Donna Mueller, Chief Executive Officer.....	April 30, 2012

The Iowa Public Employees' Retirement System (IPERS) and the IPERS Trust Fund are established in Iowa Code chapter 97B. IPERS was created in 1953 to replace the Iowa Old-Age and Survivors' Insurance System. IPERS is intended to provide public employees a core pension that is complemented by social security benefits and personal savings. A defined benefit plan, IPERS provides lifetime benefits determined by a member's years of service, high three-year average covered wage, and a formula multiplier. Members must complete four or more years of service or turn age 55 while contributing to IPERS to qualify for a lifetime benefit.

IPERS is an independent agency within the executive branch of state government. The General Assembly and the Governor, as creators of the plan, are the plan sponsors and determine who is covered by the plan, the benefits offered, and how the plan is funded. Public employees contribute during their working career for their own future retirements. Benefits are funded entirely by contributions from employees and their employers, and investment earnings.
