The Iowa Law Enforcement Academy was created by action of the General Assembly in 1967 to maximize training opportunities for law enforcement officers, to coordinate training, and to set standards for the law enforcement service, as provided for in Iowa Code chapter 80B.

The academy provides residential training sessions varying in length from 12-week basic certification courses to one-day specialty and in-service seminars. Academy-sponsored and academy-conducted training programs are held in the field as well as at the central facility at Camp Dodge.

In 1985 and 1986, the academy was given the responsibility for the administration of a program of psychological testing of applicants for law enforcement positions. In 1986 action taken by the

General Assembly assigned to the academy the responsibility of providing training to jailers of county jails and city holding facilities. Action by the General Assembly in 1996 placed with the academy the responsibility for providing training for telecommunicators.

All reserve peace officers in the state who are granted authority by their jurisdiction to carry weapons must first be certified to do so by application to and approval of the Iowa Law Enforcement Academy Council. The academy develops training programs, approves regional training programs, establishes hiring standards for peace officers, and provides audiovisual resources to law enforcement training and educational institutions.

Michael L. Fitzgerald, Treasurer of State Statutory

The Iowa Lottery Authority operates as a public enterprise based upon an entrepreneurial business model.

Some key phrases of purpose and intent were included in the legislation that created the Iowa Lottery Authority. In the legislation, the General Assembly declared that “[t]he state should create a public instrumentality of the state in the form of a nonprofit authority known as the Iowa Lottery Authority with comprehensive and extensive powers to operate a state lottery in an entrepreneurial and businesslike manner.” Another section of the legislation stated that “[l]ottery games shall be operated and managed in a manner that provides continuing entertainment to the public, maximizes revenues and ensures that the lottery is operated with integrity and dignity and free from political influence.”

The Iowa Lottery began operations in 1985 and is overseen by the Iowa Lottery Board and the lottery chief executive officer (CEO). The board and CEO establish the lottery’s budget and supervise and approve the activities of the lottery. Among the board and CEO’s duties are establishing policies for the operation of lottery games within the state; approving all contracts for operation of the lottery; and establishing rules as to the operations of specific games and lottery activities. The CEO and the five voting board members are appointed by the Governor and are subject to confirmation by the Senate. The Treasurer of State serves as an ex officio member of the board.
