The Iowa Law Enforcement Academy was created by action of the 62nd General Assembly in 1967 to maximize training opportunities for law enforcement officers, to coordinate training and to set standards for the law enforcement service, as provided for in Chapter 80B, the *Code of Iowa*.

The academy provides residential training sessions varying in length from 12-week basic certification courses to one day specialty and in-service seminars. Academy sponsored and conducted training programs are held in the field as well as at the central facility at Camp Dodge.

Action taken by the 71st General Assembly assigned to the academy the responsibility of providing training to jailers in county jails and city holding facilities. In addition, the academy was given the responsibility for the administration of a program of psychological testing of applicants for law enforcement positions. Action by the 76th General Assembly placed with the Academy responsibility for providing training for telecommunicators.

All reserve peace officers in the state who are granted authority by their jurisdiction to carry weapons must first be certified to do so by application to and approval of the Iowa Law Enforcement Academy Council. The academy develops training programs, approves regional training programs, establishes hiring standards for peace officers and provides audio-visual resources to law enforcement training and educational institutions.
