The Board of Parole was established in 1907 by the 37th General Assembly.

The Board is charged with the duty of investigating and studying the cases of prisoners confined in the penitentiary and the men's and women's reformatories and is authorized to release on parole any prisoner, except those serving life terms, after serving the portion of the maximum term it deems proper. On July 1, 1968, the supervision of parolees and probationers was delegated by statute to the Department of Social Services. However, the board may revoke and remand to prison any person it has released on parole for any reason it deems proper. It also retains the power to grant a final discharge to any parolee or probationer under the supervision of the Bureau of Community Correction Services of the Department of Social Services, usually on the recommendation of the supervising officer.

The board also serves in an advisory capacity to the Governor, since under the law all applicants for restoration of citizenship rights, pardons, or commutations, in felony cases, must be referred to the board by the Governor for study and recommendation before he may act upon them. By statute, each member serves as chairman during the last two years of his appointment.

The Iowa Commission of Pharmacy was originated April 23, 1880, at the direction of the state Executive Department. The commission then perfected an organization known as the State Board of Pharmacy, May 5, 1880. This Board was composed of three members. At this time, through the Pharmacy Act under Chapter 75, the newly formed Board developed a set of standards for individuals to be qualified as pharmacists by examination. Thus, the Board of Pharmacy came into being for the protection of public health, welfare and safety.
