Early Childhood Iowa (ECI) was established to create a partnership between communities and state government departments (Iowa Economic Development Authority, Education, Human Rights, Human Services, Public Health, Management, and Workforce Development). This partnership serves as a catalyst to integrate and coordinate an early care, health, and education network of systems for children from birth through age five and their families.

The ECI State Board sets goals to empower communities to achieve desired results, develop collaboration to support an early care system, and advocate for public engagement. The board's role includes providing oversight, tracking, and reporting of the data on early childhood results and indicators; advocacy; and public awareness of the importance of early childhood issues. Current members of the ECI State Board include department directors for six state agencies, four legislators, and citizens. The ECI State Board is responsible for early childhood system development and the funding streams over which it has authority.

Thirty-nine early childhood areas operate throughout the state, representing all 99 counties. Each area has a citizen-led board to support activities to promote collaboration and develop systems in the community for young children and their families.
