The Iowa State Capitol Planning Commission was established by the 58th General Assembly in 1959 and is composed of legislators, residents of the state appointed by the governor, the director of the Department of General Services and the state architect. The commission's purpose is to advise on the location and architecture of buildings and on other aspects of the development of Iowa's state capitol grounds.

The commission was provided funds by the 60th General Assembly for planning future expansion and development of the statehouse grounds. A report of the commission's findings was submitted to the 61st General Assembly and adopted by the assembly as the "master plan and guide for future expansion and development of the state capitol grounds of the state of Iowa."

The 61st, 62nd, 63rd and 64th General Assemblies have appropriated funds to the commission to continue studying the expansion and development of the statehouse grounds. The 65th General Assembly in 1973 appropriated the sum of \$5,000,000 to be used for the construction of an additional office building to house various state agencies.
