

Chapter 97C, Code of Iowa and Title II of the federal social security act extend the protections and benefits of the federal social security act to employees of the state and its political subdivisions. In administering this program, the Iowa Employment Security Commission is responsible for requiring the filing of social security wage reports and for collecting social security taxes from the State of Iowa and its political subdivisions.

The commission has recently been given added responsibilities under federal legislation including the area redevelopment act, the manpower development and training act, the trade expansion act and the public works acceleration act.

The State Board of Engineering Examiners was created by the Thirty-eighth General Assembly in 1919. No person can practice professional engineering or land surveying without first being registered with this board. The board meets from time to time and conducts examinations of applicants for registration.

The law provides that the membership of the board shall consist of five members who shall be appointed by the governor. Each member of the board shall be a professional engineer at least 35 years of age and shall have been a resident of this state for at least three years immediately preceding his appointment and shall have had at least ten years active practice preceding his appointment and during such time shall have had charge of engineering work as principal or assistant for at least two years, and shall be a member in good standing of a recognized state or national engineering society. No two members of said board shall be from the same branch of the profession of engineering.
