

Owners of petroleum-contaminated property or former underground storage tank owners may contact the board to pursue any potential benefits available to them. Additionally, board statutes grant benefits to governmental subdivisions that acquire former UST sites pursuant to eminent domain. Counties are also eligible for benefits for properties they acquire through delinquent taxes.

The board works closely with DNR to coordinate assessment and corrective action at eligible claimant sites. DNR provides the final word for what must occur to reach "No Action Required" status, and the board has the decision of what activities will be reimbursable as benefits. The board preapproves all costs prior to the commencement of the activities at an eligible site.
