The Iowa Law Enforcement Academy was created by action of the 62nd General Assembly in 1967 to maximize training opportunities for law enforcement officers, to coordinate training and to set standards for the law enforcement service, as provided for in Chapter 80B, the *Code of Iowa*.

The academy provides residential training sessions varying in length from 12-week basic certification courses to one-day specialty and in-service seminars. Academy sponsored and conducted training programs are held in the field as well as at the central facility at Camp Dodge.

Action taken by the 71st General Assembly assigned to the academy the responsibility of providing training to jailers in county jails and city holding facilities. In addition, the academy was given the responsibility for the administration of a program of psychological testing of applicants for law enforcement positions.

All reserve peace officers in the state who are granted authority by their jurisdiction to carry weapons must first be certified to do so by application to and approval of the Iowa Law Enforcement Academy Council.

The academy develops training programs, approves regional training programs, establishes hiring standards for peace officers and provides audio-visual resources to law enforcement training and educational institutions.

## **MANAGEMENT, DEPARTMENT OF**

*Gretchen Tegeler, director; State Capitol Building, Des Moines 50319; 515/281-3322*

The Department of Management was created in 1986 by the 71st General Assembly. The main functions include developing and coordinating long and short range planning, developing and recommending policy initiatives to meet Iowa's needs, and establishing budget oversight procedures that ensure Iowa's fiscal integrity.

There are four divisions: state budget, local budget, planning and policy development, and project management.

The department director is appointed by the governor, subject to confirmation by the Senate, and serves at the governor's pleasure. The director serves on various committees as directed by the governor and the General Assembly, including the School Budget Review Committee, the State Appeal Board, the Revenue Estimating Conference, and the Energy Fund Disbursement Council.

The department is responsible for coordinating state planning by developing a statewide strategic plan and a quarterly Issue Scan detailing the implication of emerging trends on state operations. Policies are recommended to the governor and the General Assembly, along with a continuing analysis of the quality and quantity of state services through the use of monthly performance-oriented "progress review" meetings with departments and the governor.

Budgetary duties include preparing the governor's annual budget for presentation to the legislature, drafting bills supporting the budget, and monitoring the use of appropriations granted through the legislative process. The department oversees the development and maintenance of state and local budgets, including cities, counties, and schools. It provides staff assistance to the City Finance Committee, and County Finance Committee. In addition, a liaison is provided with Iowa's Washington, D.C. State-Federal Relations Office concerning action that may be required on national issues affecting Iowa.

Other duties of the department include administering and promoting equal opportunity in all state contracts and services and prohibiting discriminatory and unfair practices within any program receiving or benefiting from state funding. It oversees and ensures compliance with affirmative action programs, state contracts and procurement goals associated with targeted small business.
