This nine-member commission was created in 1967 by the Professional Teaching Practices Act, membership thereupon being determined by appointment by the governor. The term of each agency member is three years, with discretionary eligibility for one further such term. Statutory composition requires four classroom teachers, three school administrators, one from an Iowa facility engaged in teacher preparation and one from the Department of Public Instruction. The overall purpose of the commission is to promote high-quality professionalism among the teaching profession in Iowa. This purpose is facilitated by performing the two major functions assigned by statute: first, the adoption of criteria of professional practices in areas such as ethics and competency to govern members of the teaching profession. Secondly, to adjudicate, via due process hearings, issues of alleged criteria violations. Where, following a hearing, the agency determines criteria violations it possesses jurisdiction to reprimand or warn the teaching profession member and, in an appropriate case, may take action toward the suspension or revocation of the teaching certificate. The agency also functions in relation to local contract termination proceedings involving school administrators.
