAS to June 30, 2015.

DETAIL: Paragraph "a" appropriated \$1,824,500 to the DAS for relocation expenses associated with moving state employees that were at the time located off of the Capitol Complex. Paragraph "f" appropriated \$1,600,000 to the DAS for development and construction associated with the West Capitol Terrace Project.

Both appropriations were to revert at the end of FY 2014. The amended language extends the reversion date to the end of FY 2015.

CODE: Extends the reversion date for appropriations made to the IEDA, the IFA, and the DOT.

7 27 unobligated moneys made from an appropriation in this
 7 28 division of this Act shall not revert but shall remain
 7 29 available for expenditure for the purposes designated
 7 30 until the close of the fiscal year that ends three
 7 31 years after the end of the fiscal year for which the
 7 32 appropriation was made. However, if the project or
 7 33 projects for which such appropriation was made are
 7 34 completed in an earlier fiscal year, unencumbered or
 7 35 unobligated moneys shall revert at the close of that
 7 36 same fiscal year.

7 37 2. For purposes of section 8.33, unencumbered or
 7 38 unobligated moneys from moneys appropriated in section
 7 39 10, subsection 2, paragraphs "a", "c", and "d", and
 7 40 subsection 4, paragraph "a", subparagraph (10), in this
 7 41 division of this 2010 Act shall not revert but shall
 7 42 remain available for the purposes designated until the
 7 43 close of the fiscal year that begins July 1, 2014, or
 7 44 until the projects for which the appropriations were
 7 45 made are completed, whichever is earlier.

CODE: Extends the reversion date for FY 2014 appropriations to the IEDA and the IFA until the close of FY 2015. Funding for the Community Attraction and Tourism grant program, the Accelerated Career Education program and the Mainstreet Iowa program at IEDA; and the funding to IFA for the disaster relief and mitigation renovation and construction projects, funded through the Iowa Jobs Board created in Iowa Code Section 16.191 are extended by one year.

7 46 3. For purposes of section 8.33, unencumbered or
 7 47 unobligated moneys from moneys appropriated in section
 7 48 10, subsection 7, paragraph "a", of this division
 7 49 of this 2010 Act shall not revert but shall remain
 7 50 available for the purposes designated until the close
 8 1 of the fiscal year that begins July 1, 2015, or until
 8 2 the project for which the appropriation was made is
 8 3 completed, whichever is earlier.

CODE: Extends the reversion date for a FY 2014 appropriation to DOT until the close of FY 2016. The appropriation was for the Rail Grants Program with a preference to communities whose economies had experience exceptional economic setbacks. The grants require a 50.00% local match. All four grant awards from the appropriation were for new projects requiring Right-of-Way acquisition, project design and approval, and construction documents and as a result extending the length of time required to complete the projects beyond the time allowed by the language as originally enacted.

8 4 #8. 2011 Iowa Acts, chapter 133, section 1,
 8 5 subsection 10, paragraphs c through f, as amended by
 8 6 2012 Iowa Acts, chapter 1140, section 15, are amended
 8 7 to read as follows:
 8 8 c. For projects for immediate fire safety needs
 8 9 and for compliance with the federal Americans with
 8 10 Disabilities Act, at the regents institutions:
 8 11 FY 2011-2012 \$ 2,000,000
 8 12 FY 2012-2013 \$ 2,000,000
 8 13 Of the amounts appropriated in this lettered
 8 14 paragraph, up to \$2,000,000 may be used to fund
 8 15 deductibles on property insurance and to provide
 8 16 the necessary match for funds which may be available
 8 17 from the federal emergency management agency for the
 8 18 cleanup, repair, and restoration of facilities at the

CODE: Deappropriates \$28,547,000 in previously enacted RIIF funding for FY 2015 for Board of Regents capital projects.

8 19 state school for the deaf and the lowa braille and
 8 20 sight saving school due to storm damage in the calendar
 8 21 year 2011, notwithstanding section 8.57, subsection 6,
 8 22 paragraph "c".

8 23 d. For construction, renovation, and related
 8 24 improvements for phase II of the agricultural and
 8 25 biosystems engineering complex, including classrooms,
 8 26 laboratories, and offices at lowa state university of
 8 27 science and technology:
 8 28 FY 2011-2012 \$ 1,000,000
 8 29 FY 2012-2013 \$ 19,050,000
 8 30 FY 2013-2014 \$ 21,750,000
 8 31 FY 2014-2015 ~~\$ 18,600,000~~
 8 32 0

CODE: Deappropriates \$18,600,000 in previously enacted RIIF funding for the Ag/Biosystems Engineering Complex at ISU.

8 33 e. For the renovation and related improvements to
 8 34 the dental science building at the state university
 8 35 of lowa including but not limited to renovation of
 8 36 clinical spaces and development of a multidisciplinary
 8 37 clinical area:
 8 38 FY 2011-2012 \$ 1,000,000
 8 39 FY 2012-2013 \$ 10,250,000
 8 40 FY 2013-2014 \$ 9,750,000
 8 41 FY 2014-2015 ~~\$ 8,000,000~~
 8 42 0

CODE: Deappropriates \$8,000,000 in previously enacted RIIF funding for the Dental Sciences Building at the U of I.

8 43 f. For renovation and related improvements for
 8 44 Bartlett hall at the university of northern lowa
 8 45 including providing faculty offices, seminar rooms,
 8 46 and laboratories in the building and the associated
 8 47 demolition of Baker hall:
 8 48 FY 2011-2012 \$ 1,000,000
 8 49 FY 2012-2013 \$ 7,786,000
 8 50 FY 2013-2014 \$ 10,267,000
 9 1 FY 2014-2015 ~~\$ 1,947,000~~
 9 2 0

CODE: Deappropriates \$1,947,000 in previously enacted RIIF funding for the renovation of Bartlett Hall at the UNI.

9 3 #9. 2011 lowa Acts, chapter 133, section 3,
 9 4 subsection 8, paragraph a, as amended by 2012 lowa
 9 5 Acts, chapter 1140, section 18, is amended to read as
 9 6 follows:
 9 7 a. For the provision of a statewide public safety
 9 8 radio network and the purchase of compatible radio
 9 9 communications equipment with the goal of achieving
 9 10 compliance with the federal communications commission's
 9 11 narrowbanding mandate deadline, and for achieving
 9 12 "interoperability", as defined in section 80.28:

CODE: Deappropriates a total of \$2,500,000 in unexpended TRF funds appropriated to the Department of Public Safety (DPS) for the statewide public safety radio network in FY 2013 and FY 2014.

DETAIL: Of the TRF appropriations made over three years, totaling \$7,500,000, the DPS has an unexpended balance of nearly \$2.800,000. The FY 2013 appropriation has an unexpended balance of \$1,900,000 and \$868,000 remains from the FY 2014 appropriation. The DPS has indicated the remaining balances will be used for emergency repairs to tower sites and the purchase of additional radios,

9 13	FY 2011-2012	\$ 2,500,000
9 14	FY 2012-2013	2,500,000
9 15		<u>700,000</u>
9 16	FY 2013-2014	2,500,000
9 17		<u>1,800,000</u>

repeaters, and other equipment.

9 18 Of the amounts appropriated in this lettered
 9 19 paragraph, the department of public safety may
 9 20 enter into a public-private partnership, through a
 9 21 competitive bidding process, for the provision of
 9 22 the statewide network and the purchase of compatible
 9 23 equipment.

9 24 As a condition of this appropriation, all land
 9 25 mobile radio communications equipment purchased by the
 9 26 department of public safety shall be compliant with
 9 27 the federal communications commission's narrowbanding
 9 28 mandate and shall provide the maximum amount of
 9 29 statewide coverage and interoperability, throughout
 9 30 all phases of migration, to the department of public
 9 31 safety's future statewide digital radio network
 9 32 utilizing P-25 standards.

9 33 On or before January 13, 2012, the department of
 9 34 public safety shall provide a report to the legislative
 9 35 services agency and the department of management.
 9 36 The report shall detail the status of the funds
 9 37 appropriated in this subsection and shall include
 9 38 the estimated needs of the departments of public
 9 39 safety, corrections, and natural resources to achieve
 9 40 interoperability and to meet the federal narrowbanding
 9 41 mandate, any changes in estimated costs to meet those
 9 42 needs, and the status of requests for proposals to
 9 43 develop a public-private partnership.

9 44 #10. 2012 Iowa Acts, chapter 1138, section 89,
 9 45 is amended to read as follows:
 9 46 SEC. 89. DEPARTMENT OF NATURAL RESOURCES —
 9 47 ECONOMIC EMERGENCY FUND. There is appropriated from
 9 48 the Iowa economic emergency fund to the department of
 9 49 natural resources for the fiscal year beginning July 1,
 9 50 2011, and ending June 30, 2012, the following amount,
 10 1 or so much thereof as is necessary, to be used for the
 10 2 purposes designated, notwithstanding section 8.55,
 10 3 subsection 1:
 10 4 For the repair of damages due to the flooding of the
 10 5 Missouri river during the calendar year 2011 in the
 10 6 Lewis and Clark, lake Manawa, and Wilson island state
 10 7 parks and recreation area:
 10 8

10 8	\$ 2,865,743
------	-------	--------------

10 9 For purposes of section 8.33, unless specifically

CODE: Extends the reversion date by one year for funding appropriated for the repair of damages caused by the 2011 flooding of the Missouri River to three state parks southwestern Iowa.

10 10 provided otherwise, unencumbered or unobligated
 10 11 moneys remaining from the appropriation made in this
 10 12 section shall not revert but shall remain available for
 10 13 expenditure for the purposes designated until the close
 10 14 of the fiscal year that ends ~~two~~ three years after the
 10 15 end of the fiscal year for which the appropriation is
 10 16 made. However, if the project or projects for which
 10 17 the appropriation was made are completed in an earlier
 10 18 fiscal year, unencumbered or unobligated moneys shall
 10 19 revert at the close of that same fiscal year.

10 20 #11. 2013 Iowa Acts, chapter 142, section
 10 21 1, subsection 1, paragraph a, is amended to read as
 10 22 follows:

10 23 a. For projects related to major repairs and major
 10 24 maintenance for state buildings and facilities:
 10 25 FY 2013-2014:
 10 26 \$ 4,000,000
 10 27 Of the amount appropriated in this lettered
 10 28 paragraph for the fiscal year beginning July 1, 2013,
 10 29 \$250,000 shall be allocated for the disposition and
 10 30 relocation of structures located at 707 east locust and
 10 31 709 east locust, Des Moines, Iowa.
 10 32 FY 2014-2015:
 10 33 \$ 44,000,000
 10 34 37,300,000

CODE: Amends the previously enacted FY 2015 appropriation to the DAS for major maintenance of state buildings and facilities.

DETAIL: This is an increase of \$23,300,000 over the previously enacted amount of \$14,000,000 that was appropriated in HF 638 during the 2013 Legislative Session. The level of funding for major maintenance has varied over the years. In FY 2013, the DAS received \$10,250,000 from the RIIF and House File 648 (Bond Repayment and Supplemental Appropriations Bill) provides a \$2,700,000 supplemental appropriation for FY 2013 from the General Fund for major maintenance. The DAS received a total of \$2,520,000 from the Revenue Bonds Capitals Fund (RBC) and Revenue Bonds Capitals II Fund (RBC2) for FY 2012; \$3,000,000 from the RBC for FY 2011; \$195,484 from the Restricted Capital Fund (RCF) for FY 2010; and \$2,000,000 from the RIIF and \$14,624,923 from the RBC for FY 2009. The FY 2009 appropriation from the RBC was not available until FY 2010 when the revenue bonds were issued. The last large influx of funding was in FY 2008, with \$40,000,000 from the Vertical Infrastructure Fund. House File 638 provided additional major maintenance funding of \$11,310,648 for FY 2014.

Major maintenance funds are used to correct deficiencies in State buildings and make a wide range of repairs. Twelve state agencies and divisions participate in the DAS Vertical Infrastructure Program. The Program includes approximately 900 buildings at more than 70 locations across the State, and approximately 12,000,000 square feet, representing approximately 20.00% of all State-owned buildings. Projects are ranked by priority order: threats to health, life, and safety; nonemergency repairs to prevent exponential damage; increasing or maintaining access in accordance with the Americans with Disabilities Act (ADA); scheduled maintenance in order to prolong the equipment or building life; projects to increase operational or energy efficiency; and demolition. Emergency repairs are made as needed and sometimes bump a lower priority project on the list when they arise. As of January 2014, the Program identified \$235,787,932 in major maintenance projects that remain unfunded, including \$2,060,000 in priority one (health, life, safety), and \$37,117,686 in priority two

(exponential damage).

Amends 2013 Iowa Acts, chapter 142, section 1 by adding a new subsection.

DETAIL: This is an FY 2014 supplemental appropriation to the DHS for funding of nursing home facility improvements. House File 638 (2013 Legislative Session) appropriated \$250,000 for nursing home facility improvements in FY 2014. However, the funding was item vetoed by the Governor.

CODE: Amends 2013 Iowa Acts, chapter 142, section 3, subsection 1 by striking the subsection.

DETAIL: The amended subsection appropriated \$6,613,663 to the DAS for information technology consolidation and improvement projects. This amount plus an additional \$1,114,526 is appropriated to the Office of the CIO for the same purposes in Section 3, subsection 9 of this Bill.

Division IV is effective on enactment.

Division V amends Iowa Code by repealing, amending, and creating standing appropriations, and changing the definition of "vertical infrastructure."

CODE: Adds "routine and recurring maintenance" to the definition of vertical infrastructure, and therefore, a qualified use of RIIF funding. Appropriations from the RIIF for routine maintenance will no longer require notwithstanding Iowa Code section 8.57. This paragraph was amended in prior years to include recreational trails and debt service payments on academic revenue bonds issued by the Board of Regents in the definition of vertical infrastructure.

10 35 #12. 2013 Iowa Acts, chapter 142, section 1, is
 10 36 amended by adding the following new subsection:
 10 37 NEW SUBSECTION 4A. DEPARTMENT OF HUMAN SERVICES
 10 38 For the renovation and construction of certain
 10 39 nursing facilities, consistent with the provisions of
 10 40 chapter 249K:
 10 41 FY 2013-2014:
 10 42 \$ 150,000

10 43 #13. 2013 Iowa Acts, chapter 142, section 3,
 10 44 subsection 1, is amended by striking the subsection.

10 45 #14. EFFECTIVE UPON ENACTMENT. This division
 10 46 of this Act, being deemed of immediate importance,
 10 47 takes effect upon enactment.

10 48 #V.
 10 49 MISCELLANEOUS CODE CHANGES

11 50 #15. Section 8.57, subsection 5, paragraph c,
 11 1 Code 2014, is amended to read as follows:
 11 2 c. Moneys in the rebuild Iowa infrastructure fund
 11 3 in a fiscal year shall be used as directed by the
 11 4 general assembly for public vertical infrastructure
 11 5 projects. For the purposes of this subsection,
 11 6 "vertical infrastructure" includes only land acquisition
 11 7 and construction; major renovation and major repair
 11 8 of buildings; routine, recurring maintenance; all
 11 9 appurtenant structures; utilities; site development;
 11 10 recreational trails; and debt service payments on
 11 11 academic revenue bonds issued in accordance with
 11 12 chapter 262A for capital projects at board of regents
 11 13 institutions. "Vertical infrastructure" does not
 11 14 include ~~routine, recurring maintenance~~ or operational
 11 15 expenses or leasing of a building, appurtenant
 11 16 structure, or utility without a lease-purchase

11 17 agreement.

11 18 ~~#16.~~ Section 8.57, subsection 5, paragraph f,
11 19 Code 2014, is amended to read as follows:
11 20 f. (1) (a) For the fiscal year beginning July
11 21 1, 2013, and for each fiscal year thereafter until
11 22 the principal and interest on all bonds issued by
11 23 the treasurer of state pursuant to section 12.87 are
11 24 paid, as determined by the treasurer of state, of the
11 25 wagering tax receipts received pursuant to sections
11 26 99D.17 and 99F.11, the first fifty-five million dollars
11 27 shall be deposited in the revenue bonds debt service
11 28 fund created in section 12.89, and the next three
11 29 million seven hundred fifty thousand dollars shall be
11 30 deposited in the revenue bonds federal subsidy holdback
11 31 fund created in section 12.89A.
11 32 (b) For the fiscal year beginning July 1, 2013,
11 33 and for each fiscal year through the fiscal year
11 34 beginning July 1, 2019, of the wagering tax receipts
11 35 received pursuant to sections 99D.17 and 99F.11, the
11 36 next fifteen million dollars shall be deposited in the
11 37 vision iowa fund created in section 12.72.
11 38 ~~—(c) For the fiscal year beginning July 1, 2013, and~~
11 39 ~~for each fiscal year thereafter until the principal and~~
11 40 ~~interest on all bonds issued by the treasurer of state~~
11 41 ~~pursuant to section 12.81 are paid, as determined by~~
11 42 ~~the treasurer of state, of the wagering tax receipts~~
11 43 ~~received pursuant to sections 99D.17 and 99F.11, the~~
11 44 ~~next five million dollars shall be deposited in the~~
11 45 ~~school infrastructure fund created in section 12.82.~~
11 46 ~~—(d) —(c)~~ For the fiscal year beginning July 1,
11 47 2013, and for each fiscal year thereafter, of the
11 48 wagering tax receipts received pursuant to sections
11 49 99D.17 and 99F.11, the next sixty-six million dollars
11 50 shall be deposited in the iowa skilled worker and job
12 1 creation fund created in section 8.75.
12 2 ~~—(e) —(d)~~ For the fiscal year beginning July 1,
12 3 2013, and for each fiscal year thereafter, the total
12 4 moneys in excess of the moneys deposited under this
12 5 paragraph “f” in the revenue bonds debt service fund,
12 6 the revenue bonds federal subsidy holdback fund, the
12 7 vision iowa fund, ~~the school infrastructure fund,~~
12 8 and the iowa skilled worker and job creation fund
12 9 shall be deposited in the rebuild iowa infrastructure
12 10 fund and shall be used as provided in this section,
12 11 notwithstanding section 8.60.
12 12 (2) For the fiscal year beginning July 1, 2013, and
12 13 for each fiscal year thereafter, if the total amount of

CODE: Eliminates the State Wagering Tax allocation of \$5,000,000 to the School Infrastructure Fund created in Iowa Code section 12.82.

DETAIL: The School Infrastructure Fund standing appropriation was provided from State Wagering Tax receipts for the retirement of school infrastructure bond debt. School infrastructure bonds were issued in 2001 in the amount of \$37,875,000 with a maturity date in 2021. School infrastructure bonds were defeased in the fall of 2013 and the standing appropriation is no longer needed.

12 14 the wagering tax receipts received pursuant to sections
 12 15 99D.17 and 99F.11, and to be deposited pursuant
 12 16 to subparagraph (1), subparagraph division (a), is
 12 17 less than the total amount of moneys directed to be
 12 18 deposited in the revenue bonds debt service fund and
 12 19 the revenue bonds federal subsidy holdback fund in the
 12 20 fiscal year pursuant to subparagraph (1), subparagraph
 12 21 division (a), the difference shall be paid from moneys
 12 22 deposited in the beer and liquor control fund created
 12 23 in section 123.53 in the manner provided in section
 12 24 123.53, subsection 3.

12 25 (3) For the fiscal year beginning July 1, 2013,
 12 26 and for each fiscal year thereafter, after the deposit
 12 27 of moneys directed to be deposited in the revenue
 12 28 bonds debt service fund and the revenue bonds federal
 12 29 subsidy holdback fund, as provided in subparagraph (1),
 12 30 subparagraph division (a), if the total amount of the
 12 31 wagering tax receipts received pursuant to sections
 12 32 99D.17 and 99F.11, and to be deposited pursuant to
 12 33 subparagraph (1), subparagraph ~~divisions~~ division
 12 34 (b) ~~and (e)~~, is less than the total amount of moneys
 12 35 directed to be deposited in the vision iowa fund ~~and~~
 12 36 ~~the school infrastructure fund~~ in the fiscal year
 12 37 pursuant to subparagraph (1), subparagraph ~~divisions~~
 12 38 division (b) ~~and (e)~~, the difference shall be paid from
 12 39 lottery revenues in the manner provided in section
 12 40 99G.39, subsection 3.

12 41 ~~#17.~~ Section 8.57C, subsection 3, paragraph a,
 12 42 Code 2014, is amended to read as follows:
 12 43 a. There is appropriated from the general fund of
 12 44 the state for the fiscal year beginning July 1, ~~2014~~
 12 45 2015, and for each subsequent fiscal year thereafter,
 12 46 the sum of seventeen million five hundred thousand
 12 47 dollars to the technology reinvestment fund.

CODE: Delays the funding of the TRF from the General Fund for one year. Funding from the General Fund will resume in FY 2016.

12 48 ~~#18.~~ Section 8.57C, subsection 3, Code 2014, is
 12 49 amended by adding the following new paragraph:
 12 50 NEW PARAGRAPH f. There is appropriated from the
 13 1 rebuild iowa infrastructure fund for the fiscal year
 13 2 beginning July 1, 2014, and ending June 30, 2015,
 13 3 the sum of sixteen million seven hundred twenty-five
 13 4 thousand dollars to the technology reinvestment fund,
 13 5 notwithstanding section 8.57, subsection 5, paragraph
 13 6 "c".

CODE: Appropriates \$16,725,000 from the RIIF to the TRF.

13 7 ~~#VL.~~
 13 8 STATUTE OF REPOSE PERIODS — IMPROVEMENTS TO REAL

CODE: Division VI amends Iowa Code section 614.1 regarding the statute of repose.

13 9 PROPERTY

13 10 ~~#19.~~ Section 614.1, subsection 11, Code 2014,

13 11 is amended to read as follows:

13 12 11. IMPROVEMENTS TO REAL PROPERTY.

13 13 a. RESIDENTIAL CONSTRUCTION. In addition to

13 14 limitations contained elsewhere in this section, an

13 15 action arising out of the unsafe or defective condition

13 16 of an improvement to ~~real property~~ residential

13 17 construction based on tort and implied warranty and

13 18 for contribution and indemnity, and founded on injury

13 19 to property, real or personal, or injury to the person

13 20 or wrongful death, shall not be brought more than

13 21 fifteen years after the date on which occurred the act

13 22 or omission of the defendant alleged in the action to

13 23 have been the cause of the injury or death. However,

13 24 this subsection does not bar an action against a person

13 25 solely in the person's capacity as an owner, occupant,

13 26 or operator of an improvement to real property.

13 27 b. NONRESIDENTIAL CONSTRUCTION. In addition to

13 28 limitations contained elsewhere in this section, an

13 29 action arising out of the unsafe or defective condition

13 30 of an improvement to nonresidential construction based

13 31 on tort and implied warranty and for contribution and

13 32 indemnity, and founded on injury to property, real or

13 33 personal, or injury to the person or wrongful death,

13 34 shall not be brought more than ten years after the date

13 35 on which occurred the act or omission of the defendant

13 36 alleged in the action to have been the cause of the

13 37 injury or death. However, this subsection does not

13 38 bar an action against a person solely in the person's

13 39 capacity as an owner, occupant, or operator of an

13 40 improvement to real property.

13 41 ~~#20.~~ Section 614.13A, Code 2014, is amended to

13 42 read as follows:

13 43 614.13A DEFINITIONS.

13 44 As used in this chapter, unless the context

13 45 otherwise requires,;

13 46 1. "book" "Book", "list", "record", or "schedule"

13 47 kept by a county auditor, assessor, treasurer,

13 48 recorder, sheriff, or other county officer means the

13 49 county system as defined in section 445.1.

13 50 2. "Nonresidential construction" means all other

14 1 construction that is not residential construction as

14 2 defined in subsection 3.

14 3 3. "Residential construction" means the same as

14 4 defined in section 572.1, subsection 10.

14 5 ~~#21.~~ APPLICABILITY. This division of this

14 6 Act does not apply to residential and nonresidential

DETAIL: This section amends Iowa Code section 614.1, subsection 11 to make a distinction between residential and nonresidential property and sets differing time limits for actions arising as a result of unsafe or defective conditions resulting from an improvement to the two types of property. The statute of repose for residential property remains at 15 years and is reduced to 10 years for nonresidential property. A statute of repose period differs from a statute of limitations period in that a statute of repose period establishes a time period after which a lawsuit based on negligence in an improvement to real property cannot be filed regardless of whether an injury to a person or to property has occurred. A statute of limitations period begins at the date of the injury or on discovery of the deficiency.

14 7 construction projects in existence prior to the
14 8 effective date of this division of this Act.
