Qijing Zhang, Associate Dean for Research and Graduate Studies,
College of Veterinary Medicine, Iowa State University

The Livestock Health Advisory Council (LHAC) was created in 1977 to strengthen Iowa's animal agriculture industry as a cooperative effort between Iowa livestock industry stakeholders, the state of Iowa, and the Iowa State University College of Veterinary Medicine. LHAC is funded through state-funded education appropriations. LHAC-funded research grants provide seed money to advance the health, well-being, and profitability of Iowa's \$32.6 billion livestock production industry. Research priorities are set by producers each year based on current challenges.
