

medical clinics, assessment of vaccination levels in Iowa children and conducting emergency clinics for outbreak control. An active disease control program is also provided for all other diseases of public health importance, including hospital acquired infections. These programs involve active monitoring of disease occurrence, case investigation, and consultation in diagnosis, treatment and control. Environmental health activities of the division focus on mobile home park inspections, enforcement of USPHS milk standards, community swimming pool maintenance, publication of state plumbing code and investigation of various environmental problems. A program to license and inspect diagnostic radiation equipment is operational coupled with initiatives to investigate work related disease and product safety. The division manages an expanding program of personal health promotion related to lifestyle changes and provides management assistance for refugee health problems.

Boards of Examiners

Appointed by the governor. The Iowa State Department of Health provides administrative support and a large variety of services to all boards through the Licensing and Certification Section, a unit within the Office of External Affairs.
