JOHNSON, Des Moines; director, Dept. of Natural Resources, Statutory

The 61st General Assembly in 1965 authorized the establishment of a state system of preserves to maintain areas with unusual flora, fauna, geological, archaeological, scenic, or historical features as nearly as possible in their natural condition. The advisory board will recommend dedication of certain areas as preserves, make rules and regulations for their management, and recommend the inclusion of additional public/private lands in the preserves system.

JACKLYN ROMP, Fayette; term expires 2001

CURTIS JENKINS, Des Moines; term expires 2001

ELIZABETH WALKER, Des Moines; term expires 2000

The Board of Parole was established in 1907 by the 37th General Assembly. The Board of Parole consists of five members appointed for terms of four years by the governor and subject to confirmation by the Senate. The board is responsible directly to the governor. From those five members, the chairperson of the board is selected by the governor and may serve more than one term. A majority of the members of the board constitute a quorum to transact business.

The board is charged with the duty of investigating and studying the cases of prisoners confined in the penitentiary and the men's and women's reformatories. The board is authorized to release on parole any prisoner, except those serving life terms and mandatory sentences, after serving the portion of the maximum term it deems proper. The board may revoke and remand to prison any person it has released on parole for any reason it deems proper. It also retains the power to grant a final discharge to any parolee under the supervision of the eight judicial districts in Iowa, usually on the recommendation of the supervising officer. The board is also charged with the responsibility of approving work release, making recommendations to the governor concerning executive clemency and conducting research and surveys relating to the effectiveness of the corrections system.
