The Juvenile Justice Advisory Council was established to stimulate efforts to bring Iowa into compliance with the mandates of the federal Juvenile Justice and Delinquency Prevention Act of 1974 and to administer the funds coming to the state as provided in the act.

The Juvenile Justice Advisory Council administers the act which:

1. prohibits placing status offenders or non-offenders in secure detention or correctional facilities.
2. prohibits confining juvenile delinquents with adult offenders.
3. prohibits detaining juveniles in adult jails and lock-ups.
4. requires efforts to reduce the proportion of juveniles detained or confined in secure facilities who are members of minority groups, if such proportion exceeds the proportion such groups represent in the general population.

The council supports community-based services, coordination, and prevention efforts.

The act requires that the council have representatives of private organizations concerned with family strength; volunteer organizations; community-based treatment programs; businesses employing youth; youth workers with alternative youth programs; and expertise in the problems of the family, school violence, vandalism, and learning disabilities. At least one fifth of the membership is to be under the age of 24.

The duties of the commission include cooperating with the public and private agencies to assist them in identifying the needs of the deaf community and providing and/or coordinating services to meet those needs. Some of those services include interpreting services, advocacy and consultation services, referral to community resources, legislation development, and collecting and disseminating information regarding deafness through comprehensive library services, and other forms of public contact.
