MEDICAL EXAMINERS BOARD

§147.12, 147.14(2)

400 Southwest Eighth Street, Suite C, Des Moines 50309-4686; (515)281-5171

Ann E. Mowery, Executive Director

The Board of Medical Examiners was created by the General Assembly in 1886. The Board of Osteopathic Examiners was established in 1907. These two agencies became a composite Board of Medical Examiners by action of the General Assembly in 1963. Board members are appointed by the Governor for three-year terms, with confirmation by the Senate. The board meets nine times annually and is responsible for administering and enforcing state laws and administrative rules governing the licensure and practice of medicine and surgery, osteopathic medicine and surgery, osteopathy, and registered acupuncturists.

The board administers Step 3 of the United States Medical Licensing Examination to both allopathic (M.D.) and osteopathic (D.O.) physicians twice annually. The board also determines the eligibility of physicians for licensure by endorsement of examination scores, and issues resident physician licenses, as well as temporary and special licenses.

The board is empowered with the duty and responsibility of licensure discipline, which involves the investigation of complaints, review of evidence, initiation and prosecution of disciplinary proceedings, and imposition of license discipline. The board is authorized to operate the Impaired Physician Review Committee, a voluntary program for monitoring recovery/rehabilitation of impaired physicians. The board may, if necessary, petition the district court for enforcement of its authority. The board registers and establishes peer review committees to inves-

tigate and report on the evaluation of certain complaints or other evidence of acts or omissions possibly constituting cause for licensee discipline. The board issues license renewals and certifications for licensure in other jurisdictions and determines requirements for continuing medical education.

The board reviews and investigates professional liability claims filed against its licensees, including medical malpractice suits, to determine if the acts from which the claims were filed involved the violation of statutes, rules, or standards of practice. The board is responsible for evaluating applications and issuing certificates of registration to qualified acupuncturists. Persons who hold a valid Iowa license to practice medicine and surgery, osteopathic medicine and surgery, chiropractic, podiatry, or dentistry may engage in the practice of acupuncture without registration issued by the board.

The Iowa Commission of Pharmacy was organized in 1880 under the direction of the Executive Department and established the State Board of Pharmacy the same year.
