

HEALTH FACILITIES DIVISION

Lucas State Office Building,
Des Moines 50319; (515) 281-4115
Dawn Fisk, Administrator

Health care professionals in the department’s Health Facilities Division inspect and license or certify under the Medicare and Medicaid programs and state law, more than 4,000 health care providers and suppliers in Iowa. Among those providers regulated by the division are nursing homes, residential care facilities, facilities for the developmentally disabled, assisted living programs, elder group homes, adult day services, hospitals, hospice agencies, end-stage renal disease units, ambulatory surgical centers, rural health clinics, rehabilitation agencies, psychiatric mental institutions for children, child-placing agencies, and boarding homes.

Survey teams from the division conduct on-site inspection at these facilities to assess the quality of care and services provided to clients, patients, residents, and tenants. If problems are discovered during an inspection, the division can initiate corrective or enforcement action to assure a facility’s compliance with state and federal requirements.

INVESTIGATIONS DIVISION

Lucas State Office Building,
Des Moines 50319; (515) 281-5714
Wendy E. Dishman, Administrator

The Investigations Division investigates alleged fraud in the state’s public assistance programs, including fraud by health care providers, and conducts professional practice investigations on behalf of state licensing boards. Through a review of applications for public assistance, the division can prevent the issuance of funds to ineligible individuals. In addition, when individuals fraudulently receive public assistance, the division initiates recovery actions to recoup the overpayments for the state.

Division employees perform expenditure audits of local Department of Human Services (DHS) offices to determine eligibility for federal fund reimbursement for operating expenses. These DHS audits also ensure compliance with applicable state and federal funding requirements. When conducting health care audits at residential care facilities, nursing facilities, and residential and intermediate care facilities for the intellectually disabled, DIA auditors protect residents by assuring that their personal funds are being properly maintained. Audit findings are also used to determine whether Medicaid reimbursement procedures meet all participation requirements.

Members of the Medicaid Fraud Control Unit (MFCU) investigate allegations of resident abuse in long-term care facilities and other entities that receive Medicaid reimbursements from Iowa and the U.S. government. In addition to addressing allegations of resident abuse, the MFCU also investigates Medicaid provider fraud throughout Iowa. MFCU staff also work with other federal and state law enforcement agencies in conducting joint investigations. When criminal charges are warranted, the MFCU refers such cases to local and federal prosecutorial authorities for criminal prosecution or appropriate civil litigation. The MFCU also has the ability and authority, when requested, to prosecute such cases.
