The Iowa Comprehensive Petroleum Underground Storage Tank (UST) Fund Board was created in 1989 with several goals. These goals were to create adequate and reliable financial assurance for the costs of cleanup on preexisting (prior to October 26, 1990) releases of petroleum from underground storage tanks, create a financial responsibility assurance mechanism (insurance) to pay for future releases, minimize societal costs and environmental damage, maintain Iowa's rural petroleum distribution network, and finally to serve as an interim measure. The payment for releases preexisting on October 26, 1990, is the remaining goal to be met.
