

state laws and administrative rules governing licensure and the practice of medicine and surgery, osteopathic medicine and surgery, osteopathy, and registered acupuncturists.

The board administers Step 3 of the United States Medical Licensing Examination (USMLE) to both allopathic (M.D.) and osteopathic (D.O) physicians twice annually. The board also determines the eligibility of physicians for licensure by endorsement of examination scores, and issues resident physician licenses, as well as temporary and special licenses.

The board is empowered with the duty and responsibility of licensure discipline, which involves the investigation of complaints, review of evidence, initiation and prosecution of disciplinary proceedings, and imposition of license discipline. The board may, if necessary, petition the District Court for enforcement of its authority. The board registers and establishes peer review committees to investigate and report on the evaluation of certain complaints or other evidence of acts or omissions possibly constituting cause for licensee discipline. The board issues license renewals, certifications for licensure in other jurisdictions, and determines requirements for continuing medical education.

The board reviews and investigates professional liability claims filed against its licensees, including medical malpractice suits, to determine if the acts from which the claims were filed involved the violation of statutes, rules, or standards of practice.

The board is responsible for evaluating applications and issuing certificates of registration to qualified acupuncturists. Persons who hold a valid Iowa license to practice medicine and surgery, osteopathic medicine and surgery, chiropractic, podiatry, or dentistry may engage in the practice of acupuncture without registration issued by the board.

The Iowa Commission of Pharmacy originated on April 23, 1880, at the direction of the Executive Department. The commission then perfected an organization known as the State Board of Pharmacy on May 5, 1880. The board was composed of three members. At this time, through the Pharmacy Act under Chapter 75, the newly formed board developed a set of standards for individuals to be qualified as pharmacists by examination. Thus, the Board of Pharmacy came into being for the protection of public health, welfare, and safety.

The present board consists of seven members - five professional members and two representatives of the general public. They are all appointed by the governor for three-
