Wallace State Office Building, Des Moines 50319; (515) 281-5851

James Gillespie, Director

The Soil Conservation Division is responsible for state leadership in the protection and management of soil, water, and mineral resources. The division also assists the soil and water conservation districts and private landowners in meeting agricultural and environmental protection needs. Division programs are carried out by Iowa's 100 soil and water conservation districts.

Environment First programs offered by the division include cost-share assistance for conservation practices, district initiatives, conservation buffer incentives, agriculture drainage well closure, watershed protection, the Iowa Conservation Reserve Enhancement Program, and the Integrated Farm/Livestock Management Demonstration Program.

The Mines and Minerals Bureau is also within the Soil Conservation Division and is responsible for an abandoned mined land reclamation program, a coal regulatory program, and registering mineral sites.
