The State Records Commission, established in 1974 under legislation enacted by the 65th General Assembly, is responsible for the management of state records. All executive departments, offices, commissions and boards, with the exception of the highway division of the Iowa Department of Transportation and the agencies and institutions under the control of the State Board of Regents, are subject to the policies and provisions of the commission's records management program, as documented in the State Records Management Manual. The highway division of the Department of Transportation and the State Board of Regents are required to obtain State Records Commission approval of the administrative rules documenting the respective records management programs of those agencies.

Specific duties of the State Records Commission include the determination of those records of sufficient administrative, legal, fiscal, research or historical value to warrant continued preservation; the determination of those records of no further administrative, legal, fiscal, research or historical value, to be disposed of or destroyed; the establishment of a system for the protection and preservation of records essential for the continuity or re-establishment of governmental function in the event of an emergency arising from enemy action or natural disaster; the approval of the purchase of records storage equipment and supplies by state agencies; and the approval of the purchase of records duplicating or microfilming equipment and supplies by state agencies.

The Records Management Division of the Department of General Services provides administrative support to the State Records Commission. The division reviews records-related systems within the state agencies, and provides to the Records Commission recommendations for changes necessary to assure maximum efficiency and economic use of equipment and procedure. In addition, the Records Management Division functions as a liaison on behalf of the State Records Commission, and implements the directives, policies and decisions of the commission as applied to the state agencies.
