Diane Ford, designee of Director, Department of Natural Resources		Statutory

The General Assembly in 1965 authorized the establishment of a state system of preserves to maintain areas with unusual flora, fauna, geological, archaeological, scenic, or historical features as nearly as possible in their natural condition. The advisory board recommends dedication of certain areas as preserves, makes rules and regulations for their management, and recommends the inclusion of additional public/private lands in the preserves system. Preserve designation provides an area with the highest form of protection the State of Iowa offers for the public benefit.
