The Iowa State Board of Health is the policy-making body for the Iowa Department of Public Health, has the powers and duties to adopt, promulgate, amend and repeal rules and regulations, and advises or makes recommendations to the governor, General Assembly, and the director of Public Health relative to public health, hygiene, and sanitation. Under the direction of the director, the Iowa Department of Public Health exercises general supervision of the state's public health; promotes public hygiene and sanitation; and, unless otherwise provided, enforces law relating to public health. The department's programs are conducted through four major divisions and the Office of Health Planning.

Planning and Administration, Division of

David Fries, director; Lucas State Office Building, Des Moines 50319; 515/281-5604

The Division of Planning and Administration provides administrative support to the department including fiscal management, health planning, administrative rules, office services, health delivery systems, computer management, special projects, information management, purchasing, statistical services, and personnel documents processing. It also administers the vital records section, which is responsible for the registration and issuance of birth, death, marriage, and other confidential records in accordance with Chapters 22 and 144, *Code of Iowa*. The Certificate of Need Program is in the division as well as the Chronic Renal Disease Program.

Professional Licensure

Boards of health-related examiners, appointed by the governor, are administratively placed in the Professional Licensure division.

The following boards receive administrative support from the Professional Licensure Division.
