The Capitol Planning Commission was established by the General Assembly in 1959, and is composed of legislators, citizens of Iowa appointed by the Governor, and the Director of the Department of Administrative Services or the Director's designee. The commission's purpose is to provide advice regarding the location and architecture of buildings and other aspects of the development of the State Capitol grounds.

The Iowa Vertical Infrastructure Advisory Committee was established by Governor Thomas Vilsack's Executive Order Number 3 in February 1999 to oversee the inventory and assessment of state buildings and to make recommendations annually to the Governor regarding the use of appropriated funds.

The 69<sup>th</sup> General Assembly created the Terrace Hill Commission (formerly the Terrace Hill Authority) in 1982. The commission consists of eight persons appointed by the Governor who are knowledgeable in business management and historic preservation and renovation, and the First Lady. The terms of the commission members are for three years beginning on July 1 and ending on June 30.

Terrace Hill was given to the state of Iowa by the Hubbell family in 1971. The Terrace Hill Commission was established to administer Terrace Hill. The commission, acting through the Terrace Hill administrator, manages the entire Terrace Hill facility, including buildings and grounds; continues the ongoing preservation and renovation of this historic site; maintains Terrace Hill as the Iowa Governor's official residence and as a place for official state functions; and oversees the conducting of public tours. As a governing body, the commission may consult with the Terrace Hill Society, the Terrace Hill Foundation, the executive and legislative branches of this state, and other persons interested in the property.

### INFORMATION TECHNOLOGY ENTERPRISE

*Hoover State Office Building, Des Moines 50319; (515)281-3462*

John Gillispie, Chief Operating Officer

The Information Technology Enterprise provides leadership for enterprisewide information technology (IT) service delivery. The primary objective of the office is to centrally focus IT initiatives, activities, and direction for the state. Additionally, the chief operating officer is the senior administrator of the Information Technology Enterprise (ITE) within the Department of Administrative Services. ITE functions as an information technology service division, providing services to various state governmental entities. ITE is the sole provider of information technology utility services to the executive branch of government, and is a provider of competitive marketplace services as well. ITE is comprised of the following bureaus — Information Security Office, Infrastructure Services, Applications and Electronic Government Services, and Integrated Information for Iowa (I/3).

**Information Security Office** – *Greg Fay, Information Security Officer; Hoover State Office Building, Level B, Des Moines 50319; (515) 281-4820*

The Information Security Office provides information security guidance and technical support to state agencies and others. It maintains and enforces the enterprisewide information security operating standards; performs security audits and assessments of public sector information systems; provides information security training; and provides emergency response services in the event of security incidents.

**Infrastructure Services** – *Lorrie Tritch, Administrator; Hoover State Office Building, Level B, Des Moines 50319; (515) 242-5898*

The Infrastructure Services Bureau is responsible for the operation of two data centers (primary site and a disaster recovery backup site), mainframe processing, enterprise storage services, print services, server hosting, networking, desktop support, and service desk/help desk support, and providing high-quality information technology technical consulting services.

**Applications and Electronic Government Services** – *Mark Uhrin, Administrator; Hoover State Office Building, Level B, Des Moines 50319; (515) 281-5818*

The Applications and Electronic Government Services Bureau manages application systems programming and development staff to support the program systems of enterprise and executive agencies; develops and maintains the systems that provide citizens and businesses electronic access to state government services and resources; and manages the IT training area and the database/data warehouse area to provide innovative technical support to state agencies and citizens.
