The General Assembly in 1965 authorized the establishment of a state system of preserves to maintain areas with unusual flora, fauna, geological, archaeological, scenic, or historical features as nearly as possible in their natural condition. The advisory board recommends dedication of certain areas as preserves, makes rules and regulations for their management, and recommends the inclusion of additional public or private lands in the preserves system. Preserve designation provides an area with the highest form of protection the state of Iowa offers for the public benefit.

The Board of Parole was established in 1907 by the General Assembly. The board consists of five members, and three alternate members, appointed to terms of four years by the Governor and subject to confirmation by the Senate and is supported by staff responsible for victim services, parole liaisons and investigators, and an administrative law judge. The board is directly responsible to the Governor. From those five members, the chairperson and vice chairperson of the board are selected by the Governor and may serve more than one term. A majority of the members of the board constitutes a quorum to transact business.

The board is charged with the responsibility to consider inmates for parole and work release, investigate parole and work release programs within the state of Iowa and nationwide, make recommendations to the Governor regarding clemency and commutation applications, and provide technical assistance related to the board's purposes to public and private entities. The board is required to review for release each inmate incarcerated in Iowa each year except those serving life sentences or sentences where a mandatory minimum term has not yet been served. The board utilizes evidence-based practices to assist in making release decisions and maintains a risk assessment protocol designed to help keep communities safe. The board may revoke and remand to prison any person it has released on parole for any reason it deems proper. It also retains the power to grant a final discharge to any parolee under the supervision of the eight judicial districts in Iowa, usually on the recommendation of the supervising officer.
