The Iowa College Student Aid Commission is a state agency with a long-standing commitment to helping Iowans pursue education beyond high school. Established in 1963 by the Iowa General Assembly to implement the federal assistance program for construction of academic facilities provided by the Higher Education Act of 1963, the Iowa College Student Aid Commission now administers state scholarships, grants, and loan forgiveness programs; manages registration of postsecondary institutions; conducts research and distributes higher education data; offers Iowans assistance in obtaining student financial aid and college-related information; and provides outreach services to Iowa’s students and families as they explore, finance, and complete educational opportunities beyond high school.

The Iowa College Student Aid Commission works with all sectors of higher education and with the state’s K-12 system. A board of commissioners governs the operation of the commission. As specified by Iowa law, 15 commissioners are appointed to represent the Board of Regents, the Iowa Department of Education, Iowa independent colleges and universities, Iowa community colleges, each house of the General Assembly, Iowa parents of postsecondary students, Iowa postsecondary students, K-12 practitioners, and the general public. The Governor appoints those commissioners representing parents, students, K-12 practitioners, independent colleges, community colleges, and the general public. The Director of the Department of Education serves by virtue of office, and the Board of Regents appoints a representative. Four members are appointed by the General Assembly.

Scholarship, Grant, and Loan Repayment Programs – By providing Iowa students with more than \$90 million in Iowa general fund appropriations under need-based scholarship, grant, and loan repayment programs, the commission supports Iowans as they explore, finance, and complete educational opportunities beyond high school. The commission-administered programs provided more than 29,000 awards to Iowa students in fiscal year (FY) 2021. Scholarship and grant dollars assist students pursuing degrees at Iowa colleges and universities while loan repayment funds help repay outstanding federal student loan debts for Iowans employed in specified shortage areas.

- **Iowa Tuition Grant Program** – In 1969, the General Assembly established the Iowa Tuition Grant Program to provide financial assistance for Iowa students enrolled in Iowa’s independent colleges and universities. Funding for this program for FY 2022

Governor Terry E. Branstad Iowa State Fair Scholarship Program – In 1998, the General Assembly requested that the commission administer the Governor Terry E. Branstad Iowa State Fair Scholarship. Recipients receive one-time awards based on participation at the Iowa State Fair.

Postsecondary Registration – The commission is responsible for registering postsecondary institutions and other instructional schools under Iowa Code chapters 261B, 261G, and 714. Iowa Code chapter 261B requires a school to register if it conducts a program resulting in a postsecondary educational credential offered in Iowa, or if it has a presence in this state and offers a program resulting in a postsecondary educational credential in other states or foreign countries. Iowa Code chapter 261B allows Iowa colleges and universities to register if they want to participate in a commission-approved state authorization reciprocity agreement. Iowa Code section 714.18 requires every person, firm, association, or corporation that maintains or conducts in Iowa a postsecondary educational course, or solicits in Iowa the sale of such a course, to provide evidence of financial responsibility to the commission.

Training and Research – The commission provides training relating to state regulatory and compliance issues. The commission works with all sectors of higher education in Iowa and is uniquely positioned to provide unbiased information on a wide variety of topics related to higher education in Iowa. The commission collects and maintains data on state scholarships and grants, college costs, student loans, and Iowa postsecondary preparation. The data and reports are made available in the Higher Education Data Center on the commission’s Internet site.

Federal Family Education Loan Program (FFELP) – From 1979 to 2010, the commission insured more than \$7.2 billion in federal loans for Iowa students and parents. The Health Care and Education Reconciliation Act of 2010 (HCERA), which dealt with student loan reform, eliminated the commission’s authority to originate new loans through FFELP.

The Higher Education Loan Authority (HELA) was initially established for the purpose of financing education loans through the investment of private capital. In 1985, the Legislature expanded the function of the authority to finance the acquisition, construction, and renovation of educational facilities, structures, and equipment, and to refund, refinance, or reimburse outstanding indebtedness incurred by eligible Iowa independent institutions. In 1997, the Legislature amended and expanded the function of the authority for a project that is to be leased by the authority to an institution and to provide for loans in anticipation of the receipt of tuition by an institution. The Legislature also removed a restriction that HELA shall not have outstanding, at any given time, obligations issued in an aggregate principal amount exceeding \$150 million. In 2000, the Legislature provided that interest on obligations issued by the authority is exempt from state income tax and to authorize the authority to finance facilities that will be leased to institutions by a third party.
